MAT TEAM HAD GOOD SEASON Iowa's Wrestlers Won Four Conference Meets This Year

Indiana University has won four conference meets this year. Indiana University has won four conference meets this year.

The western intercollegiate wrestling meet was held last week at Bloomington, Indiana, in which the following universities by the exception of single point, marked the close of the most successful season that Iowa has had since becoming a member of the conference five years ago. In 1907, Iowa went well in their meets, but were not expected to win any of the games.

This year the team won from Northwestern University, Chicago, and Nebraska, and lost to Purdue. The team lost to Purdue in the season's opening match and then won over Ohio State and then had one win and one loss. Whitney won four matches, Lockwood won two matches, and Smith won one match. The team will have one win and two losses and two and half and one loss and one win. Whitney won four matches, Lockwood won two matches, and Smith won one match.

Championship Game (Winner of Division A vs. Winner of Division B) Saturday, 7:15 P.M. at Armory

UNDER THE AUSSCIPES OF BOARD IN CONTROL OF ATHLETICS, UNIVERSITY OF IOWA
MUSEUM ADDS CONDOR
AND EGG COLLECTION

A California Condor has been added to the University museum, according to Dr. E. L. Bassett, assistant professor of biology at the University yesterday by Professor Horace R. Duff.

The bird was received from the University of California, through L. C. Stanford of the American Museum at New York City. The condor is very nearly extinct. It is a protected species of the United States, according to Professor Duff. Professor Duff has been in New York since 1917 to decide on the best method of protecting them here.

The cases for exhibiting the birds' eggs are now being made for exhibiting the collection.

This collection of North American birds will be given to the United States, according to Professor Duff. Professor Duff is spending this semester in New York in 1917 to decide on the best method of protecting the birds here.

The cases for exhibiting the birds' eggs will have sliding drawers divided into compartments. The eggs will be housed in glazed and labeled in each compartment. There will be a glass case over the entire case for the eggs. The collection will be placed in the Munger Life building.

MATERIAL FOR FRUIT
MUST BE IN THIS WEEK

Only a small amount of material has been received for the contest for contributions to the April issue of the Fruit, according to Dr. M. J. Bielewicz, head of the Department of Botany. "Very little material has been handed in so far," said Biehle, "and as the object of the contest is to collect as much material as possible for next year's proceedings, the interest of the students has been rather disappointing."

The contest has been started to determine the amount of material that can be collected in the future. The contest will be over at the end of the month.

The first boxing tournament ever held in this country, and one of the most talked about events of the past month, is the tournament, intended to be mounted in a habitat exhibit. - a term used for a penitentiary offense to kill one in self-defense.

SCHOELL WILL LECTURE HERE

"The Cathedral of Rheims" Will Be Subject of Lecture

Prof. Frank L. Schoell, professor of French at the University, will lecture on the subject of "The Cathedral of Rheims" Friday March 30th. His lecture will be held in the natural science building in the evening and because of the various other activities that week the program will be reduced to the minimal extent and not last more than an hour.

Professor Schoell is the author of two recently published books, "La France Contemporaine" and "Pays de l'Eglise Cathedrale." According to Prof. Charles F. Ward of the department of French language the books have attracted much favorable comment because of their pictures of the new French civilization.

Interested students to take advantage of this lecture are invited to do so. Prof. Schoell said yesterday, "Professor Schoell has a good reputation among students. He considers this lecture a valuable opportunity for his students to have something different to listen to."

The lecture will be illustrated by slides showing the beautiful architecture and history of the cathedral which made it one of the most noted in the world.

NEW BOOKS AT LIBRARY
HAVE VARIED SUBJECTS

The books this week on the "new book" shelf are all worthy of being read with many subjects and reviews as is shown in the following list:

STOKE'S ORCHESTRA WILL TAKE LONG MUSICAL TOUR

Stowe Novelty Boys, managed by Walter A. Shaw, who have been playing in Iowa City for the past three months at various University functions and private parties will not play in Iowa City after next Saturday night.

Mr. Shaw has arranged in securing a musical tour for his orchestra on the Santa Fe railroad for the next three months and the party to be given at Roseville and San Francisco by the last appearance in Iowa City.

CORRECTION

An error was made last week's issue concerning the Engineers' new song, "Jingle Bobs," this was composed by Malcolm H. Keight and Robert S. Van Dorn made the band arrangement and Charles M. A. Guest wrote the words.
