Virtues and Objections to Honor System

The Middle-Western Intercollegiate Association for Women's self-government sent out questionnaires to sixty-six colleges and universities in the United States and Canada and forty-seven replies were received.

Following is a classification of colleges reporting:

Women adopted—For:

—on whole successful:

Women adopted—Against:

—on one side:
(1) Colorado college, Colorado Springs, Colo. (only one class); (2) University of Colorado, Boulder, Colo. (school of nobility); (3) Indiana university, Bloomington, Ind. (one class); (4) University of Minnesota, Minneapolis, Minn. (senior, junior, and sophomore-chapters); (5) University of Washington, Seattle, Wash. (juniors and seniors); (6) University of Wisconsin, Madison, Wis.

For the University is undemocratic but that fraternity are aristocratic. Colleges and universities are getting to be more and more for men with unsatisfactory qualifications.

SUNDAY AFTERNOON CONCERTS

The announcement by the military department that the University Regi- mental band will give a series of Sunday afternoon concerts in the natural science auditorium during the current quarter is a happy surprise from the student body. A capacity audience should give director G. E. Van Allen and his band one of their first uncer tain Sunday afternoons.

BEIN'S PLAY TONIGHT

In the Regimental band the Univer- sity has one of the best musical organizations of any college or uni verseity. Many of our students believe that the University is undemocratic but that fraternity are aristocratic. Colleges and universities are getting to be more and more for men with unsatisfactory qualifications.
