

## POINT SYSTEM OF W. A. A. IS REVISED

Requirements for Entrance to Organization Include Hiking or Swimming

In answer to many inquiries, Gladys Taggart A4 of Spencer, president of the Women's Athletic association, today officially issued the revised point system for W. A. A. Unusual interest in the organization is being shown this year both by freshmen and upper-class women, according to the president.

### Fifty Points Required

To gain the necessary fifty points for entrance, candidates must either take a series of hikes covering three, five, seven, nine, and eleven miles respectively, under supervision, or swim fifteen times in six weeks at recreational hours from five to five thirty each day. A girl making the first team in some field game such as soccer or basketball may enter W. A. A. on those points, but must make up fifty points before receiving her numerals. Entrance points are required of all

new members and do not count on final awards.

### Ten Mile Hikes

Points toward an "I" may be earned by making teams in field ball, soccer, basket ball, swimming, or base ball. For first team, 100 points are accredited and for second team fifty points. Second teams are chosen only when there is enough good material. Also, ten points for each ten mile hike are allowed with the limit of ten such hikes during one year.

### 10 Points for Entering

Winners in tennis tournaments gain 100 points; second, seventy-five; third, fifty; and entrance, ten. Similarly points are granted for swimming and track work.

An "A" grade in general gymnasium work during the entire school year counts fifty points for freshmen and sophomores.

### Women Must Train

In basket-ball, base ball, and field sports, the girl must attend nine practices at least and must actually play in half the games scheduled, before she is eligible for team points. No more than 100 points may be won in any one sport except swimming. No girl is eligible for team points unless she has kept training rules during the entire training period of that sport.

### "MAN WITH PUNCH" ATTAINS MOST SAYS BOXING INSTRUCTOR

"Give me the man with the punch," said the varsity battling master and boxing veteran of California recently. His pet idea that boxing instills courage is one of the fundamentals. The coach declares that boxing will make an individual conceited in the proper way. Insisting up a man who has acquired the fundamentals of boxing he declares that the man will never look for a fight but if such an argument is unavoidable the man will generally give a good account of himself and thoroughly enjoy the fracas. Again, boxing is the champion of all sports for it builds up the physique, tends toward flexible muscles rather than those of the rigid type, develops a quick brain and absolutely puts a man up on his own initiative.

In the ring there is no one to take the burden off your shoulders and unless a fight is put up, you are the loser.

When asked what he thought of a college student taking up boxing as a profession, Jones said. "The boxing game is limited and unless one is exceptionally talented there is practically no chance to break into the game. "I am a strong advocate of amateur boxing and promote it all I can, but I should never advise a college student to take up the game as a profession after spending money and time in acquiring a good education such as would fit him to make a living in any other way."

### BOARD AND ROOM FOR \$40 A MONTH AT NEW MINNESOTA DORMITORIES

Minneapolis, Minn.—Special—Four dormitories were opened at the University of Minnesota this fall, providing the men living in them with all the necessary equipment except towels. The dormitories are proving very successful and are relieving the rooming situation materially.

### Room and Board for \$40

Plans for living quarters for men, under the supervision of the university, were discussed last year by authorities in charge of the housing bureau. The plans took form when the four houses were secured by the University, and at present 39 men students are living in the four houses, which are located on University ave-

nue between 18th and 19th avenues.

Meals for occupants of all the houses are served in one house, and room and board is offered at \$40 a month.

So far men living in the new quarters have expressed satisfaction with their new surroundings.

"At present each house has a house keeper, a cook, assistant cook, and a janitor. Only the best and most capable help is employed," according to Mrs. Staples who is in charge of the housing bureau of the university. "Aside from the expense for help, six per cent of the income is paid to the University for its interest on the investment, 12 per cent is used to cover furniture depreciation costs, and there is a small fund for repairs. These are all the expenses and if we find that we can make them by charging less than \$40 a month, we will reduce the cost of board and room."

