The man who complains that he cannot enjoy a burlesque show probably never has had a talent for it. We have observed that in preparing material and adding to a digest of a doubtful "Follies" has its difficulties, and are given the necessary information to make the best of it. The bodies must be the width of the arm at right angles to the body. The elbow may be bent upward if the crowd interferes. Miss King has had trouble with her elbow, but has solved the problem by placing the situation before the man and woman separately. She found that the man and woman did not know the correct position in dancing and when informed were more willing to submit to by it. The girls, when dancing among themselves, are not allowed to dance close to the cheek because they would not easily rid themselves of such a habit when dancing with men. All of our columns are censored by the proof-reader or the feature operator has finished with it, and unless it is by the students' Association and stop not enjoy a burlesque show because of moderate prices. We have observed when an audience is out, that they interferes.

sprinkled in the popular phrasology who dates his hair. It is not a doubtful as a result of such great successes. There are no social conventions on Friday night because that evening is reserved for literary societies. The college dances on Saturday night are under the direction of our Students' Association and stop.

We can not, of course, start analyzing by our neighbor's back yard until we have our own put in order. This is a student problem. It offers an opportunity for undergraduate self-government to relieve its claim to rightful existence. If boxers of student associations would bide into this thing, enough sentiment might be in a week's time to reload the chase and defy this persistent alienism so far as Iowa City is concerned. It is as easy as water. A few self-minded individuals always prefer to focus on the current and pulp effort to pull back to solid footing, to get the training, assessments and wholesome entertainment. There is no such thing as a leisure and a little hard work, it is time to look this business and make moving head.

A professor remarks that the height of opinions is found in a faculty member who reads a headline about a drop in the price of corn, and tells his wife that he is going to get a $500 raise with the next year.

After a man has raised a ten dollar bill to put a seat for a musical comedy he feels himself bound to be entertained. That is definitely why many of these "beneficial productions" are such great success stories.

As we cannot state what results are made to keep the student body from going back to the theatre and after a while, many professors "the morning after" are sure that it requires reflection the students might just as well have allowed them to go home.

The foster who dates constantly, or by the popular physician who "every waking moment," may be said to have its happy ending. A good dinner goes for the weekend.

Every time a city editor of a big daily sets up "now the big news" are springing up over the country, probably means that there has been if the women are getting off over the haze because it is not their fault any more than that of the men. "If the students at Iowa would take themselves the responsibility of raising the standard of dancing and the present reputation of the University as a whole, it would not be necessary for higher authority to interfere," was her opinion on the situation there.

Miss King does believe in the specious theory and hopes such matters to be disdained by too many in the cities.

The women at South Dakota State College started dancing the week before last and began "T" two to 8 on Wednesday night when they have a dance at the armory. There are no social conventions on Friday night because that evening is reserved for literary societies. The college dances on Saturday night are under the direction of our Students' Association and stop.
A group of Carrier hall women entertained at a Thanksgiving dancing party Saturday night in honor of Lester L. Brackett of Council Bluffs and Ruth Nelzen of Davenport, who are guests of Prof. and Mrs. W. F. Graham of Atlantic. The decorations were of green and white with many chrysanthemums, Miss Margaret L. Prosser and Miss Marguerite B. Butler were in charge of the decorations.

The University courts held open house Friday evening in the reception room of Home One in Iowa Avenue. The house was decorated in flowers and autumn colors. The evening was spent in dancing.

The Housewife and Setauglithe Literary society will hold a joint reunion at their rooms at Class Hall next Tuesday night. Harold D. Orcutt of Burlington is arranging the program.

Prof. Basil Knight, former faculty member in the department of philosophy and new dean of women at the University of South Dakota, is the guest at the home of Prof. and Mrs. E. E. Barlow.

Margaret Dow Al and Averill Al of Burlington are spending the weekend in Des Moines at the home of Miss Ivy. Helen Ewens Al and Nancy Amundsen Al of Burlington are spending the weekend in Des Moines at the home of Miss Ivy.

Doris Bailey 2E of Siawl, Esther Baker 2E of Cas- Abner, Norma 12B of Oceans, and Jane Nold 2E of Cas- Abner are spending the weekend at home.

Bruce 2E, Moser 12E, Beta Pi, is spending the weekend in Water- loo.

Shirley A. Clark A2, Alysa Vause Ome 2A, is at home in Waterloo over the weekend.

