INTER-SOCIETY DEBATE TO BE THURSDAY NIGHT

Each of Women's Literary Societies Will Enter Teams

CUP AWARDED WINNER

Allowed Five Minutes For Their Constructive Speeches

The women's inter-society debate will take place tomorrow evening at 8 o'clock, the different teams debating as follows: Octave Thanet, affirmative vs. Erodolphian, negative, in room 213, liberal arts; Octave Thanet, negative vs. Whitty, affirmative, in Octave hall; Hamlin Garland, affirmative, vs. Athena, in the Little Theater; Erodolphian, affirmative vs. Hesperian, negative, in the Erodolphian hall; Whitty, affirmative vs. Hamlin Garland, negative, in room 110 liberal arts; Hesperia, affirmative vs. Octave Thanet, negative in Hesperian hall.

Subject of Debate

The question is "Resolved, That the Enrollment of the University Should be Limited to 5000 Persons, Constitutionally Waived." Five minutes will be allowed for the constructive speeches, and three minutes will be given each speaker for rebuttal.

Points will be awarded to the judges, and these will count toward the cup which is given to the society having the largest number of points.

The Teams

The following persons will compose the teams: Hesperia, negative, Islea Orlieh A3 of Rolfe, Alma Olerich A3 of Rolfe, and Gladys Taggart A3 of Spencer. The affirmative team is made up of: Ardeth Welty A3 of Spirit Lake, Lorraine Luthmer A1 of Sumner, and Winifred Fritz A2 of Clarion. Hamlin Garland, affirmative, Myrtle Keeley A4 of Maquoketa, Flossie Mernler A4 of Iowa City, and Ruby Miller A1 of Iowa City. Negative, Helen Douglas A3 of West Branch, Grace Walford A4 of Shenandoah, and Laura Balle A2 of Madrid.

To Secure Judges

Octave Thanet, affirmative, Josephine Ainsworth A1 of West Union, Madge May A1 of Corwith, Theone Batcher A1 of Toledo. Negative, Lucile Hoffman A3 of Iowa City, Evelyn Harter A1 of Keokuk, Helen Haddock A4 of Greenfield.

Whitty, affirmative, Florence Castle A3 of Shenandoah, Freda M. Snyder A1 of Fort Dodge, and Florence Ingham A4 of Afton. Negative, Ruth Zorn A3 of Montezuma, Pearl Davis A3 of Plymouth, and Bernadine Nevil A2 of Richmond.

Each society is securing three judges whose names will be announced tomorrow.

MANY SENIOR COMMERCE STUDENTS SEEK POSITIONS THROUGH THEIR BUREAU

Approximately one-fifth of the seniors in the college of commerce have registered with the employment bureau conducted by that college. Until the last few days not many of the seniors had taken advantage of this bureau but as the end of the school year grows nearer a keener interest has been noticed, and registrations have increased. It is expected that practically every member of the senior class will be registered within the next two weeks.

Many favorable replies have been received in answer to letters sent out by the bureau to various industrial and financial concerns, and it is confidently hoped by the directors of the bureau that practically every applicant will be placed in a desirable position.

The bureau is under the direction of Paul W. Penningroth A4 of Tipton, president, and William E. Carpenter A4 of Iowa City, business manager. Applications may be left in room 205 of the liberal arts building.

STUDENTS TO GIVE ANOTHER MUSICAL RECITAL TONIGHT

Another of the series of student recitals which are open to the public will be given at the school of music building, 16 North Clinton street, tonight, March 29, at 8 p. m.

The program comprises the following numbers: D'Albert: Gavette and Musette in D Will MacKinnon Godard: Florian's Song Marion Ansel Beethoven: Adelaide Clement Scott Sunshine Song: Grieg Gladys Obrecht Franz: Out of My Heart's Great Sadness. Jensen: O Stay These Passing Moments H. A. Iddles Mozart: Theme and Variations in A Dorothy Latchem

These recitals are given every Wednesday evening at the same time and place and are open to any one who is interested.

