The Iowa R. O. T. C. Jumper rifle team lost its first dual match of the season to Illinois by a score of 1,946 to 1,954 in Indianola yesterday following a meeting of the targets which were fired here May 12. Misunderstanding Causes Records Scored by both sides have not been confirmed at the headquarters owing to a misunderstanding over the conditions of the match by Illinois. The shots were fired by the same men and sitting positions, Iowa complied with their own conditions strictly but Illinois allowed fifteen men to fire ten shot strings in each position.
