Twenty-eight Others Elected to Student Volunteer Convention

Dr. George F. Kay, dean of the college of liberal arts, will be the faculty delegate to the student volunteer convention to be held in Des Moines from December 31 to January 2, according to the report of the convention committee that met Friday evening at the Y. M. C. A. rooms.

The committee hopes to have another faculty representative at the convention.

The list of student delegates and University representatives will be completed Wednesday noon, November 10, when the delegates will be elected at the Y. M. C. A. rooms.

The convention committee has made a suggestion that the delegates bring with them the problems of the University to the delegates from the various institutions.

The committee hopes to have an adequate representation of the various classes and schools of the University.

Several students have reported the loss of money in different forms of kleptomania. It is difficult to explain just why any individual should pick up a notebook and appropriate it for his own use. Class notes as a rule are of little value to the party who takes them. In one instance, the notes were returned without the cover.

Appropriating another's notes is one of the latent forms of kleptomania.

Several students have reported the loss of money, declaring that the cash had been lifted from the hangars at the library. Others have lost pocket books, containing a name and chapel card, and yet no responses have been received to the suggested advertisement in the Daily Iowa.

In short, every article has been advertised in the name of "lost" to clothes and feed many a Salvation Army. In all instances it seems that losing is "lost" and nothing "found.

SHOULD BE A MAJOR SPORT

Amateur Bathers Believes Swimming Should Be Emphasized

To make swimming a major sport is the opinion of David Ambrister, a student at the University.

Mr. Ambrister asserts that Iowa has too long neglected swimming. 

The director believes that an opportunity to bring a sport to the University is an opportunity for the University to attract more students and to improve the moral code of the University.

Dr. George F. Kay said that the University has a lot of potential in swimming.