BAND CONCERT TO BE SUNDAY

Tickets Are Now On Sale For Program of 12 Numbers

The last indoor concert by the University band will be given in the natural science auditorium Sunday, April 2, at 4 o'clock. Tickets are now on sale for 25 cents at Whetstone's drug store.

The program will consist of about 12 numbers, and will last for over an hour. Director Orrie E. Van Doren and his musicians are practicing extensively for the concert. The most pretentious numbers to be given are Dvorak's "Largo," his Slavonic Dance number, and selections from "Carmen."

The last concert was well received by the University, and the concert next Sunday will undoubtedly prove more excellent from the standpoint of the selections.

The proceeds of the concert will be used to cover various incidental expenses of the band not covered by the yearly appropriation allotted for this particular field. The purchase of music from the funds created in this way are frequently made. The band at present has a library of numerous musical selections valued at over \$1,500. A recent purchase of a famous selection cost six dollars for the music for each instrument.

SWIMMING TRYOUTS POSTPONED A WEEK

The tryouts for the women's class swimming teams, which were to have been held last night in the women's gymnasium, were postponed until next Tuesday, April 4 at 4:30 p. m. Six members will comprise the first team and four members will be placed on the second team.

The contestants will not be judged on a competitive basis but by their relative merits. Each woman who tries out will show her ability in swimming form, in swimming for speed, as well as form in diving.

The committee in charge of the tryouts are, Mrs. Walter Baker, instructor in the department of physical education, Mary Freeman A4 of Nocates, Florida, and Gladys Taggart A3 of Spencer.

581 STUDENTS APPLY FOR DEGREES IN JUNE

Five hundred and eighty-one students have applied for degrees to be conferred at the June convocation, and the registrar's office reports that more applications are being received every day.

Of those who have applied, three hundred thirty-five are seniors in the college of liberal arts; fifty-two are graduate students, thirty-five are students in the college of applied science; thirty-six are seniors in the college of medicine; thirty-two are seniors in the college of dentistry; twenty-four in the college of pharmacy, and forty-seven in the college of law.

TRACK MEET IS SATURDAY

Intra-Mural Event Will Take Place on Iowa Field At 2 P. M.

Track men will have a chance to show what they can do out of doors next Saturday, when the intra-mural novice meet will take place on Iowa field.

Colleges to Compete

This meet, for which any man, who has not won points in any intercollegiate competition may enter, will start at 2 p. m., and will consist of the recognized outdoor events, such as: 100 yard dash, 220 yard dash, 440 yard run, half mile, and two mile runs, high and low hurdles, high jump, broad jump, shot put, pole vault, disc, hammer, and javelin throw. Besides these events there will be two inter-college relays, the half mile relay, and the mile relay, in which teams from the different colleges will compete against each other.

Ribbons will be awarded to the first five men in each event, and to the men on the first three teams in each relay.

Frosh to Enter

At present there are about sixty-five men on the freshmen track team, and all of these men will be required to compete in this meet. Any other men in the University, who have not won points in competition, are eligible and can register on the blanks which have been placed in or near the various locker rooms.

NO OUTSIDERS WILL DANCE AT FORMAL COMMITTEE DECIDES

The Junior Prom, set for the evening of April 21, will be strictly a University party this year, no tickets will be sold to outsiders. The tickets, which are to be non-transferable, will be sold only to University students, to former students of the University, and to alumni.

225 Tickets

The Prom committee will have representative students to take tickets at the door on the night of the party in order that encroachments by strangers will be reduced to a minimum. 225 tickets for the Prom will be placed on sale at Whetstone's on April 4.

In speaking of the ticket sale yesterday afternoon, Leroy S. Barber A3 of Marion, chairman of the Prom committee, stated that exactly 225 tickets would be sold, and no more; for the programs for the party are already ordered. The programs are to be of special design, and will contain inserts which are new here. The committee which contracted for the programs looked no further for a suitable program when the one in question was presented to them.

