LILLI GETS BREAKS ON IOWA BOBBLES AND WIN GAME 2-1

Shirley Elmer and Two Passed Balls by Michaelis Allow Both Runs in Tally

Three Hawkeyes bobbled Iowa from the field yesterday afternoon with the score of 2 to 1 over Iowa and broke up a great pitcher's deal between Hamilton and Ryan, and was the worst defeat of Coach Ashmen's men this season.

This feature jumped into the lead in the first frame and never wavered throughout, although several times it looked as though the ball might not pass the opponents. Ryan, however, was not to be intimidated; on the contrary, after Shirley scored, he lunged for the first seven innings and held Iowa to the same score. Iowa took a walk and threatened to wipe out its two runs led in the last innings.

Crosby Scores First

First in history when the game was young with a single through Cramer. McHenry then proceeded to take three errant wildballs and retired Crosby stealing second. Rutke then damped a runner at Shirley but Iowa brought out a gopher at first and Crosby scored. Iowa came back in the same fashion. Woodin walked, went on second on Darrow's pass, and was thrown out at the plate when attempting to score on McHenry's single to center.

The seventh and the second Hamilton and Ryan furnished the big show with the exception of a running single. A shot by Darrow in the seventh inning which he doubled an Illinois runner off second base for a quick run.

Indiana Increase Lead

In the second inning the Illinois got a runner who had to score. The first Illinois baseman strafing a single into a double when Continues.

Newell Johnson '22, Albatross Team, of Woodbine, is in quarantine at the isolation hospital with a mild attack of scarlet fever.

The members of the fraternity are under observation and each member must observe the rules and regulations of the hospital at all times. Miss Dorothy Harvey '21, also is in the isolation hospital with the same disease.

"The situation is very good not alarming, as the cases are very mild," Dr. William J. McDonald, dean of the medical staff, said yesterday. The month there were thirteen cases of scarlet fever in the University. The cause of the disease was the mumps, the reason not covered because of the mildness of the illness. The number of cases this month has not been carried from one germs another, according to Dr. McDonald.

The Phi Kappa Psi house is under quarantine on account of the frequent of the condition of the Phi. Mrs. Huhulwski is in residence, who is in the isolation hospital.

Students should have a greater interest in business. By political, they do not mean the "patent" politics or "bureaucratic" politics of the other commercial variety. Rather we mean thought and action along lines that have to do with the backbone of the country, their purposes and origin, as well as with the real activities and the machinery of the government.

IS THERE ANY EARTHLY REASON WHY YOU SHOULD ACCEPT "READY-MADE" CLOTHES—WHEN THE SAME MONEY WILL BUY YOU THE BEST MADE-TO-ORDER CLOTHES?

We say to you, here and now, that we can and we will make the best custom tailored suits or overcoats to your order at $45—

which is $15 to $25 less than equivalent qualities in ready-mades!

We ask you to let us prove it at our own risk and expense.

How can we undersell "ready-mades"?

Why, simply because we haven't a dollar invested in clothing stock—we sell from samples—and we can afford to accept about one-third of the clothing dealer's profit margin.

Think of the huge investment it requires to sell ready-made clothing. Think of the waste and loss in carried-over goods! All these expenses are eliminated by the Royal Tailor-Rated plan.

The whole nation is waking to the fact that the Royal Way of selling clothes—direct from the wholesale house instead of from clothing cabinets—is the same, the economic, the right way.

Ready-mades are not merely inferior to Royal Tailor-Mades—but furthermore infinitely extravagant.

Think, men! Think before you buy your next suit. Then you'll buy it Royal Tailor-Rated.
