It is hoped that the forum will provide an opportunity for discussion of issues which concern all of humankind."

The forum "will provide a forum for discussion of issues which concern all of humankind."

Unofficial Purpose Rock Movement

Dean Kay makes the statement in regard to the new "Forces. The students who have organized the International Forum should be encouraged in every way possible because these are such unselfish people. I understand that they plan to make an intelligent study of the needs of all the students who are interested in the forum. We will try to point the way to students positive open to education, yet in the mission field abroad, but largely in the agricultural society.

"Human Nature in Russia" is the topic of the discussion for Sunday afternoon. Paul B. Anderson, who was secretary to John B. Kirk and head of a Russian prison camp in 1914 and 1915, will speak on the subject. Russia will be the topic of the meeting for February 8, and China will be discussed the other two afternoons in February. The Student Council's committee, which is completing the organization, is composed of Warren Glotfelty, Ronald Kramer, Maud Self, and Murderer. The charter members are the faculty who went to the New Mexico convention.

ANNOUNCE PLANS FOR FOUNDER'S DAY SOON

Complete plans for the celebration of Founders Day, February 25, will be announced Saturday, according to word from the president's office. A committee will be appointed for the purpose. Jacob J. J. Sitter will serve as a speaker for the committee.

The University was founded February 21, 1847.
Is worth it when we win."

Athletic Schedule

When Coach Howard Jones, direc­tor of the University football and basketball, announced the football Conference game to the Iowa sched­ule for the fall of 1925, Iowa statutes were ratified by the majority of the faculty. The game was to be played on October 25.

Iowa graduates are looking with con­diti onal interest toward Nebraska, as the game is significant, but a victory over Nebraska is not the only objective.

A game with Minnesota could possibly have been given, but the intention of the University is to play a conference game and a non-conference game.

The team does not gain one point, but the scheduling committee of the conference takes into account the importance of the game.

The game was deemed significant by the conference and was scheduled accordingly.

BARRISTERS JEST AND SPAR

By Harold Merry

"You're all right, Prof. O'Connor," shouted Frank Wilson to the senior law president at the smoker held in the law library Thursday evening to arouse interest in the law show.

O'Connor was making a speech during the session for lack of pep.

"I'm glad to see you all. 'I'll just see if you notice, and what's more I'll prove it!" continued Wilson, taking off his collar.

"Why do you want to prove it?" demanded O'Connor, who is twice the size of Wilson.

"Put on those gloves and I'll show you what I mean," Wilson answered, pointing to some boxing gloves that had been used in a number of the programs.

Then he went over O'Connor with both hands making fighting positions of David and Goliah doing the Maurice Thangos for several moments while the future barristers roared.

The dance floor in the new Union building will be larger if the student demands it, according to Professor Weir. "Some votes from a representative body of students, the Student Council for instance, would probably be considered a fair ex- pression of student opinion," he said.