Orchestra Hired

Engelman's orchestra which played for the Prom last year will furnish the music again. The price of tickets will be the same as that of the three preceding University formal this year, \$2.50. Last year two orchestras played for the Junior Prom, but owing to the price cut which the social committee has deemed advisable this year, expenses must necessarily be reduced. However, the Prom committee hopes to put on one of the best parties of the year. A detailed account of the expenses for the affair will be published in the Daily Iowan, accounting for the cost of everything in connection with it. If any funds are left over at the last minute they will be spent for added features.

Decorations have not been fully planned, but will be in harmony with April, and will endeavor to proclaim the attendance of spring.

QUARTER STARTS SOON

The spring quarter in the curriculum at the women's gymnasium will probably commence immediately after the spring vacation. At this time the floor work will be finished and outdoor sports will be taken up.

IOWA TEAM TO DEBATE FRIDAY

Nebraskans Coming Here To Take Part in Open Forum

The Iowa debating team will meet the Nebraska team in the natural science auditorium Friday evening, at 7 o'clock to debate the following question: "Resolved that the United States Should Cancel the Allied War Debt." Iowa will take the affirmative side and Kenneth M. Dunlap A3 of Jefferson, Glenn F. Cray L1 of Marshalltown, and James M. Stewart A2 of Runnells will be the debaters.

Important Question

"This is a question that affects every man, woman and child in the United States," said Herbert C. Weller, instructor in the department of speech. "It is a question whether the United States will cancel \$11,000,000,000 now owed by our associates in the late world war and put on every man, woman and child's shoulders \$100 extra in taxes.

"On the other hand if we do cancel the debt it means practically the solution of the economic problem which Europe now faces with bankruptcy before it.

Open Forum

"We have set the time for the debate at 7 o'clock in the evening in order that students may have the opportunity to hear the debate, and then be free early in the evening for any other engagements they may have."

The debate will be an open forum with no judges. The debaters will be allowed nine minutes for the presentation speeches, and six minutes for rebuttal. After the debate is finished the usual open forum will be held.

BASEBALL MEN TAKE WORKOUT ON DIAMOND

There were about forty men out for baseball practice last night, but because of the water on the diamond and the chill in the air Coach James Ashmore did not work them hard, devoting the entire afternoon's work to improving the batting of all of the men.

Many of the men are hitting the ball square, driving out clean hits, that should score runs for Iowa, when the season opens. Michaelson, Locke, Shimek, Wilhelm, and Draper, members of last year's team are showing promise with the stick. Most of these men were good hitters last year, and should go better this year.

Some of the pitchers are going good, particularly Frohwein, who had good control and fast breaking curves in the game that he pitched last Friday. Wells and Becker do not seem to be in as good condition as Frohwein, but should be in shape for the conference season. Voltmer, on last year's squad, is also out, but has not had an opportunity to pitch in any of the games. There are a number of other pitchers out who have yet to prove their value to the team. From all indications, however, the pitching staff of this year's team should be stronger than the one of last year.

In the two or three short games played this season, Locke has been used at first base. He is not accustomed to playing at that position, but is learning fast, and his hitting should make him a valuable man at first. Michaelson was used behind the bat, with Barrett catching on the second string.

2400 HAWKEYES SOLD

To date approximately 2400 Hawkeyes have been sold. This total was only approached by the circulation of the 1921 Hawkeye which had for its subscription total 2100. Last year the subscription amounted to 1825.

It is evident that the special feature sections which will include the past seasons football stars and their records, a new rotogravure division, a who's who and others have attracted the student body to the excellence of the book.

HOPE TO RAISE \$200 WITH SALE OF LOST AND FOUND ARTICLES

To raise \$200 by next Friday is the aim of Staff and Circle, honorary women's society. In order to get the amount necessary for payment on the University song book, the women will conduct a sale of lost articles accumulated at the office of the dean of women.

