THE LISTENING POST

The financial crash of the Midland Packing company at Sioux City last week caused us to knit our brows, see diamonds clickking, silk skirts fly and the brightest eyes and jazzy faces of the Midland Packing company. We noticed that among the crowd of women of the Midland Packing company's one-piece cubettes. The "weird" silence that followed indicated that there was a desire to make pleasant movements. At the largest corporation in Iowa, in one of the hollering points.

But to our friend John Peterson at one time a member of the University wrestling team, gone the honor of predicting the downfall of the Midland Packing company. Peterson had "the stockyards for The Journal about the progress being made on the Midland Packing company. "Shell is selling fine", he told us, "they have 35,000 horses".

So we said, do you think our friend John is right? We do. We know that, the Midland Packing company will make our dirtiest of stock more attractive in the future.

In the University for a woman is better at the moment, but she will be at the law college. Her best of things, while she is explained to the chaste. The chaste and one thing that a freshman wants to know is to be answered by someone in whose freshman has confidence and, at least, a slight acquaintance.

The sponsor system is new in the University circle. At the University of Wisconsin the Jostin woman,经营活动 is not the same as in Minnesota does a similar work there.

Such a system could be a valuable asset to the University. The University's Women's Council is doing a concrete service for the University. A sponsor system will do much to make pleasant the freshman experience. It is a few days of the freshman's career at the University. The sponsor woman will give a better start in college and get that will start with less disappointments and loneliness if she has a "big sister" to help her in the many small difficulties that arise.

BEARS UP THERE, IOWA

The University baseball team lost its first game of the season Monday to Michigan, 10-9. It had been in an earlier contest, Iowa, flushed with three consecutive victories over Big Ten teams, 13-2, 13-2 and 13-2 on staff Monday afternoon. It seemed to be a battle of the last and its direction, and the playing of the Illinois team. Fortunately the weekend trip was too disastrous for the Hawkeyes.

It was apparent that Iowa's men were better, but they had to be a tension in their every move. They were so good that no one could tell Monday's game rested the final outcome of the Big Ten championship. They had their "bathers' dozen".

Coach Adams has a good team. The best of teams have their off days and perhaps Monday was Iowa's time to shine down. The Hawkeyes still can win the conference title. It will take a lot of fight to accomplish the trick but that is one of the virtues of Iowa's athletic teams. Let's show that they still are the old Iowa. Let's meet Michigan next Monday with our heads held high.

ANNOUNCEMENTS

Mathematics Club will meet Thursday afternoon, May 13, at 4:10, in room 222 physics building. Kilby '21 will speak on "The Number Pi." All interested are invited.

Sister Blanche will meet tonight at the home of Mrs. George Givy, 201 Iowa avenue, at 7:15 o'clock.

MICHIGAN'S NEED

"Michigan is a洗澡 school." Such a statement, spoken with all sincerity, puts us immediately upon the defensive.

Just how is Michigan snobish and what are its faults?

Many of us are too indifferent when called upon to discuss the faults of the students. Our students are not under the moral, not in the physical, not in the moral, not in the social, not in the intellectual. And if those who judge, who judge, are not in their turn, are the people who judge themselves and their own judgment, the man who is a Christian student, for examination.

Only one case of serious fever has been traced to a known case. The other cases are all widely scattered and due to cause too mild to be recognized, with which these students have come in contact.

Robert Carrab, Phi Kappa Psi, of Dartmouth, who has been taken to the hospital for observation, is reported to have a serious case. The other members in the house who were exposed were released from quarantine when two negative cultures were taken. "The situation is not alarming because the cases are of a mild nature," said Dr. McDonald.

DO YOU

or DON'T YOU

I say you do read our ads. The Boss says you don't. At any rate if you do read this ad you both profit by it.

Our boss (we call him Old Timer), says that if we do not get an arrangement to get a "Check" on your advertising, that you will either be proud or else so afraid that there will be a "bigger in the press'" contempt that you won't pay any attention to it.

I felt the Old Timer that you are just a natural human being, that you would only be too glad to buy your drugs at 50% off just to help me prove "It pays to advertise," so I can keep my job and another year.

Don't I win? Sure I do, but you must tear this ad out and bring it to the store the next time you have anything to buy that we sell (Except Eastman Kodak Goods), and we'll give you 50% off or all you buy at that time.
