THE DAILY IOWAN

Where are the numbers? An article in this month's National Review entitled "Royal Air Force in the Trenches," by Marshall Perks, a British officer, paints a realistic picture of the life of the ordinary soldier. It is current with the most recent developments in the war. The author makes no claim to be an expert or a professional, but his experiences and observations are those of a man who has been in the trenches himself.

NORTHEASTERN FIVE
HERE TOMORROW FOR SEASON’S LAST GAME

Iowa and Northwestern will bring their conference basketball season to a close at the friendly tomorrow night. The Hawkeyes, after a 1 to 1 draw last year, will attempt to duplicate their win over the Purple and Gold this time. VanMeter will open up the offense against Van Meter, proving that Van Meter’s high scoring ability is not all with the Illinois. However, if the Purple and Gold can break Minnesota’s last night’s win, Iowa can tie for fifth with Illinois. Northwestern has lost nine games so far, as they enter Wisconsin for the first game of the season. However, most of the games have been stiff fights and the Hawkeyes men have shown that they will have a good chance of veterans next year. Play this game has been erratic in the extreme.

Most of the season Northwestern’s has played without the services of a single veteran. Captain Saunders, forward, was moved to the side line by Lysaun and has gained in most of the games only as substitutes. The most consistent mixer, running guard, is Northwestern’s high scorer with a total of sixty-three points. He has a mark of thirty-eight coming out of seventy-two from the fall line.

The Hawkeyes have been to school around during the season that one or two good performers, Franks and Palmer with ten each. Franks, center, is a dangerous scorer, while Patten, back guard, has made seven goals. Northwestern has averaged only fifteen points per game in ten contests.

The game tomorrow night will mark the last appearance of Captain Bob Raffecans in an Iowa uniform. The big guard has played seventeen ball all the year, and should have a position on any all-conference team when the critics look over the material. Breda, Lehman, Duvall, McCormick, and Franks will be hard to form a powerful team for 1922.