The sale will be held today from nine until four in the liberal arts drawing room. A surprising number of attractive and useful articles will be for sale cheap. Several fine wrist watches will be offered for \$12. A great many bar pins, rings, and other pieces of jewelry can be secured for low prices. A veritable row of fountain pens and vanity cases will be on display. Pocket-books, handkerchiefs, notebooks, gloves, and textbooks are also awaiting purchasers.

GEOLOGIST TO TALK APRIL 4

University Lecturer Will Discuss Work On Battlefields

Prof. Douglas W. Johnson of Columbia University, who will be the speaker at the University lecture on April 4 in the natural science auditorium, will discuss the "Topography and Strategy in the Great War."

Speaks With Authority

Professor Johnson will speak with authority on the subject, because during the world war he made special studies of the battlefields of all the important theaters of the war. He will explain how the features of the land, as mountains, ridges, valleys, and streams influence military operations, strategy and tactics, and how modern engineering devices have eliminated these surface features of the land as an important factor in military calculations.

Studied Battlefronts

From the first days of the war, Professor Johnson, who was in Europe, visited and studied all the areas of military operations, and followed the changes of each of the battlefronts, and found that the role played by land convolutions in military campaigns and movements is no less important today than in the past. As a result of his extensive study of the battlefields in the relationship between inanimate nature and the science of war, he published his well-known war book, "The Battlefields of the World War."

Published Book

"The Battlefields of the World War" is an important contribution to a comparatively new subject which treats of military topography. In this book Prof. Johnson presents a picture of the territory or the theater on which the greatest battles of the war were fought.

In 1918 Prof. Johnson, as a member of the American Rights League, was active in propaganda work against the Central powers. He was commissioned a major by the war department. During his military service in Europe he made further studies of the western and southern fronts.

Wrote Propaganda

As a member of the American Rights League he wrote several propaganda articles such as "The Perils of Prussianism," and "My German Correspondence," an article which cites letters written by a German professor, and which was translated into French, Swedish, Portuguese and other foreign languages. From 1917 to 1918 he was a member of the national research council in the division of geology and geography. He also served as a member of the staff of experts to prepare data for the American delegation in the peace conference. He was a boundary specialist, and as such he was an advisor to the state department on territorial questions in Europe.

Professor Johnson teaches geography in Columbia University, and is a contributor to the Geographical Review, a publication published by the American Geographic Society.

PREPARING TO START UNION DRIVE MONDAY

Council Plans Big Banquet For Thursday; Give Speeches

APPOINT COMMITTEES

Will Inform All Freshmen In University Before Monday

"The way everyone is taking a hold and pushing for the Memorial Union displays cooperation to the fullest extent," said Ralph G. Grassfield, director of the Iowa Memorial Union, yesterday. "Every hour sees our organization getting further underway and gaining more momentum."

"By Saturday night we will be ready for the opening of the drive Monday morning."

Banquet Thursday

At the daily luncheon of the Union Council yesterday, at the Commercial club rooms, plans for the big banquet Thursday evening were taken up. J. Reed Lane of Davenport, J. M. Records of Iowa City, Pres. W. A. Jessup and possibly Carl F. Kuenhle of Denison will be the main speakers of the evening. Edgar J. Goodrich L3 of Anoka, Minn., will also be one of the speakers. John J. Dondore A3 of Iowa City will act as toastmaster. A number of others will also be called on for talks.

Speak to Freshmen

The plans for reaching the freshmen individually and collectively are being realized. Speakers appeared before all the freshmen English classes yesterday and will continue to work until all the classes have been reached.

Freshman Committee

Mr. Grassfield met with a committee appointed by Roscoe Holm A1 of Alton, president of the freshman class Monday evening, and they agreed to bring the freshman committee up to twenty-one members. At present this committee consists of the following men: Max Livingston A1 of Washington, Leroy Hansen A1 of Harlan, John K. Hunter A1 of Marion, L. C. Parkin A1 of Waterloo, John P. Johns A1 of Oakland, C. H. Clifton A1 of Webster City, and Richard W. Dalton A1 of Iowa City. The 21 men will meet with Mr. Grassfield in room 116 liberal arts, Wednesday evening at 7 o'clock to discuss plans for speaking to the men at military training next Monday and Tuesday.

