TWELVE WOMEN TO BE ANNOUNCED

BARTOW TO ATTEND CONFERENCE OF CHEMISTS

Professor Edward Bartow, head of the chemistry department of the Iowa State College, will attend a conference of representatives of the American Chemical Society, to be held in New York, June 28, 31 and July 1. The conference will be composed of several hundred chemists, and will be attended by members of the chemical faculty of the University of Iowa.

The conference will be divided into general and specialize sections, and will be attended by a number of speakers, among whom will be Dr. H. G. M. Whately, of the General Electric Research Laboratory, New York, and W. A. Noyes, of the University of Illinois, and Dr. W. H. Moulton, of Waverly, Martin E. Croyl, of Sioux City, Carl Lohman, of Missouri, and others.

A. F. I. MEMBERS CONSIDER PROPOSAL TO CHANGE NATIONAL CONFERENCE

The annual convention of the American Federation of Independent Teachers will be held at the University of Iowa, Friday, May 26.

The conference will be held in the building now occupied by the Iowa State College, and will be attended by members of the federation from all parts of the United States.

The purpose of the conference is to consider the proposal to change the name of the federation to the American Federation of Independent Teachers.

SENIORS OF EACH COLLEGE WILL PRESENT NIEUW STUNT PROGRAM

Dr. E. M. Kendall will give the violin solo.

The seniors of each college will present the Nieuw Stunt program, which will be the last of the year.

STUDENT EXORCIST

The following article is reprinted from a publication of the University of Iowa. The original was written by a student named John Smith, who is known for his controversial and often controversial views. The article was published in the student newspaper, the Daily Iowan.

The student-exorcist phenomenon has been the subject of much discussion and debate on the University of Iowa campus. Some students and faculty members believe that it is a positive force on campus, while others see it as a negative influence. However, the student-exorcist phenomenon has been a topic of discussion for many years, and it is unlikely to go away any time soon.

CONTEST MAY BE HELD AT SEAN RIVER CARNIVAL

Iowa will Recommend That Activities Contest Be Made Annual Affair

The Western Iowa Conference Editorial Board has recommended that it be held annually in order to give an impetus to the development of a "Campus Carnival" on the University of Northern Iowa campus. The first such carnival was held last spring. The contest has been held at the university since that time and has been very successful. The board feels that the contest should be made an annual affair and that it should be held at the end of the year.

JOURNAL OF BUSINESS GOES ON SALES TODAY

The last issue of the year for the Iowa State College of Liberal Arts and Sciences will be out today. The price will be fifteen cents.

The editors of the college magazine are "The Iowa State College of Liberal Arts and Sciences" and the author of the college magazine is "Dean Chester A. Phillips." A collection of college men.

Seven Members of 1920 Olympic Team Will Compete in Big Ten Meet

Seven members of the American Olympic team of 1920 will be entered in the Conference meet here June 2 and 3, according to an announcement made yesterday by George T. Brenneke, assistant di

sector of athletics. The seven are:

Lincoln, Stanford, Dunn, and Murphy of Notre Dame, Hardy of Michigan, Purdue of Purdue and Dun of Nebraska. Besides these men Harmsworth of Leland Stanford, who is reported to be so good a shot putter as Ralph Rice, is entered. Rice put the shot 51 feet, and Harmsworth has been putting it 60 feet all year.

Kirk in Fast

Kirk has been offering to meet competition to Charles Parc
day. It has been raining the 100 yard dash 8 out of 10 times, and took several

in the 100 meter race at the Olympic park games. Hamilton and Broderick are both all around men, especially dangerous in the hurdle and

weights. Parma is a very fast dis
course man, and Dunn has already
run many races in the hurdles. Murphy, also of Notre Dame, is a

high jumper. Don't throw the

hurdles.

Besides these already famous men, there will be many from the other universities who have not yet broken into the firstclass, 440s who

are Ralph to press the leaders.

Campbell and Wilson will make it hard for everyone, and Paul of

Olympic will probably compete.

Illinois have much start and will also offer strong competition to some of the more famous men in the field.