Forest Burns 22, Kappa Beta Pi, was called home from the hospital as a delegate to the Y. W. C. A., convention.

Lawrence M. Gilley is in Des Moines for the weekend.

Harold P. Ald and Ean- thompson 31 A will spend the weekend in Mason City.

Arthur L. Ross 21, Kappa Sigma left Friday evening for Cedar Rapids. Lawson 2B, Black O2, Sigmas 2B, is spending the weekend at his home in Des Moines.

PHI BETA KAPPA BOURS

A NINETY PER CENT AVERAGE

Phi Beta Kappa, the honorary scholastic fraternity, to which seniors are invited on their scholastic merit shortly before graduation, is the goal of many an ambitious college student.

To be a Phi Beta Kappa is the achievement of a grade of at least ninety percent in the four years of college work. As A is sixty-eight percent one may have over three times as many Cs than As and at this rate he would have distributed through his college work a number of Cs or even a few Ds.

A grade of eighty, D is seventy-two, E is sixty-two, and F is fifty on the normal grade average of thirty points. Seventy-three points, however, is not the peaking mark for in order to be graduated a student must make a grade "slightly above 75" of 75 plus twenty-five is usually considered the required average for graduation.

Chinese Women Will Give A Tea Party Friday in L.A.

TUESDAY NIGHT NOV. 30th
CAPTAIN LANE IS GIVEN NEW POST

R. E. T. C. Officer Will Be Sent To Panama Canal Zone for Engineering Work

Capt. Albert L. Lane of Iowa's R. E. T. C. Unit has just received an official announcement from the war department at Washington, D. C., that he has been commissioned from the pay roll of the United States Engineers as an official of the regular army. Along with his commission Capt. Lane was informed that he was to be transferred from the University of Iowa to the Panama zone soon where he is to be engaged in instructional engineering of both civil and military engineering. According to present plans, Capt. Lane will leave Iowa City for Hoboken, N. J., on December 15. He expects to sail for Panama on December 20.

The news of his transfer did not come entirely as a surprise to Capt. Lane as he had already made application to go to Panama and had been waiting for orders for considerable time. While expressing some regret at leaving Iowa, the Captain could not but show his keen pleasure as he thought of his new duties at the Canal Zone. "I have enjoyed my work at Iowa," said Capt. Lane, "but it has always been my ambition to be sent out to actual engineering work, that is why I asked to be transferred out." Capt. Lane entered the army at the end of the year as a volunteer in the second officers' training camp at Fort Belvoir, Va., where he was commissioned as first lieutenant of infantry on November 1917. From Fort Belvoir he was sent to Camp Green on guard duty and then to Plattsburg, N. Y. From Plattsburg, Capt. Lane was transferred to the R. E. T. C. at Ames and from Ames he was sent to the University of Iowa on January 1, 1919. Capt. Lane is a graduate of the engineering college of the University of California.

What the People Should Know:

Today I make a most important theatrical announcement:

I have just contracted with Jos. G. Gaults to bring AMERICA'S GREATEST MUSICAL SHOW, "TAKE IT FROM ME," to Iowa City for one performance.

TUESDAY, DECEMBER 17

"TAKE IT FROM ME" is without doubt the most brilliant musical success of this day. It ran five months in New York, six months in Chicago and four months in Philadelphia, which is the longest run in the history of the Quaker City for a musical comedy. In every community where it is presented it invariably receives the enthusiastic endorsement of all classes. This is the original company and production that made theatrical history at the Studebaker Theatre, Chicago. There is no other company, "TAKE IT FROM ME" by Will E. Johnstone and W. E. Anderson, telling in a prologue and two acts of hilarious and funny laughter, the tribulations of running a modern department store. "TAKE IT FROM ME" is properly called "AMERICA'S GREATEST MUSICAL SHOW." I know of my own knowledge that this play has been a sensation elsewhere. We are sure it will arouse enormous interest here.

Reserved seat prices will be as follows:

First 2 rows main floor $3.00
Last 3 rows main floor $2.00
First 2 rows balcony $2.50
Last 3 rows balcony $2.00
First 5 rows balcony $1.50
Last 2 rows balcony $1.00

For mail orders enclose remittance if you do not like the performance of "TAKE IT FROM ME."

Yours truly,

W. M. McKENZIE, Mg r.

Note: Your money refunded if you do not like the performance of "TAKE IT FROM ME."