"Spirit Is Rising"

Thursday afternoon at 5, the Women's Commission will meet with Mr. Grassfield in the drawing room of the liberal arts building to discuss an appeal to be made to the freshmen women at freshmen lectures next Tuesday afternoon.

Literary societies that meet this week will also have the opportunity of hearing representatives of the Memorial Union.

"The spirit is rising in the University," said Mr. Grassfield yesterday afternoon. "We feel confident of the complete co-operation of every organization on the campus and feel sure that the Memorial Union project will go over with ease next week."

DELTA SIGMA RHO TO MEET HERE IN APRIL

Formal invitations to the national convention of Delta Sigma Rho, honorary forensic fraternity to be held here April 27 and 29, will be sent to the chapters this week.

The debating team of the University of Pennsylvania, enroute home from an intercollegiate debate with the University of New Mexico will be special guests of the convention.

Accommodations for the convention delegates will be arranged in as many cases as possible by providing for them at the chapter house of the social fraternity with which each is affiliated.

General plans for the convention program included in addition to the routine work, a dinner and addresses. Speakers have not yet been announced.

WILL INSTALL WYLIE'S NEW TRAFFIC SYSTEM WHEN LIGHTS ARRIVE

The new traffic system which was proposed by Prof. Robert B. Wylie, and adopted by the city council will be installed at the east entrance of the campus as soon as the lights for the guide posts arrive. The plan was originated by Prof. Wylie and submitted by him to President Jessup. President Jessup in turn submitted the plan to Mayor Swisher. It was then brought up before the council and was adopted. The system is being installed primarily for the protection of the many students who cross the street at the main campus entrance.

The plan in itself is simple and its installation will not be difficult. Two lines will be drawn from each side of the campus entrance to the opposite corners of Iowa avenue. These lines will serve to mark the course of pedestrian travel. In the centers of the lines a space of definite size will be laid out as a zone of safety for those who are caught by the traffic in the middle of the street. The safety areas

will be marked by two lights each. In the center of the street, between the lanes described for pedestrians will be placed a large light to guide the vehicles coming, going to, and coming from the avenue.

Accompanying this plan was the suggestion that no parking of cars be allowed on the west side of Clinton street within one-hundred feet of the campus entrance.

TO HOLD TRYOUTS FOR SEAL'S CLUB APRIL 6

Any undergraduate in the University is eligible to the tryouts for membership in Seal's club, women's honorary swimming organization, which are to be held Thursday, April 6 at 5 o'clock in the women's gymnasium.

The number of members which are to be taken in is not limited, but will be decided by the relative merits of the women who are trying out. Contestants will be judged by their speed in swimming, and form in swimming and diving. The members of the Seal's club will be present to judge the contestants.

"We are hoping that all women who are undergraduates and are interested will be sure to come out for the tryouts", Helen Hayes A4 of Iowa City, president of the organization stated.

IOWA BOARD MEETS

The board of managers for Iowa, the big spring gayety to be out on by the Y. M. C. A. and Y. W. C. A., May 5, will meet this afternoon at 4 o'clock in the Y. M. C. A. office to complete plans for staging the carnival.

The various committees will present proposals as to the final list of attractions to be presented at Iowa, and the different booths to feature the carnival will be decided upon. A chairman to act in charge of the booths will also be chosen.

D.A.R. VOTES ANNUAL GIFT OF \$100 TO UNIVERSITY

The executive board of the Iowa society of the Daughters of the American Revolution at its state convention in Dubuque last week voted an annual gift of \$100 to the University. The money is to be used to establish a center for the study of American history, and for the purchasing of books on revolutionary war characters.
