Twenty-five women from Iowa colleges at oratorical meet

Discus: "Profit Sharing and Labor" at Meeting in Hesp.-Hall Yesterday Afternoon

Penn Wins Extension

Judges Chosen from University Faculty For Both Contests—Persons College Places Second in Improvisations, Wall Omega of O. M. C. T. in Iowa earns Draus on Constitution

Penn college, represented by Eliza Morgan won first place at the oratorical meet Saturday held in the college foremoor for women held in the city hall last afternoon. Person college, represented by Roderick Van, second. All contestants talked on "Profit Sharing and Labor." Eight Iowa colleges were represented in the oratorical contest held in natural science auditorium last night.

Judges of the afternoon contest were Mrs. Elizabeth P. Hunt of the public speaking department, Lewis H. Hastings of the extension division. and Elamis M. Boll of the English department. Members of the declamation group of the oratorical contest were: Prof. George F. Patience of the psychology department, Prof. Arthur M. Schlosberger of the history department, Robert West of the public speaking department, W. J. Baldwin of the law firm of Baldwin and Hail win, and Mrs. Elizabeth P. Hunt of the public speaking department.

Under the direction of Marion Colgrove, secretary of the Iowa college foremoor of Saginaw, a constitution and by-laws were drawn up, forming the foremoor in the city, Iowa will not be a member. Membership is open, how ever, to women college students who do not represent the ten colleges incorporated into the league, women desire the women's foremost council of the university.

Prom Tickets Without Limit in Chairman

No made will be passed on the sale of tickets for the Junior Prom to be held in the assembly March 1, the committee announced yesterday. "Any person who wants a ticket for the Prom can have it," Merilynn M. Smith, acting chairman, said.

Besides the balcony doors by Regina Des Jardins, two other areas a residence and a Cornell room, will feature the program. The residence will have a concert of light regents, and the Cornell room will have a square dance and drillers and will close the evening. Two musical numbers have been transcribed especially for the affair by Dick Drake, and Pat Ford. They are called, "Purling the Penn," and "Junior Jingle."
Virtues and Objectives to Honor System

From Day to Day the Iowan Will Carry a Series of Disclosures, and Reports on the Merits of the Honor System at Other Institutions to Familiarize the Student Body with the Various Systems.

WHAT PROMINENT MEN SAY

Dean Ellis of Princeton writes: "As a student under the system during the 4 years of my college career, as a member of the faculty, and as dean of the college for 15 years, I have been brought into close touch with the system and believe in it. It is all with my heart, and the result that it is a great success."

In a subsequent letter from Princeton, Editor Gilbert F. Close states, "The system appears at Princeton in the only way in which it can work, practically and in every other respect, namely, upon the initiative of the undergraduates themselves. It was put into practice as an emergency measure in the year 1842, and, being backed by soreness and solid body opinion among the leading undergraduates, it has been an unqualified success from the first. We have every reason to believe that it has acquired abiding character, and not only may be practiced anywhere or in any community, but that the system of the university has become a great blessing to the health of the student body and the health of the inmates of the hospital."

It has been brought to the attention of the Iowaan that a number of students at the University are not familiar with the student health fee and do not know for what purposes the tax demanded of them at registration is utilized. Iowaan readers who have kept the fee will find a complete account of the proposition as given in President Jessup's letter to the Student Body in June 1897.

The student health fee is in principle a community insurance policy, providing free medical treatment to all who are members of the University. It is an adequate means of providing a central hospital to which all students may report for treatment of either minor or major ailments. It is a Fortune doctoring the good health of 2,000 souls.

A Student Health bureau became imperative as a result of the increased demands placed on the state hospitals by the heavy enrollment of the University and the multiplied duties in state work. The University, in fact, is more responsible to care for student health than any other citizen of the state, although in 5 years gone by it has given splendid service. To relieve this congested situation at the state hospital, beginning January 1, the students might call for service at all hours instead of a specified time as was the case at the University Hospital, the Health bureau has been brought into the field. As a base for the plan finally adopted a survey of the systems used in many other institutions was made. The merits of the best systems were abstracted and applied to the amount of fee, Iowa students pay less than Minnesota, Ame, and Wisconsin, each of which charges $4 a year.

A fee of $1.75 a term or $3.75 a collegiate year is charged by the University. This tax yields every student pure goes toward defraying the expenses of the bureau. The salaries of the physicians, nurses, and office staff and the expenses of the dispensary are all deducted from this fund. The bureau at Iowa is in the hands of a young and all things which have been found to be necessary will be provided. It is responsible for checking every great deal of the sickness which threatened the campus several weeks ago. Its service will grow better with age.

In brief the plan at the University is as follows:

1. The dispensary located on the first floor of the University hospital will be open from 9 a.m. to 5 p.m. each day, special hours on Sunday and holidays.

2. A director of student health and his staff will be in charge.

3. All bills will be made out to the students free of charge whereas necessary.

4. Minor ailments will be treated by the student health physicians and his staff without charge.

5. Students requiring emergency hospital care, will be placed in the University hospital where the special charge of $17.50 a week will be made.

6. No additional charge will be made for medical and surgical attention by specialists.

7. Students who need the service of the specialists on the university staff, for correction of vision, and orthopedic adjustment will be exempt from all expense for medical attendance.

"In the South the Democratic party is the white man's party, and the Republican party is the black man's party," said Prof. Arthur M. Schlesinger.

Three duties and obligations of citizens are: to see that the constitution meets the needs of the day; to participate in elections; to form public opinion in reference to public questions and to educate themselves to know them, according to Professor Shambaugh.

"A family is an institution with certain obligations. A state is a family which calls for duties and obligations rather than rights and privileges," said Professor Shambaugh.

Appalachie greeted the statement, "The Prohibition party was the first to include women suffrage in its platform. That was in 1872."

The Two parties have never seemed so nearly alike as they are today. The Democratic, Virginia, party is the white man's party, and the Prohibition party was the first to include women suffrage in its platform. That was in 1872.

A Four Hundred Dollar club open to men and women, has been organized on the campus in association with the Memorial Union. Donald H. Shambaugh, Phi Xi, representing the men, and Beatrice Shambaugh, Kappa Kappa Gamma, representing the women, are chairman. These appointments were made by Ruth Rogers, field secretary for the Iowa Memorial Union.

The club will be made up of University students who have pledged $50 or more to the Memorial Union. The contribution of Carl Kaushal Jr., Delta Tau Delta, gave the name to the club. He was the first to contribute $50.