### LEON TO TRY OUT MEN FROM GLEE CLUB FOR UNIVERSITY QUARTETTE

The University male quartette will be selected within a month from among the members of the men's glee club after public competition, it was stated yesterday by Professor Walter Leon, director of the glee club. Members of the faculty of the University school of music will act as judges.

### Quartettes to Compete

Professor Leon stated that the members of the glee club have been organized into ten male quartettes and that these will appear in public competition. The quartette adjudged to be the best will be known as the University male quartette.

"This method, I believe," Professor Leon said, "is the best to secure a representative quartette. Up to this time, the selection of the quartette has been a 'hit and miss' proposition.

Selecting in this manner will also create more enthusiasm in the work."

### Eight New Members

At a recent meeting of the men's glee club, it was decided to increase the membership of the organization from thirty-two men to forty men. A large number of men tried out for the eight places in the club and the personnel list has been filled.

The men who were added are: Henry Fisher and Walter Anderson, first tenors, R. A. Rathbone, second tenor, Paul Lindermeyer, Carl Seashore and D. W. Bray, first bass, Carl Kringel and H. G. Reuschlein, second bass.

### GOVERNMENT OFFERS 3 NEW BABY BONDS TO SMALL INVESTORS

Ten million dollars worth of new U. S. treasury certificates dated September 30th are now in the hands of postmasters in the seventh Federal Reserve district. These certificates are issued in denominations of \$25, \$100 and \$1,000 and are offered to the public on a discount basis for \$20.50, \$82.00 and \$820.00 respectively. Each certificate is protected against all forms of loss by registration and money invested in them increases about 22 per cent in five years.

Secretary Mellon of the Treasury department expects that this new issue of Baby bonds will prove popular with millions of small investors and hopes to build up a large army of regular monthly buyers. The new certificates differ from other government securities in that the owner may demand the return of his investment at any time.

Postmasters are authorized to accept investments ranging from \$20.50 to \$4,100. from any individual, firm or corporation. Subscriptions also may be sent direct to the Federal Reserve bank of Chicago.

## Many Are the New Style Features Shown in Distinctive Apparel for Fall and Winter

The vital question at the beginning of every season is, "What of the silhouette?" This year the vivid imagination of the greatest designers has seized upon coats as the happy medium for their inspiration. We have a variety of silhouettes, but all manifest a choice for lines that are youthful, slim and straight. Most noticeable is the one side draped wrap, and the snug hip line.

Gerona, marvella, veldyne and all the soft finished cloths are popular. Blues, browns and black share about alike. Every garment is good looking, practical and distinctive.

You'll enjoy the coat exhibition.

Prices range from \$10.00 to \$200.00

A sense of completeness in street attire is most felt in suits. And now that fur collars and trimmings add to their weather insurance, women want them more than ever. Russian and Oriental styles especially adapted to the needs of our country, original notes in cut and finish stamp this season's suits with a freshness pleasant indeed.

Tweeds, twill cords and all fabrics softly napped are utilized. Choice of color is wide. Styles appropriate for fur trimming and styles successful without sue for favor.

An early suit selection assures a full season's wear.

Prices range from \$15.00 to \$59.50

### 78 UNIVERSITY WOMEN WAIT TABLE AND WORK IN KITCHEN THIS YEAR

Seventy-eight university women are working for their room and board this year. Nearly all of them are waiting tables or working in kitchens, according to statements made yesterday in the office of the dean of women. Of this latter number, the university hospital makes use of twelve in their kitchens, and ten others secure board for serving at the Pagoda Tea Shop. Mrs. Adelaide Burge, acting dean of women, said she believes a much larger number of young women are working part of the time without it being necessary for them to report the fact to the dean.

"Whenever a woman works for both room and board, we usually limit her hours here in the University, for we feel that she should not be required to overwork herself," said Miss Burge.

### WORK ON NEW STUDENT DIRECTORY WILL BEGIN IN ABOUT TWO WEEKS

Many students have been inquiring as to the time when the new student directory will be published. Professor Weller will have charge of this work which will begin in about two weeks. By that time most changes of address will be made, and the records in the registrar's office in condition to be worked on.

