A Message For Today From Abe Jackson Lincoln

"Let every American, every lover of liberty, every well wisher to the republic, every honest, sagacious lover of justice, let every one of us return to the principles of '76, let us revere the Charter of our country, and let us ever be watchful to detect and repress every tendency to subvert the Constitution as divinely as ever any American pledge his life, his fortune, and his sacred honor to the support of this Constitution.

"Let reverence for the laws be breathed by every American citizen. "Obey laws," said the God of Abraham, "I am a God of justice," let us be just. Let justice roll down like waters, and righteousness like an ever-flowing river."

"In short, let it become the political religion of the nation; and let the secession of any state, for bathing, or for any of those large events, the public peace and the Union, be a capital crime, punishable with death, in the eyes of God and the country."

THE COLLEGE PRESS

THE VALUE OF RESOLUTIONS

Unless a student is endowed with an exceptionally large amount of common sense and self-restraint the opening of a new semester is not an especially propitious time for beginning more such solemn undertakings as the resolution to add to the culture of the college student. A resolution is an action that must be careful, and frequently double candlelight, and better stay in bed. If you cannot say the right thing at last, better say the wrong one.

PAYING UP

It is a difficult and somewhat discouraging job to try making persons accountable for sums which cannot be cancelled by a new subscription or advertisement. In the first place in the case of those who fail to pay their bills, there is a sense of injustice, that degree of regret which when you can speak when there is hardly any appreciable

HAWKEYE PRICE RISES IN MARCH
Last Sales Campaign to Be Tuesday—All Colleges Will Be Cancelled
The price of the 1923 Hawkeye will be raised to $5.00 on all subscriptions taken after March 1, according to an announcement made last night by Dwight G. Rider Jr. of Waterloo, business manager of the annual.

"This is an increase in price of fifty cents per copy," said Rider, "and has been made necessary because of the tardiness in subscribing for the annual has come out in the spring to get an extra copy.

It is the plan of Rider this year not to order additional copies of the Hawkeye, and annuals will be printed only for those who have subscribed for them. Printing and engraving prices have made this the only possi-

ble course. The increase in price, it is

hoped, will encourage everyone wishing a Hawkeye to subscribe for the unusual during the second sales campaign which starts Tuesday, Feb-

ruary 15.

That tables will be run in liberal arts and natural science in the sales campaign, and all the professional courses and campus organizations will be cancelled, is the plan of Ridi-

er. 1,001 subscriptions have been set so far and it is hoped that with an energetic drive at the beginning this mark will be reached in a short time.

Work on the 1922 Hawkeye is rap-

idly nearing completion, according to A. Carmen Esterline A5 of Nebraska City, N. J., editor-in-chief of the annual. About fifty percent of the en-

graving has already been received from the engravers, and seventy-five per cent of the type has been set. The Bureau of Engraving of Minneapolis is doing the engraving for the book and the Economy advertising com-

pany of Iowa City is doing the print-

ing and binding.
