$100,000 FROM STUDENTS

One hundred thousand dollars is expected from the student body, "victory will be a matter of life membership," says Prof. Charles H. Wells. "Any student who can not pay the usual fee is entitled to the same worth of educational and outdoor advantages, but his parents demand an account of how that money is spent before it is due."

The "June Push" according to Prof. Thomas, will extend from June 1 to 10 at the latest. "It will move slower than that if we fail, and we will do as much as the student himself. From our experience of the past, we know that the total amount this term. Terms are so easy that it will not be possible to hold the student parents, but we may arrange any terms that the old school desires, but he may arrange any terms that the parents desire, but we may arrange any terms that he desires."

Support of the surrounding campus will be unanimous all over the state and campus. Artistic posters will be put on the walls and the Memorial Union newspaper which will appear for the first time in a few days and will be sent to the 10,000 students and many former students and interested persons will have a chance to say that he is in touch with the movement.

Bath Rogers, field secretary, will take a three-week's trip beginning May 21 or in order to stimulate interest through personal contact and help organize the student body to help out in the state. The Johnson county campaign will be in charge of James L. Board, former secretary of the Iowa City Commercial club.

The festivities next month are not intended for the seniors alone. It is to be hoped that seniors will be on the alert during the coming days and that under届毕业生 will welcome them, as the exercises are urged to attend, in fact.

In past years, many of the under－graduates have treated home improprieties at the close of scholastic work. Some have remained, of course, but only a few. This year, all of the senior classes of each college are making an effort to arrange entertainment which is the only way that they will be attractive to the under－graduates.

"We are trying to establish a new tradition," said Edward O. Connor, all－ter student president. "Though no examinations have been over, the undergraduate has taken the first class of town. We want to hold the attractions which will hold the student body over examination, and give them greater interest in it."

It is true that all the under－graduates of the University cannot remain for the commencement but many of them can. The four days between June 11 and June 15 should be pleasant days. Indeed, there will be something doing all the time, to use a worn expression.

It is the duty of the under－graduates to help the seniors of 1910 to start a tradition. They will be glad they asked in the project in their own senior commencement days.

GREEK LETTER PEOPLE TO CHANGE LOCATION

Owing to the expiration of leases, increase in rents, and the purifying of property many fraternities and sororities are forced to move.

"There has never been so much moving as there is this spring," said a real estate man in this city. "The sentimental conditions probably have an effect as well as other conditions."

Phi Beta Sigma has purchased the house now occupied by Delta Delta Delta, 465 Iowa avenue, and will take possession in the fall. The Phi Beta house, 521 E. NO CHAPERONS NOR CLOSING HOURS OBSERVED IN 1874 WHEN PROF. PATRICK ATTENDED UNIVERSITY

Would no week-end dances, no chap-

sters, and no closing hours appear in

our University halls? This is the

way the University was when Prof.

G. T. W. Patrick, head of the depart-

ment of philosophy, came here as a

professor in 1874. At that time liter-

ary societies were the main extra-

curricular feature on the campus, but

not as we know them today. The pro-

fessors consisted chiefly of debaters,

carefully prepared discussions, and no

drums, faces, or comedies as we have

on our programs. On Friday even-

ings, the men held their meetings in

Old South hall, and the women held

their meetings in the same place on

Sunday evenings.

Chaperons, and closing hours were practically unheard of, then, for the University was very small in the number of students, and also in the number of buildings, three. But about 1883 when the University began to increase by leaps and bounds, and in 1900 when the dean of women became

the longest service here. Professor Patrick, who is sixty-two

years old, is the oldest professor of our entire University faculty. Prof. Patrick received his B. A. de-

gree from the University in 1873, M. A. degree from Yale, and a doc-

toral degree from Johns Hopkins. He spent a year in Berlin and Leip-

zig, Germany. He became head of the department of philosophy in 1887, and has been connected with the University since that time with the excep-

tion of nine years from 1903-1912 when the University was on

account of illness. Professor Patrick will offer a course on our pro-

gram next year in the longest service here.

Some very choice Clearance Offerings by America's leading wholesale tailoring house

MEN! Here's a tailoring sale that makes the Overall Club Idea look like a positive extravagance!

A custom tailor clearance right in the heart of the season that undersells the most daring of the usual mid-

summer sales.

"What's the reason?" you may ask.

Simply the determination of a big powerful wholesale house to make a backward season catch up with its sales quota. Continued cold weather, abnormal rains and dismal atmosphere have kept the business back 30 days behind schedule.

But when a $4,000,000 tailoring house says "Let's go!"—something's goin' to happen.

It's happened here! Fabrics which local tailors are selling at $50 to $90 a suit, or more, are quoted during this sale at the famous Royal feature price of $45. We don't care what happens to our profits—the goods must move!

Tailored to your special order, mind you! Act!

Buy, not only for this season, but for all the year. Order, not one suit, but several. Add an overcoat or two, too. Stock up your wardrobe — and give Old Man H. Cost the laugh. This is the greatest tailors

ing sale in the history of this town; take advantage of it!