### PHILOMATEANS ELECT NEW REPRESENTATIVES

The Philomathean literary society elected Floyd W. Miller A3 of Wapello and James M. Stewart L1 of Runnells as Philomathean Forensic council representatives to fill the vacancies left by Jasper M. Johnson of Belmond and Albert D. Cannon of Iowa City, who have not returned to school.

## KNOX FAILS TO GIVE HAWKEYES PRACTICE

(Continued from page 1)

wig to Dusey, was incomplete. Bargstrom punted to Shuttleworth, but the ball was called back, and Iowa was penalized five yards for roughing the kicker. Kadesky spilled Hermetet for a one-yard loss. Kriz stopped Kessenick for no gain. A pass, Ludwig to Hoyt, was incomplete.

### Here Come the Substitutes

Otte went in for Hancock, and Nugent went in for Miller. Nugent grabbed Knox's short punt and gained four yards. Rich made eight yards, and the ball was on Knox's 46-yd. line. Locke broke through the line again and went twenty-seven yards to the 19-yd. line. Rich made fifteen yards on an end run, but the ball was called back. Locke went through left guard for eleven yards. Rich added five more through right tackle. Rich came within three inches of a touchdown on the next play, when he hit one of the goal posts and bounced back. Locke made the touchdown on the next rush. Locke was hurt, and Jaqua went in for him. Shuttleworth kicked another goal. Score, Iowa 35, Knox 0.

Minick kicked off to Kessenick who was tackled by Shuttleworth on Knox's 30-yd. line. Rich intercepted a forward pass and ran ten yards to the Knox 35-yd. line. Rich went outside on the next play. Iowa was penalized five yards for offside. Rich failed to follow his interference but made three yards. Ludwig broke up an attempted pass, Rich to Otte. Shuttleworth made three yards when he was forced to run on a pass formation.

With four yards to go on fourth down, Minick punted from the Knox 34-yd. line out of bounds on the 23-yd. line. Minick spoiled a pass from Ludwig to Kessenick. Ludwig flips one to Marthens for a nine-yard gain. Just when Knox had visions of making a first down, Thompson spilled Ludwig for a seven-yard loss.

Marthens punted to Iowa's 40-yd. line. Rich fumbled the punt, but Shuttleworth recovered the ball. In two rushes Rich made first down with the ball in the middle of the field. Jaqua lost one yard. Harding was substituted for Dusey. Rich and Jaqua took the ball in six plays to Knox's 27-yd. line when the whistle blew for the end of the half. Score at end of first half: Iowa 35, Knox 0.

### THIRD QUARTER

Kriz and Engeldinger were the only Iowa players who started the game who were in the lineup when the second half began. The team lined up with Barrett and Otte on the ends, Engeldinger and Johnstone at tackle, Kriz and Moldenhauer, guards; McIntyre, center; Blacke, quarterback; Jaqua, fullback; Nugent and Thom, halfbacks.

Knox kicked off to Otte who returned to Iowa's 24-yd. line. On successive plays Blake made four yards, Jaqua three, Blake five, Jaqua five, Blake four, Jaqua two, Blake four. A pass, Blake to Otte, gained twenty-two yards, and the ball was on Knox's 20-yd. line. Jaqua failed to gain. Iowa was penalized twice for offside, and Blake punted out of bounds on Knox's 20-yd. line.

Blake received Knox's punt on Iowa's 25-yd. line and made seventeen yards before he was tackled. Blake

made two more around left end. Blake passed to Otte for a twenty-yard gain. Blake made four yards, and the ball was on Knox's 26-yd. line. Blake and Jaqua in six rushes brought the ball to the 4-yd. line. Blake failed to gain on the fourth down, and it was Knox's ball. Harding punted to Blake on Knox's 40-yd. line. Blake made two and Jaqua three yards.

Yerkes went in for Blake at quarterback. Yerkes made first down in two rushes. Jaqua and Yerkes in four rushes put the ball on Knox's 9-yd. line. Yerkes fumbled, and Harding recovered and dashed to the 38-yd. line before Jaqua downed him. Frank went in for Jaqua. For Knox, Beyer went in for Walholm.

