To stay or to go?

You might have heard it a million times. But in the middle of a pandemic, how do you decide?

Here are a few tips to help you make a decision on whether to stay or go:

1. Assess the risks:
   - Consider the current health conditions in your area and the destination you are planning to visit.
   - Look into the specific travel restrictions and quarantine requirements.

2. Check with friends and family:
   - Ask loved ones who have recently been to the same location what their experience was like.
   - Listen to their advice and consider their perspective.

3. Trust your instincts:
   - If you feel uncomfortable or hesitant about going, listen to that feeling.
   - Trusting your gut is essential in making important decisions.

4. Remember to be prepared:
   - Pack all necessary items, including masks and hand sanitizer.
   - Consider travel insurance in case of unexpected events.

In the end, the decision to stay or go is entirely up to you. So, ask yourself: What is the best choice for me now?
