MICHIGAN PRICES DROP
Ann Arbor Dairy Products Start for
Lower Prices

From the Michigan Daily—Follow-
ing the general tendency for falling
prices in foodstuffs, milk and butter
prices were cut by local dairies yester-
day. The Ann Arbor Dairy com-
pany led in the reduction, quoting
butter at a lower figure than other
distributors.

The new milk rate as announced
by the Ann Arbor Dairy company re-
places the retail price of a quart from
$1.25 to $1.10. The wholesale price
was cut from 13 to 15 cents. A case
of 32 half pints is now selling for 75
cents, instead of the previous price of
78 cents. This is three and a half
cents a bottle. Restaurant and house
prices have been cut by 65 cents for
sevens and a half cent for eights.

Bitter, which has been decreasing
for several weeks, continued on its
downward course. The lowest quan-
tity, obtained from the Ann Arbor
Dairy company yesterday morning,
was 19 cents a barrel, dropping at the
wholesale.

Leading stores and whole-
sale houses whose butter rates were
high, ranging from 60 to 65 cents,
announced that they could not lower
their prices until they bought a new
supply later in the week.