### First Team Reenters Game

Harding failed to gain for Knox. A pass, Harding to Hermetet, made twenty-five yards. Marthens made three yards through the line. Harding passed to Marthens for a five-yard gain. Otte spilled Ludwig for a five-yard loss. A Knox pass was incomplete, and it was Iowa's ball on downs on their own 31-yd. line. Frank made three yards as the quarter ended. Score: Iowa 35, Knox 0.

### FOURTH QUARTER

The first team returned to the game at the beginning of the last quarter. Rich was in at quarterback instead of Parkin; otherwise the lineup was the same as at the beginning of the game.

Rich made four yards, Locke eleven, Rich nine, Locke six. Minick held, and Iowa was penalized fifteen yards. Rich fumbles, and Knox recovered. Heldt stopped Harding for no gain. A pass, Harding to Hermetet, made eleven yards. Miller broke up an attempted pass. Ludwig passed to Harding for a seven-yard gain, but Knox was penalized fifteen yards for interference. The ball was now on Iowa's 47-yd. line. A pass, Ludwig to Hoyt, gained twenty yards. Miller again broke up an attempted pass. Another Knox pass was incomplete, and Iowa took the ball on downs on their own 23-yd. line.

Minick punted nearly seventy yards to the Knox 10-yd. line. Harding kicked to Rich, who fumbled, but Kriz recovered the ball for Iowa on Knox's 25-yd. line. Rich made three yards, Locke twelve, Locke eight, and Rich two for a touchdown. Adams blocked Shuttleworth's dropkick. Score: Iowa 41, Knox 0.

### Scores Come Faster and Faster

Minick kicked off to Marthens who returned fifteen yards to Knox's 23-yd. line. Ludwig made one yard. Hermetet failed to gain. Hancock intercepted a Knox pass on Knox's 28-yd. line. Rich made nine yards around left end. Dusey replaced Harding. Locke made seven yards. Rich made seven. Locke went over from the 4-yd. line for a touchdown. Shuttleworth kicked goal. Score: Iowa 48, Knox 0.

Lindsay and James went in for Engeldinger and Kriz, respectively. Minick kicked off over the goal line, and it was Knox's ball on the 20-yd. line. Hermetet passed to Ludwig for a thirty-yard gain. Two more attempts at passes were incomplete, and Marthens punted to Rich on Iowa's 35-yd. line. Adams blocked Minick's punt, but Minick recovered the ball for a ten-yard loss. Minick was peeved enough to kick the ball seventy-five yards on the next play over the Knox goal line. Knox took the ball on the 20-yd. line. Heldt spilled Kessenick for a two-yard loss. Miller intercepted a forward pass and dashed twenty-five yards for a touchdown. Shuttleworth kicked goal. Score: Iowa 55, Knox 0.

Seiling took Rich's place at quarterback. Minick kicked off to Hermetet who was tackled by Shuttleworth on Knox's 20-yd. line. Knox made twelve yards on an end run, but the ball was fumbled, and Lindsay of Iowa fell on it. Seiling made ten yards around left end. Locke ran twenty yards to the 8-yd. line. Seiling fumbled, but Minick picked up the ball and loped over the line for a touchdown. Shuttleworth missed goal.

Score: Iowa 61, Knox 0.

### Whistle Comes Too Soon

Roberts went in for Thompson. Minick kicked off over the goal line again, and it was Knox's ball on the 20-yd. line. A Knox pass was incomplete. Minick intercepted a pass on Knox's 33-yd. line. A pass, Seiling to Hancock was incomplete. Locke got away for a twenty-two-yard run to the 9-yd. line. Seiling took the ball over the line, but the score did not count as the whistle ending the game blew just before the ball was passed. Final score, Iowa 61, Knox 0.

