New members of Delta Chi, honorary senior men's society, were initiated into the society at the annual ceremony, which was held in the Union Ballroom at 11 o'clock Point. At 11 o'clock junior members of the society entered, followed by the senior members, who were led by Dean Adelshein L. Burgos, and Mrs. Burgos, "in one of the fullest hours that come to a senior. We recognize today the responsibility of maintaining the high standard of our organization."

Mrs. Altman addressed the group, followed by Miss Vida Huxtable, who introduced the new members and announced the names of the new members. Following the initiation, the group adjourned to the Student Union for refreshments and songs. "Should Old Ak be forgotten?" was sung, and the group then sang "Old IGI."

The president of the society was thanked for his efforts. "The Twelve" was then adjourned to the Student Union for refreshments and songs. "'Old IGI.'"

New Menu for Warm Weather

Have you noticed a change in your appetite since warm weather has come? Heavy foods don't appeal and you crave salads, dainty dishes, cool drinks, fountain dishes, etc.

Isn't it a grand and glorious feeling to order just what your appetite craves instead of being forced to eat the same old line?

If you really want to feel good these days, buy a meal book at Reich's and enjoy the last few days of school.

Remarks on the Fact That Basケット Student in Big Ten Is Not a Prominent Athlete

After carefully considering the entries submitted in the activities contest, the judges were unanimous in their selection of Philip W. Porter of Ohio State university as the most prominent person in campus activities among those whose records reached them.

By the grading system agreed to previously, his shoulders above all of the other entrants, and is entitled to even more honor than might ordinarily have come to the winner of the contest because his record contained no indication of extraordinary amount of participation in athletics. The fact that he was thus honored without such athletic accomplishments is indication enough of the high caliber of the individual he has taken in other campus activities.

Every student now enrolled in any university. It is a fact with which every student should be familiar with, and the number of the leading entrants in the contest were also athletes, but the main trouble in every case was that there were very few other activities to supplement the athletics.

It is a fact that by all students, however, it should be said that usually an athlete is required to spend so much time in practice that he has very little to devote to other branches of university life, and that probably accounts for the lack of active interest in campus organizations on the part of athletes.

Respectfully yours,

Martin C. Reams

Chairman of Activities Contest Judging Committee.

HOW THEY LEFT T LIE LINE LAST YEAR

The cut out shows only four of the eight classes that participated. The record of this year was won by Paul Shirley of Iowa City and Lowell Jackson of Muscatine over a course from the Iowa Avenue Bridge to the Park bridge and return. This time was very competitive.

ANNUAL CANOE RACE

MADE LONGER AGAIN THIS YEAR THAN LAST

The annual canoe race will be held May 20 will run over a slightly different course this year. The old distance extended from the Iowa Avenue Bridge to the Park bridge and return. In 1922 the contest was won by Paul Shirley of Iowa City and Lowell Jackson of Muscatine. This year the course has been changed both to aid the spectators and to no one of a real test of canoeing skill and endurance.

CHAPERONS TO CRAB NO MORE

Social Committee Will Act to Relieve Them of Direct Responsibility

The matter of treatment of chaperons draws much attention. In dancing will be freely taken in band past year by the University social committee, Dean Wilbur J. Tainter, chairman of social committee. The members of the party committee for each dance, private or public, will be made directly responsible for conduct at the party, and chaperons will be relieved of the necessity of speaking to individual dancers or of making a written statement of observations which will be held by the University authorities.

This year the committee will do without the chaperons in its party plans, and at the same it will be impossible to make any strict rules in regard to them in University buildings.

FOR THE FUTURE

This change in University regulations will have been a very long time in coming, but it will be a step forward. The social committee hopes to make the next year's social regulation as free from regulations as possible, and at the same time it will allow the social committee to control the social activities of the University.
