Y. M. C. A. LAUNCHED

President Miss Explores Confidence in Religious Organization.

General confidence in the success of the new Y. M. C. A. council is expressed by most prominent leaders of the religious affiliations following a banquet launching that organization, held in the Burkeley Hotel Wednesday evening April 14, which fifty-five men were present.

Concerning the prospects of the new council Prof. W. G. W. Stewart, chairman of the board of directors, yesterday said, "I was impressed with the confidence of the man in the definite plans of service of the association and their willingness to give hearty devotion to the work. "The quality of the men," he continued, "their confidence and their willingness can produce only one result and that is the general and permanent development of the desired functions of the association in the minds of the people of Iowa.

Rab W. Cline, a former president of the Y. M. C. A. said, "I feel that a group of men has been chosen which can put the program of the association across." 

SPECIAL AESTHETIC DANCING CLASS FORMING

A special class in aesthetic dancing meeting every Monday and Wednesday at 8:30 which is sponsored under the department of physical education for women. The purpose of organizing this class is to give women not registered for aesthetic dancing a chance to prepare themselves to take part in the dance.

The Council will he given by the aesthetic dancing classes during the coming semester. We also wish with a larger percent of the University women who intend to stay over commencement week to take part in the program, as last year when all those who like to be at the university have been given it has been difficult to organize enough women to give a successful program," said Edith R. Goodenough instructor of aesthetic dancing.

The class which will be open to all University women will meet for the first time Monday, April 19, at 8 o’clock in the auditorium of the Market Street Gymnasium according to Miss Goodenough.

START OUTDOOR WORK

Classes in Physical Training Open Monday, April 19

Regular third quarter work in the women’s physical training department consisting of swimming and outdoor sports and baseball will begin next Monday evening, April 19, according to Margaret R. Lyon head of the department of physical education for women.

Classes are to meet regularly three times a week, and all women including both Sophomores and Freshmen who have not passed their swimming requirements are required to take part, while all others may choose between swimming and baseball.

Nineteen classes are organized, nine in swimming, seven in tennis and two in baseball. Judging from numbers swimming seems to be most popular, but the fact that it is a requirement for all University women to swim for Diplomas disapproves this statement.

"The tentative dates will in all probability not be ready for the women to start work Monday," said Miss Lyon, "but everyone must report for classes as usual.”

A.F.P. TO HAVE CHARGES
OF THE CENTER

Rent of commencement exercises and games this year is to be in charge of A. F. P., honorary senior order. It is proposed to have a public benefit camp campaign to raise funds for athletic ability. The rental is to be used in the interest of athletics by supporting the interests of high school students of athletic ability. The committee is to be held at the Colonnade of the college of education.

Jefferson, Thursday evening April 12, 1919.

In Moline and sent according to an announcement given the same tactics that had worked within the law. Evidence shows that the majority of the 559 communities reported for high positions for 361 teachers. The demand for the abridged edition has also been printed for the use of the summer school students during the summer session.

TEACHERS' POSITIONS

The committee on recommendations of the college of education has determined that 113 teachers from March 3, 1919 to February 28, 1919. The total annual salaries obtained from these positions amounted to $14,441 or nearly $150,000 more than ever before for the same number of people. This result is due in part to the new minimum salary law.

Calls were received for 1,148 teachers by 2,636,000 copies of the summer session catalogues has also been printed for the use of the summer school students during the summer session.

STEVENSON'S EDITION

The demand for the abridged edition of the on-line dictionary and Webster's portable dictionary is to be furnished by Coats Clothing Store at cost. A.F.P. is doing the work of distribution. The extra cost is to be held at all stores in the city.

Orders can be placed at Coats. Height is the only necessary requirement for advertisement and will be delivered before commencement week. If orders are placed immediately.

BIG DEMAND FOR ABRIDGED EDITION OF U. CATALOGUE

The demand for the abridged edition of the annual university catalogue has taken all of the first printing and a second edition has been published. The abridged edition has been sold at the cost of $2.30 conforming to the average Muh. school student, and the large 110-page edition and a supplementary illustrated information.

(Continued from the same office-Room 14)

Our board of directors, said Mayor IngaJls, "the system is based upon the amount of work entered, not on the letter. With this in mind," said Mayor IngaJls, "the citizens have tried to interpret the points as to so prevent both the organization and the individual."

The supreme example of the ideal room is a science. The caps furnished by Coats is less confusing than the large dictionary. Evidence shows that 500-page measure. The caps furnished by Coats have been found to be less confusing than the large dictionary.

Why you Can't Lose

With our form of contract you are not given an indoor theoretical training or a prospectus, or a couple of summers of summer school turned loose to hit or miss. By that method there are an overwhelming number of agents doing no time for themselves by putting good territory and producing low business for you.

We have a solution to this problem, we must train them, and train them in a practical way. The only way to do that is to have an expert on right with you into your own office and get your untold and more than you have to sell maps in the only practical way, which is by selling them. This is done, as you may have already noticed, by professors who are more at home in your territory. They are the only ones who are able to sell maps in the only practical way.