## GIANTS SPRING IN LEAD BY 4-3 WIN

Lady Luck Orders Breaks for McGraw's Proteges in Fifth Inning

By Henry L. Farrel

(United News Staff Correspondent)  
New York, Oct. 7.—With all the punch and all the luck that a ball club ever got, the New York Giants came from behind and swept over the Yankees and won their third victory of the world's series 4 to 3 here this afternoon.

### In Happened in Fifth

For the first four innings and the last four the vaunted attack of the Giants was chained up by the underhand slants of Carl Mays, the blonde submarine pitcher of the Yankees. It all happened in the fifth inning on five of the nicest breaks that could have been ordered.

As a starter, Frank Snyder, the big Giant catcher, drove one down to Scott, the Gibraltar of the Yank's infield. The ball took a bound in front of him and caromed off his shoulder into center field. Hugh McQuillan, McGraw's latest purchase from the Boston Bargain counter, then put a double down the left foul line. Hitting the first ball pitched, Dave Bancroft sent an easy chance to Ward. Again the ball took a bad bound and got away from him scoring Snyder and McQuillan.

### Groh Scores

Heine Groh stepped into the parade of lady luck when he bunted down toward first. The ball bounded off May's glove. Pipp dragged it and made a slide for first base, but missed by an inch. Frisch scored Bancroft with a sacrifice fly, and Groh came in later on a lucky single by Irish Meusel.

Just as suddenly as it started the epidemic of breaks stopped and the Giants were held safe by Mays and Sam Jones who went in to pitch the ninth inning after Mays had been taken out for a pinch hitter.

Acting as if they had shed the backing slump which has had them almost hopeless in the series, the Yanks climbed on McQuillan in the first inning and scored two runs. Witt, Dugan, Pipp, and Meusel singled and pushed over a couple of runs that looked fine for a starter.

### Hit The High Ones

McQuillan had made the mistake of serving the American league champions with high balls on which they had feasted. When they came out for the second inning, he started placing them around their knees, and the Yankees started swinging. They continued swinging the rest of the game.

# IOWA BACKFIELD RUNS AWAY WITH WARRIORS

(Continued from page 1)

last half when he intercepted a Knox pass and ran 20 yards for a touchdown. He outran all the Knox tacklers, and scored easily. Knox almost had a touchdown on much the same kind of play. On a fumble by Yerkes, Harding of Knox picked the ball up off the ground and started down the field with practically a clear field. Jaqua came up from behind, however, and brought the runner down.

## Locke Smashes 'Em

Parkin justified the belief of all Iowa fans during the short time that

he ran the team. He made a number of long runs and directed the team in great style. Rich looked much better in the game today than he has looked at any time during practice. He ran with the ball in good fashion, plunged hard against the line, but could not hold the ball on punts.

Locke, as usual, played a wonderful game. The Knox line could not stop him, and he smashed through for a number of long gains. On defense, he backed up the line perfectly, diving clear over the Knox line, on one occasion to down the man with the ball.

Otte, also played a fine game, completing two long passes, one of which

he grabbed out of the hands of two Knox players.

## Knox Fights

Knox outweighed, and outplayed, was not outfought. They were in the game from start to finish. They fought the Iowa varsity to a standstill in the first ten minutes of play, and opened up with a pass attack in the last quarter that almost gave them a touchdown. Their center broke through the line on two occasions and blocked Iowa kicks. They were really a better team than the score shows.

## NO VICTORY CELEBRATION

No big celebration or pow-wow marked the overwhelming victory over Knox college yesterday afternoon. Usually a big bonfire or snake dance takes place after the games, but this first game being merely a practice game, the usual celebration was not held. The Howling 300 fosters such celebrations, and plans to put them on later in the season after the more important games.

Most of the students celebrated the victory over Knox by attending the theatres, dance halls and other amusement places.

1. Curtailment by the social committee of all inactive organizations.
2. Maintenance of Iowa traditions and customs.
3. A strong student council.
4. Recognition of the cultural as well as practical background of education.
5. Broader democracy and greater unity of the student body.
6. The University of Iowa above all fraternities, sororities and other groups.
7. A change in student attitude which will make an honor system possible.
8. Every student and alumnus a member of the Memorial Union.

