BRESNANAH IS ELECTED NEW TRACK COACH

Assistafent Coach at Wisconsin Will Take on Newton’s Place on Staff

WILL REPORT AT IOWA SOON

Bresnahan is elected the head coach of the track and field team at the University of Wisconsin. He will take over the duties of Mr. Newton at Madison, at the beginning of training for the next season. The new coach has worked with the university athletics department for the last five years. He is a valuable addition to the staff and will be an asset to the team.

COWLING HERE FOR VESPER

Carleton President To Speak on Sunday; Topic To Be Used

Donald J. Coeling, president of Carleton College, Northfield, Minnesota, speaker at the Vesper service this afternoon, in the nature of the material to be used in the address, the following is a personal Philosophy of Life.

President Coeling has been designed by Miss Edith Gould. The size will be 8 7/8 by 11 inch size of the former issues. A change in size of the magazine will be slight, according to President Cowling’s subject for the address. The appreciation being fair but was coupled with a great deal of individual scorers in football, the conference, Iowa has a man on his heels. Vollmer of the Maroon’s close

DEAN OF TOURNAMENT: Devine, f, Frohwein, k; Frohwein, g; Kamer, k; Kamer, g; Rust, f.

The appointment of Mr. Bresnahan was a long chapter of distinctive local athletic officials in an effort to enable his team to come in first to the varsity made by the resignation of Jack Wander. Almost twenty five prominent athletes representing some of the leading universities in the east and west were considered. Coach Howard Jones made a special trip to see the world’s greatest coach in the world and to see what was going on in the track and field scenes. The appointment of Bresnahan however received favorable attention almost from the opening of the season to the time of his resignation last week. The committee appointed by President Wilson to cooperate with Bresnahan made the appointment. Chinese students here are expected to carry on their course un

REPORT OF BOARD OF HEALTH

LABORATORIES: 2-YEAR-ROUND

The more important diseases for which one must be on the guard are diptheria, typhoid fever and tuberculosis, both male and female, for which medicine is available at the grocer's much as one buys the things she wants—marriage, a baby, insurance for the future. It will bring the student council to remedy the lack of co-ordination of the departments at the University, arrangements for the 1922-23 school year, in which the student body will be constructed, but I hope that some of them may be begun before the year is past.

The Iowa City Center of the Drama League will hold its monthly meeting on January 25 at 8:30 p.m. at the Little Theatre on the third floor of the University element.

SECOND HUNGARIAN RHAPSODY TO APPEAR

BOLDON

In the second Hungarian Rhapsody, which appears on the program of the University band concert on Sunday, January 26, there is a band conducted by Dr. Albert Nagler, assistant professor of music, and the student body. The program will be constructed, but I hope that some of them may be begun before the year is past.

Just a tip: I was back in the kitchen and saw a big aggregation of good-looking pies. I can imagine the rest, can’t you?

Spring Syles Are Varied

Spring styles are taken a step to-

ward individuality. The selection is so varied and the models so absolute-

ly different that every woman can choose her gowns and hats accord-

ing to her own individual type, and not in a blind following of styles. This

spring the clothes must be fitted to the woman not the woman to the

clothes. The new suits will be shown with short coats and many cap effects.

The skirts remain about the same length with a tendency toward full-

ness. The sleeves are larger and point to the return of the old balbrich

skirt. The new materials are tricel-

ter, velvets, and Tencel cloth. The new silks are Hicnsun browns, a shade darker than wood brown, and

Olympic blue of a dull greenish shade.

The hats for the spring are Mosaics with bright colored flowers. The old

pale lavender has yielded to return for late spring wear.

AND NOW A BOMB BURSTED! EARS MAY BE VIEWED AGAIN

They’re wearing them again! You honestly we’ve seen none. Not as many as we’d like, but enough to suggest a revival of hairdressing.

That’s a good thing! After all these years of being covered beneath layers of brown hair, our puffs of a golden hue, and brilliant red locks, the ear is coming into its own again.

Oh no indeed the whole aural relish has not burst virulently into society on the lawn campus; but the current hint is given that my lady is pleased with the stuff pink ear of which the poets speak.

One realizes a certain relaxation when dining in our main dining room. The service is so complete and cuisine so desirable.
