Seven Orphans Adopted
Church Clubs Aid New Home Relief in Fighting Fascists

Seven Armenian orphans have been adopted by various church organizations in Iowa City under the auspices of the University committee for the Near East Relief. The adoption means that $20 must be furnished which will feed an orphan for one year.

The campaign which is being waged to relieve the famine among the Armenians is under the leadership of Clarence M. Case, associate professor of medicine at the University of Maryland. "The work among University organizations is best complementing," said Mr. Case.

Gracefulness is the Keynote

H. ALF the charm of this season's suits and coats lies in the diversity of the delightful modes. They have a gracefulness, and a freshness which makes them irresistible.

The exacting Strub quality prevails and they are marked with the usual fairness which is the basic principle of this store.

Why Put it Off?

The longer you postpone starting to build, the more you will waste on rents and the longer it will take you to pay for your home. You don't require a large capital. It is easy to arrange monthly payments on a home just as you now pay monthly rentals. The difference is that rents got you nowhere. Payments on a home soon give you ownership. Then the payments cease. Don't delay. Build now.