## LIBERAL ARTS

A random perusal of the catalogs of our own and of other colleges and universities forces us to the conclusion that the liberal arts course is rapidly going out of fashion. Each succeeding year finds a larger number rolled in the various professional courses: medicine, dentistry, law, engineering, pharmacy, commerce, and education. Liberal arts work, in most cases, is taken only because it is prerequisite to a professional degree.

The search is all for the practical. It seems as if all classes of society were vying with each other in their outspoken contempt for the man who hesitates about joining the rush for the dollar, in order that he may "see life simply and see it whole." Harking back to a statement by Vice President Coolidge:

"There are men of liberal education who are unable to make a financial success. There are those who know how to live and yet do not know how to make a living. If they make little positive contribution to the general welfare, at least they do not detract from it. There is far more danger, or menace, from those who have power which great financial success brings and yet are lacking the character to administer it wisely. They know well how to make a living, but they do not know how to live."

Obviously all those who win college degrees do not necessarily achieve liberal educations or learn, in the fullest sense, how to live. The success or failure of a college career is extremely hard to gauge. Grades, certainly, are untrustworthy and supply no infallible answer. The individual himself can supply it. If he has achieved a liberal education or the beginnings of a liberal education—no matter what his grades—he has made a success of his college career.

If our college of liberal arts fails to give its students a liberal education, it is vulnerable to the censure now aimed at it. That it fails to turn out money-makers is no argument which can successfully be maintained. Criticism which has concerned itself with the mere matter of increasing the economic efficiency of the student has never accomplished any good. So far as the college fails to teach the students "how to live," it has failed in its aim; on this score, and on this score only, is it to be challenged or assailed. No case which rests on any other standards can properly be brought against it.

## CONTEMPORARY OPINION (Cedar Rapids Gazette)

### OUR YOUNG PEOPLE AT S. U. I.

Common sense characterizes the policy of the University of Iowa as outlined for the student body this year. The students are asked to put their interest in the university above the zeal for fraternities, sororities or other groups. Duplication of social activities is being eliminated and inactive organizations or those that do not serve helpfully are being cancelled. The objects of these curtailments are to save time, strength and money and for the moral effect on the student body.

Iowa traditions and customs will be maintained

so that every student will feel a vital contact with the distinctive personality of the S. U. I. Every great institution has its peculiar individualization which is one of its strongest influences on the character of the students. Emphasis here is to be given to the cultural as well as the practical aspects of education. A broader democracy and greater unity is to be developed.

When one sees a university, with a student body of several thousands, hopeful of establishing the honor system, one feels proud of the types of young people our high schools are sending to the university.

In general the atmosphere of the university strikes one as being a remarkable blending of serious studiousness and social joyousness, of personal freedom and social co-operation, of interest in special groups yet with a community of sentiment and enthusiasm for the university as a whole. To the visitors from some foreign land the University is a miniature America and the ideals of Americanism permeate and characterize the spirit of the student body.

There seems to be a little too much intentness and haste about the campus and not enough of that leisurely spirit of poise that has a genius for absorbing ideas, impressions and ideals. If the university is to succeed in emphasizing the cultural background of education to develop good taste, fine sentiment, broad and deep sympathies which often are lacking in institutions that are too coldly practical, a spirit of repose and quietness somehow must be developed at the S. U. I.

The students at S. U. I. have a wonderful environment and an unexcelled equipment except that the campus seems crowded and there is insufficient housing for a large percentage of the students. The young man or woman who spends four years in Iowa State University developing a trained mind and a cultured personality enjoys an educational opportunity unequalled in all former generations.

### ON PRESSING A SUIT OF CLOTHES

O thou stubborn suit of mine,  
How refractory thou art!

If we ever own a newspaper we shall endeavor to instil into the minds of reporters a passion for absolute accuracy. We think of numerous very common instances in which this cardinal rule of newspaper writing is violated.

