Crippled Kiddles Send Many Letters To Old Saint Nick

Two Hundred Little Fellows at Pektris Hospital Ask Ants To Help

GOOD-FELLOWS CALLED IN

If You Wish to Make a Heroic Joy in the Iowa's Campaign to Play Santa Claus to the Lowest Youngsters, Send in Your Gifts to the "Little Ones" of Pektris Hospital. Wished by Iowa Santa.

"Dear Santa:

"Just because we are sick in the hospital, we want this Christmas. We want a Christmas just like other boys and girls at home. We long to have a moving picture machine, because we can't go to see movies like other boys and girls. Then we'd like toys and games, just as other boys and girls..."

Two Hundred Kiddles at the Pektris hospital

By Benton Blockman

Do you want to be a good fellow this Christmas? Then join in the Iowa's campaign to play Santa Claus to the children in the hospital and in the homes of the children's hospital.

Most of these sick children will be unable to open the gifts that are given to them by generous people over the whole state. And yet they are wishing for Santa Claus just as hopefully as any youngsters anywhere.

It's only twelve days now, and these kiddies on crutches or in bed leading role can be used for this, or to buy other things. Children will be placed in a hospital, and Iowa's interest in these children will be sustained by any gifts which are given to them at Christmas time.

The youngsters are especially eager to have a moving picture machine, because they are never able to see real motion pictures. Memory subscripts will be used for this, or to buy other toys.

In the hospital as well, toys, dolls, bright colored clothes and baby blankets.

Prefers of checks can be sent to Miss Jane Roberts, librarian, Pektris Hospital, and they will be distributed Christmas eve at the hospital.

The gifts will be published in the Iowa.

Town Service is Cause

The one day early recess is the result of the movement of a number of trains on the railroads caused by the coal shortage and not on account of coal shortage at the University. Robert W. Rowow, dean of men, has explained.

Many students residing in the northwestern and western parts of the state would be forced to remain over Sunday at railway junctions because of the travel which service Dean Rowow said, and if the University did not permit the students an additional week day to make their destinations. The unknown fact situations at many University homes was made for consideration at the board meeting.

Students Make Request

Students whose homes are in the distant parts of the state have written letters to the administration explaining their traveling difficulty. It was to consideration of these requests that the board of deans declared that the University should close one day earlier.
