What Caused the Increase?

More and more buyers know that it's the yearly expenditure for clothes that counts—more than the original purchase price.

More and more they prefer buying where only good goods are to be found; where such are found in large varieties, thereby making selection a pleasure.

We conduct just this sort of a Store...more people are finding us out every day—that's why we had so fine a gain in our April volume. Are you a customer? We can save you money too.

Sioux City High School Will Not Enter Meet Here on Next Saturday

After the rather poor showing made by the High school at the Drake, held Saturday, to have a chance for the rest of the work in preparation for the first dual meet next week against Northwestern on Iowa field from Saturday. This meet will be held in conjunction with the intercollegiate track and field meet.

Dall Expected to Win

Although the entry list from Northwestern has not been received and their strength is unknown because of the fact that they have not been heard from in many events for this year, Coach Bremer and has informed me of some of the best men on the team. The meet is expected to be close and should show up the shortcoming in many events.

Dall expected to win in the onus events. Events will be run fairly strong, although Dick, Burton and Hartwig are improving rapidly. Chicago has been transferred to the high hurdles from the high jump and is also showing up well in this event. The opposers who run at Drake will go over the week in preparation for the meet.

Cedar Rapids Should Win

In the Interfraternity meet Cedar Rapids, who took First in the half, two men, two men relay, second in the triple jump, fourth in the shuttle race, and fourth in the shuttle race should win without a doubt in both. Northcentral, which won the only two firsts that Cedar Rapids did not take, will not be entered in the Interfraternity meet.

It Can Be Done!

Almost every day we hear a remark to this effect, "I know I ought to be saving money but I am beginning to think that it can't be done." When you permit such an idea to stand in the way of a growing savings account, you have the wrong viewpoint. Save first and spend the rest. Try it. It can be done!