Rates of one and one half hours for second trip have been secured over the Rock Island for the con

ference meet, according to Coach Breckenridge, and they have also been secured for the state meet at Des Moines.

GALLUP WILL ATTEND WESTERN EDITORIAL CONFERENCE MAY 18

George R. Gallup Jr., editor-in

chief, of the Daily Iowan will move Thursday, May 18, to attend the Western editorial conference which will be held at the University of Wisconsin, May 19-20.

The editors of all the Big Ten daily newspapers will attend the conference in order to discuss the Report of the Commission on University Relations. The conference will be held in the Student Union.

The publishers of the Iowa Daily Iowan will attend the conference as a representative of the state newspaper publishers of Iowa.

$100 WILL BE USED TO BUY PLAYGROUND EQUIPMENT FOR KIDS

Playground equipment at the Children's Hospital will be purchased from a fund of $100 raised by Mrs. J. W. Wilde of Cedar Rapids for that purpose. This amount raised by Mrs. Wilde will make the start, enabling the purchase of large canvas tents, sand tables, swings, sees-saws, and perhaps a merry-go-round, all of which will be set up in the court between the boys' and girls' gymnasium.

A trained observer is to take charge of the playground, working with volunteer students from the department of physical education, to make the playground safe and

order and will aid all the children's sports.

The new playground will be opened to the children in the afternoon according to Miss Mae Ross Pro

er, registrar of the school and will be open to all students. The school has given a grant of $100 for the playground equipment.

DEBATE NEXT YEAR

The debate of 1923 will be a tripartite debate to be held next year on the universities of South Dakota and Nebras

ka. The judges are to be selected by the University of Iowa, and the winner's meal will be

in the band.

It is probable that this will be a permanent arrangement.

The debate of 1924 and next year has not been decided.

Champions Will Be Seen Today

Iowa's undefeated 1921 football team, champion of the Big Ten Conference and the Middle West, tak­

es the field for the last time this morning the occasion being the first annual Senior Day.

In football goes the eleven men who made football. Victory in the last year will not signal, ex­

pect forward passes and show that they have not forgotten the tactics re­

quired to drive the teams through the season with a 300 per cent re­

spect. 

Success on the team who have played the front of the players will be particularly welcomed. These

men are Ackerby and Clark. The senior class will be paid $300 to the

Graduation for Iowa and Ames Expect to Wage Battles For First Honors; Drake Next

IOWA FAST IN DASHES

Paula of Grinnell Only Man Feared in Short Distances

By F. J. Weber

The track men are working out diligently in preparation for the State meet this Friday and Saturday at Drake Stadium, Des Moines. These two days are a great event, probably to be held this afternoon, although Coach George Buss will not be here to watch his men perform. The big last night for these boys will be the 500 yard dash where he will meet with the 400 yard dash and 600 yard dash. He will be well watched by everyone. The board is composed of only alumni representatives from each of the conference schools, and has control of all conference games. Coach Buss will be back in time to take his men to Drake for the prelims on Friday afternoon.

Win for Last Two Duals

All indications point to another record dual at this year's State meet, between Iowa and Ames. With Drake entering to win in police to the weight events, and Grinnell making a good showing in the sprinting, Drake's points in the weight will cut the Iowa score, while Grinnell will lower Iowa's total in the sprinting. Thus, the other schools will have to be left seriously in this year's meet.

In the past two years Iowa has apparently inferior team has tied out Ames. Two years ago, Ames was doped to win by one side score, and Iowa, after coming in at last moment, dropped the meet by a large margin. Last year Iowa was given a better chance to win, although it was believed that Iowa had the stronger team. All of the Iowa men worked at top speed that day, however, and Ames again won.

This year's meet should be harder fought than either of the last two. One day prior to Iowa's 828 win over the state, the Iowa track men line up their best performances, and all the other schools cut in on the Iowa points. Another shot Iowa and Ames tied if of America star men of former years get into the meet.

RACINE'S CIGAR STORES—Four

WELL DRESSED MEN
dont spend much for clothes

GOOD business men buy good clothes. They get so much wear out of them that they actually pay less for clothes year in and year out than men who think they can't afford good stuff.
