A season ticket will allow the holder to see all the thousands who are clamoring for admission, and has limited the number of applicants for entrance, President John E. Walker put it the other day, "to twenty thousand dollars for beauty but not for intellect." Of all the students studying art, everyone must believe that the youth who will be tried in the present contest being conducted by the American Art Association has never met it. The whole business is a more or less humorous magazine had something to say of it in the name of "Galley." According to the present idea, the lower your salary the more you are allowed to steal from your employer; if the latter happens to be a banker. Our admiration for "Pitts" makes it impossible for us to think of others. The "jude" one of its competitors was forced to believe. Mr. Harding's troubles are going to be great. PMVH.

SEASON TICKETS FOR ANNUAL ART EXHIBIT ARE PLACED ON SALE
Season tickets for the Seventh Annual Exhibition of Oil Paintings to be held at the Buckingham Hotel March 1 under the auspices of the Fine Arts Association of Iowa will be reduced to twenty-five cents for University students and are on sale at the University book store, according to Miss Mary Moore, president of the association. Special reductions have been made for the price of these, the regular price being 50 cents. All school children will be given free. A season ticket will allow the holder to view the pictures at any time during the exhibition hours from 9 a.m. to 5 p.m. every day from March 1 to March 16, and from 2 to 5 p.m. Sunday afternoon. Single admission tickets will be 25 cents to all adults.

The exhibition this year consists of original oil paintings by twenty-seven of America's foremost painters. Castes of the larger galleries in the West is entirely impossible to make the pictures of these by early American painters and every student should take advantage of the opportunity, according to Prof. Charles H. Waters.

Early to Rise---

That's the big idea that will carry a lot of merchants thru 1921 with the largest business in history to their credit.

Think of it --- two whole months of selling spring merchandise before spring even thought of peeping.

In February this store sold more suits than ever---in the regular way, no sale such as we have had in past years.

What we will do in March will depend upon our ability to deliver better goods at a less price than competition---
