CAST OF 13 IS SELECTED FOR "LOVE BROKER"

Yeatsbee Selects Cast for the Annual Engineers' Show to Play March 15 and 16

MUSIC FOR PLAY IN ORIGINAL

Iowa New Show Will Be Introduced—Engineer's Band and Saxophone Sextet Will Play March 15 and 16

Iowa's wrestling squad left yester­day to grapple with the Purdue squad that is expected to add another victory to Iowa's conference battles.

Robert J. Schrader, head coach of the Hawkeyes, is selecting the cast of 13 young men who will play in the play, which was composed by Benjamin H. Dorsey of Des Moines. The music for the production was composed by Yeatsbee and Mortimer D. Byrd of Des Moines.

"The Love Broker" is written in three acts. The setting is in Ireland, a fictitious kingdom where some American engineers are working on the development of a waterpower project. The action of the play hinges around the efforts of the Irishmen to win the affections of the fairies with the rivalry of the English and the Irish.

Yeatsbee selected the cast of four building tryouts on Monday, Tuesday, and Wednesday evenings of this week. The play is entirely original in its presentation, and the play was composed by Benjamin H. Dorsey of Des Moines.

Iowa to be behind other relief funds, and it seems a safe guess that, if the young men and young women refuse to regard the profession as a business, indeed, as a matter of personal pleasure.

THE LISTENING POST—A reader suggests that we change the name of this paragraph because "Wapiti" does not refer to the "Black-Belt" or "Black-Haired" but rather the "Gray-Backed" which is what the phrase usually means. We shall do so.

No one doubts the presence of chivalry upon the campus, but one is skeptical as to its existence in the class rooms. Most students, no matter how yellow-clawed elsewhere, never offer their assistance to "co-eds" in crowded study halls. Tom T. Norris, Advertising

GRASSFIELD OUTLINES PLAN TO MAKE CLUB HOME AND PREPARE MEN FOR CITIZENSHIP

"Why, I would talk to you all night if you would listen," said Ralph G. Grassfield, director of the Iowa Memorial Union, with a broad grin and a lightness of step, as he closed the door.

"Of course you can't stay too long, and it is not wise to keep you too late. I need you too much for the purpose, the big object," the director said, as he gave one last look over his spectacles the while.

"And you may as well know right out, the Iowa Memorial Union is to become the home of the student body, the women equally, and second, the union is to be a school for citizenship, not only theoretical, but practical and concrete.

COLLEGES GIVE $400,000 FOR RELIEF WORK.

The President's office has received a telegram from the Hoover relief com­mittee giving the contributions of various colleges and universities to the relief fund. The amounts are as follows:

Pennsylvania—Beginning with the second semester, a course is to be known as "social science 101—society for men" will be offered by the home economics department. This course will include a study of the nutritive value, selection, and preparation of simple foods, with special emphasis upon those suitable for camping.

The chairmen of the four sections of the board of control of athletics were experienced in finding a suit­able man. Mr. Ernest G. Shroeder, head of the department of physical education for men, is heading the daily classes in boxing at his men's organization.

The board in control of athletics de­cided not to engage a professional boxer to take charge of boxing classes in the department of physical edu­cation at their weekly meeting Wednesday.

A professional boxer was considered when that department was added to the physical curriculum, but difficulp­ly was experienced in finding a suit­able man. Mr. Ernest G. Shroeder, head of the department of physical education for men, is heading the daily classes in boxing at his men's organization.
