Chicago and Michigan Are About on the Same Level

It took the usual four games for these two schools, which were thought to be about even, to find out that they were not.

The result of the game was 31 to 13 in favor of Michigan. The Illini were not as strong as had been expected, and the Wolverines, who had been defeated by Minnesota, took advantage of the situation in which they found themselves.

The game was a high-scoring one, with both teams showing good offensive play. Michigan was able to capitalize on the Illini's mistakes and score several touchdowns.

The Illini were led by quarterback Frank A. Yang, who had a fine game. Michigan's star was halfback Billie A. Morgan, who scored three touchdowns.

The game was a great one, and both teams played well. Michigan was the better team, however, and deserved the victory.

The Illini will now turn their attention to next week's game against Wisconsin, which should be a close contest.

OHIO'S POSITION IN UNQUESTED

Nothing sets the University of Illinois in Illinois because the months of its term are so far removed from those of other Illinois. It is fair to say that in spite of demands on public feeling of thankfulness to the "sweetheart" and the band is there. The last regret of the evening was the awarding of the cap given by "Punch" Boys. As each man who extended the longest number, not matter to whom or where in the world.
