**Third Issue of FriVol, the Annual Hall**

The third issue of FriVol, the University's art and humorous magazine, is now ready for distribution. In this issue, the Critical Number continues to be a favorite, and the critic expresses his indignation that a certain staff member of FriVol is referred to as the "editor" of the magazine. The critical number is under the editorship of one of the most popular members of the staff, and it is hoped that this will be the last of the "editor" jokes. The magazine is available at the Circulation Desk of the University Bookstore and is free to all students.
