FISK TO SUPERINTEND CONSTRUCTION OF NEW UNIVERSITY BUILDINGS

Contracts Will Not Be Awarded To-Chance Under Executive Committee

COST NEAR HALF MILLION

Work on Armoory, Navarre House and Psychopathic Hospital, Will Be Started Immediately, Says Building Board Acting For University

In accordance with a newly adopted policy of the University, the construction of the new armory, the new nurses' house and the psychopathic hospital will be entirely under the supervision of J. F. M. Fisk, superintendent of grounds and buildings. The former policy of letting contracts to outside concerns has been discontinued because of the unsatisfactory provisions of building material and the consequent inability of the University to make bids and estimate on the cost of construction.

The planning of the three buildings, construction on which is to start immediately, according to Mr. Fisk, will require a larger force of labor than has ever been used on any University job, with an average daily attendance of 716 feet. The steel for the structure is expected to arrive in the next part of this week and erection work will commence about January 26. The plans of the armory are to be supplied by the ENGINEERING COUNCIL OF THE UNIVERSITY.

The University has received bids from a number of city contractors. The firm of Pittsburgh will have charge of the armory, and will be paid $325,000.

The administration of the armory is already completed. The material from the two foundries is being sent over to the quadrangle except that the large central portion will be entirely made to order at the Armory of the City of Chicago, which will be paid $132,000. The steel for the structure is expected to arrive in the next part of this week and erection work will commence about January 26. The plans of the armory are to be supplied by the ENGINEERING COUNCIL OF THE UNIVERSITY.

SOCIAL LIFE

Hesperia Picnic.
Thirty-eight rushees attended the picnic frolic given by the Hesperia literary society yesterday from 4 to 7 p.m. in the Women's gymnasium. Games and dancing afforded the expected diversion.

Jack Leonard at the piano and Joe Friedlander, together with a man at the harmonium, furnished the music for the hour's dancing which was followed by supper and punch in festive style in small cells. Core and wire colored streamers, the colors of the society, were used in decorating the gym.

Whitney to Entertain

Whitney Literary society has issued twenty-five invitations to freshman women for a dinner to be held at 6 o'clock Monday evening in the literary arts drawing room. Following the dinner a musical program will be given. Beatrice Gates, Chair, Omega, is chairman of the committee on arrangements.

Y. W. C. A. Day Today

"Cong" will be held this afternoon at the home of Kathryn Dayton, 214 S. Clinton, from 3 o'clock until 6. Helen Lake, chairman of the "Cong" committee of the Y. W. C. A., announces that any university woman is invited.

Speare-Walker

Bernice Speare, who has been doing work in the registrar's office and who was swimming instructor in the University last summer, was married Saturday afternoon at 1:30 o'clock to Frank Walker of Clear Lake. The wedding took place at the home of the bride, 1037 E. Washington, and the Rev. Sylvester Ellis officiated.

Bouquet at Jefferson

Revie freshman and sophomore women will be entertained at a banquet by the Omega Theta literary society this afternoon, January 30, at the Hotel Jefferson. The banquet is in recognition of the society's colors, moss green and white.

"May Time"

Messes. Shubert's Original Production of Greatest Musical Play Ever Staged

The manager of the ENGLENTHEATRE takes pleasure in announcing the engagement of "May Time" at this theater on Thursday night, January 22nd. This production under the management of Messrs. Shubert has received more favorable comment than any other production produced on Broadway for a year and a half and has been playing in Boston and Chicago for a period of several weeks. Messrs. Shubert have succeeded previous runs. "May Time" is in four acts and covers the period from 1840 until the present time. Several of the characters continue throughout the action of the play, growing from youth to old age.

Sneaky, first 2 row $1.25.
Hayden, first 2 row $1.25.

NAME CORAH LUND TO REPRESENT NURSES
Senior in Training School is Named Delegate to Student Council

Corah Lund has been elected to represent the Training School for Nurses on the Student Council. Miss Lund received her B. A. degree at St. Olaf College, Northfield, Minne., in 1914. Her home is in St. Paul.

Since her graduation she has been engaged in nurses' training work attending her training camp at Wayne, where she was enrolled during the summer of 1918. Miss Lund is a senior in the training school in the University.

In the institutions where Miss Lund has been a student, the student government has played a prominent part in school activities. On account of this previous experience, the nurses regard her as well fitted for the position on the Student Council.

"Having a delegate in the Student Council, we hope will bring us more into the University life," said Helen M. Taft, the ex-president's daughter, as credited with saying. Far better, we should say. Then all of us would be on a vacation.

National prohibition may be in force but it did not prevent them from drinking our first glass of home made wine at an evening recently. May God add that it was a kickless connection? At least it tasted very much like grape juice that one can purchase at any corner drug store.

It looks as if Mr. Sunday will have to go to Cuba too.
