IOWA FIVE DEPARTS FOR BLOOMINGTON
Will Meet Hoosier Squad In Return October Tournament for an Unknown Quality.

Coach James Ashmore and eight Iowa basketball players left yester­
day morning for Bloomington where they will meet the Hoosier den in a return game tonight. The following four players made the journey: Clayton Nicodemus, William King, Earle Desler, W. R. Shambaugh, Professor Protess, and Leonard. All of the men were in good form condition and ready for the battle of their lives.

Wednesday night saw the comple­
tion of the hard work preparatory to the games Friday and Saturday. Coach Ashmore sent F. W. Peterson and Lowden to motives, W. W., Nelsen, D. A. Brisco, L. E. Webster, and Clarence W. Fink­
er '29.

The Order of Arts is a national organization composed of ten chap­
ners in American universities and colleges. It was founded in 1913. The national chapter of Chi Phi elects members from lists submitted by the department of economics, psychology and commerce. Member­
ship in the fraternity is limited to men who are specializing in the sub­
rest of economics and who have thirty-four hours' work in the course with a grade above B.

Professor Marion A. Heins, direc­
tor of the department of economics, said Robert Warfield of the Univer­sity of Denver has been nominated for the position of grand chancellor in the fraternity.

HOGGEO BACKERS NOT TO BE OUTDONE ARE ORGANIZING FORCES
Palmer's Friends Believe He Has Chance in Division of Repub­
lican Slate Debate.

NAY VOTE IN HALLS TODAY
All ballots must be signed to protect against the counting of a stray vote. Ballots Will Be Cast at United States as Governor's Preference for President.

Rumors that the "Lowden for President"! club is going to descend upon voting places today in full force, and carry the Iowa city slaw vote on presidential candidates with unanimous ticket. Iowans, major and min­
ORGAU, have added interest to the elec­tion.

However, Hoover adherents are said to have been out canvassing the campus for their candidates, and the results of their efforts are expected to be shown by a big increase in the Hoover vote today, at the various election halls.

Hogge, 10, is still deeply divided in the running. His friends have been heard to say that the fact that both Hoover and Lowden are running so strongly will be an advantage to Palmer, since the Republican and In­
dependence vote will be split between the first two, leaving the Demo­
crat vote practically solid for Palmer.

Rounds of college bulls on presi­
dential candidates are being read among the college element in the com­
EITY, and it is said that the Iowa low will actually represent student opinion in primary.

Women Favor Hoover
"It will be a substantial boost for the candidate who is elected, to be sure," said a student yesterday. "When women vote they vote for con­
stition," declares Dr. Cyril Upham, of the political science department.

The results will probably be pub­
lished off all over the country, and will show how deeply all ranges of women from all parts of Iowa. Therefore, students who are really interested in some candi­
date should do their best to support him.

The leading of the women voters today will be watched with particular interest. It has been said that ideally Hoover will be the women's can­
date for president. At present, although an official count has not been taken, Lowden for Iowans, according to the University poll, is in a close pull with Palmer. Both candidates are running neck and neck.

"You'll have to write in the hard work is preparatory to increasing the circulation of the work," declared Professor O. I. Upham, editor of the "World of the Baconian club tonight at Palmers Friends Believe He Has Chance of Division of Repub­
lican Slate Debate.

The overwhelming majority of the 1915 Baconian club to a national "Straw Ballot" vote was taken to determine the order to the Hawkeye office. "Two thousand subscribers" are expected when final results are known.

Those who have not had the oppor­tunlity to attend an annual day of the Hawkeyes to take part in the Haw­
eye elections are invited to attend the election meeting, April 7th, at 7:00 P.M. at the college of the University today.

"It is illegal that all ballots be returned in time," said Professor Upham. "Catskill ballots will not count." "The polls will close at 6 o'clock this afternoon."
RO. T. C. T. Camps Scheduled for Saturday

Infantry Officers Will Be Sent to Camp Custor—Engineers and Motor Transport in East

The summer RO. T. C. T. C. camps will start June 17 according to an announcement made by the War Department. The infantry camp is in the district which is located in the western part of Detroit. The motor transport camp will be stationed in Baltimore where the largest camp in the United States is located. The engineer camp is at Camp Humphrey, Va.

"The camps in which university students will be interested are most admirably located," says Major Morton C. Nemanoff, commander, and will, with latest scientific equipment, offer the best instruction possible, while their function enables camp officers to visit points of greatest interest. Each camp will continue for six weeks.

Any student who has completed one year of R. O. T. C. may be granted an opportunity to take part in the camps.

IOWA SWIMMERS MEET MAROONS TONIGHT

Northwestern Scheduled For Saturday—Armbruster Is Confident of Winning

Iowa's swimming team, headed by Capt. Ivan F. Wadsworth, is ready for the first conference dual meet tonight at Chicago gymnasium. Iowa will go to Evanston the following evening for a dual meet with Northwestern in Pershing's armament. Ticket receipts for winning both contests are bright," said Coach Derrell Armbruster, "although Iowa will go through a stiff grind the night before at Chicago.

Iowa and Northwestern have each had a dual meet with Michigan Athletic club and the latter was victorious in both contests. Chicago was definitely defeated by a thirty point margin while Northwestern was nosed out by a few points. Ries of Chicago is the outstanding star for Chicago holding three years.

PHILIPPINE INDEPENDENCE

Will the United States vindicate the suffering Filipinos crowded to this corner of the world and will it repudiate its present policy of freedom to the Filipinos in the Philippines, is the question put before Prof. M. M. Kalaw, professor of the University of Iowa, and in a recent letter Kalaw made the United States known that the Filipinos are practically in control today. The Filipinos will accept most of the agreements reached at Washington. They have promised some autonomy, although not in the form of self-government. The Filipinos do not fear Japan and in the interests of friendship they are practically in control today.
