PHILIPPINES: NATIONAL COMMISSION WILL MEET
WITH DR. WILLIAMS

The Five-Nineteen Expedition will meet with Dr. William L. Williams, United States Commissioner for the Philippines, at the Piano Club on Thursday, May 16, for a mutual discussion of the country.

Members of the club that have not yet received their liberal arts degree will meet at 1:30 in their rooms. If it is not possible for some of them to attend, they will be taken to Jones Residence to join the rest of the group. Reports of the trip will be given in detail, along with advance dates in the completion of psychology and philosophy courses.

VARSITY READY FOR TILT WITH FELLOWSHIP TONIGHT

SMITH HAS BEST CHANCE TO WIN Season's First Victory

The varsity seems set for a near victory over the Fellowship in tonight's big tennis match. For several weeks ago the varsity, according to their coach, have been giving a regular series of training exercises, and the competition will be a very close one. For the Fellowship, the only bright spot in their outlook is that the team notation will be voted in favor of the Fellowship, which will hold the key to the victory.

The varsity's prospects are good, with a good shot at a win on the fourth court. Winners will be held the following week. Will you be on your guard?

IOWA CITY, IOWA, SATURDAY, MAY 18, 1929

EIGHTH TELEGRAPH

INTERSTATE RACER MEET TO BE MAY 20

Flawless Dark on track for May 20

Only two more days remain in the Iowa City News, and the racing season will be in full swing. The next track meet will be the Iowa City News meet, and the following Saturday, May 14, for a mutual discussion of the country.

Members of the club that have not yet received their liberal arts degree will meet at 1:30 in their rooms. If it is not possible for some of them to attend, they will be taken to Jones Residence to join the rest of the group. Reports of the trip will be given in detail, along with advance dates in the completion of psychology and philosophy courses.

GREAT VARIETY OF WORK TO BE GIVEN IN SUMMER SESSION

Special Geography Course, Nutrition, Introductory Coaching Class, Art on Schedule

The summer session of 1922 will open June 12, with a greater variety of courses offered than ever before. The main interest in the training of pupils is a new course in nutrition, which will be taught by Dr. J. H. R. K. S. H. W. N. F. A. A. M. E. N. The course will cover the larger phases of the field and will attempt to teach teachers of practical nutrition the course covers the larger phases of the field and will attempt to teach teachers of this subject.

Special Geography Course
The department of geography is offering three courses in geography: the Fundamentals of Geography, the Geographical Distribution of the World's Resources, and the Geographical Distribution of the World's Agriculture. These courses are designed to give an understanding of the geographical distribution of the world's resources and to teach the student how to use this knowledge in the teaching of geography.

Nutrition Course
The department of nutrition is offering a course in nutrition, which will cover the principles of nutrition and teach the student how to use this knowledge in the teaching of nutrition.

Introductory Coaching Class
The department of coaching is offering an introductory coaching class, which will teach the student how to coach in sports and physical education.

Art on Schedule
The department of art is offering a course in art, which will teach the student how to appreciate and create art.

The Athletics Department
The athletics department is offering a course in athletics, which will teach the student how to coach athletics and physical education.

Read This Book!

If you have not yet read Arnold Bennett's "How to Live On Twenty-Four Hours a Day," we recommend it as it very worth while. There is another book we recommend—a bank book entitled the "First National Bank of Iowa City."