Take, for example, the matter of the arrival of the stork at some worthy citizen's home. "Mr. and Mrs. Blank are rejoicing over the arrival of a baby boy." Now we have no objection to this, for it may be an exact statement of fact; the proud parents may indeed be rejoicing.

But when we read that "A baby boy has come to gladden the home of Mr. and Mrs. Blank," we claim without fear of successful contradiction that this is not merely inexact, but a clear and palpable misstatement.

The sinister influence of politics seems to have spread from the law college to their friends, the engineers.

You have doubtless heard the anecdote of the fan who made a date to take his girl to a baseball game. His lady, true to the traditions of her sex, took her time about getting ready, and they arrived at the park just as the sixth inning was commencing.

"What's the score?" inquired the lady of her escort. "Nothing to nothing," he replied, glancing at the score board. "Goody! Goody! Then we haven't missed anything."

We have one that will tie that. At scrimmage one afternoon recently we observed a young lady who was apparently seeing her first football. Scrimmage was just getting well started when she cried in a voice of real concern, "George, those men don't look where they're going at all! They're running into each other all the time, and if they aren't more careful some of them will get hurt!"

As we shiver to press, the temperature in our sanctum is falling rapidly.

"O wind, if winter comes" . . .

## COMBINED UNIVERSITY GLEE CLUBS TO STAGE OPERA THIS SEMESTER

The men's and women's glee clubs will stage an opera before the Christmas vacation, Professor Walter Leon, director of the glee clubs stated yesterday. The personnel of both glee clubs will be included in the cast of the opera. There are forty men and

forty-two women in the respective organizations.

The opera which will be given has not been decided upon although there are several good scores under consideration, Professor Leon stated. The program will include not only the best in operatic music but will also be featured by artistic stage settings and costumes.

A selection will probably be made within the next week and the cast named immediately after the selection of the opera. Besides being produced in the city, Professor Leon stated, that it will be given in nearby cities if arrangements can be made, and if the success of the showing here warrants it.

## WILL JUDGE I. M. I. DEBATE THIS YEAR

Preliminary Tryouts Will be Held Tuesday; to Award "I's" and \$50 Prize

"The Iowa-Minnesota-Illinois debate on December 8 is to be a judged debate," stated Prof. Glenn N. Merry, head of the department of speech. "Last year the judgeless open forum plan was used and, while the open forum feature stimulated interest in the audience, we expect that the judged debate, with or without the open forum, will stir even more interest in the debate among the student body than last year, because the rivalry between the two teams will be decided by the vote of experienced judges. In answer to a questionnaire distributed at the debate last year, two thirds of the evidence declared in preference of some form of the judged debate. A judge's decision names the winner of the contest."

**Freshmen Not Eligible**  
The preliminary tryouts for the I.M.I. debate will be held on Tuesday, October 10 at 7:00 p. m. in the liberal arts auditorium. Every University student in good standing, except freshmen, is eligible for the teams. Each candidate must prepare and deliver a five-minute argument on either side of the proposition, "Resolved: That the Right of Employees to Strike Collectively Should be Declared Illegal." The judges will select in the preliminary tryouts on

the basis of keen analysis, clear organization, and effective delivery.

### To Pick Two Teams

At the final tryout on October 17, two teams of three men each will be chosen. These men will be judged on their ability actually to debate. One team will meet the Minnesota debaters here on December 8, while the other other team will debate Illinois at Urbana on the opposite side of the question from that debated at home on the same date. The men who make the I.N.I. debating teams receive the Lowden prize of \$50 and are also awarded "I" emblems. Debaters distinguishing themselves are also elected to Delta Sigma Rho, honorary forensic fraternity.

The question for the I.N.I. debate has not yet been announced.

### IOWAN IN SOUSA'S BAND

That the West has invaded eastern musical circles will be very evident to students here when the concert is given by Sousa's band. Meredith Willson, the flute soloist, is a man from Mason City who went to New York to study music two years ago. The degree of perfection which he has attained can well be seen from the fact that, when the band appeared in Chicago, he was advertised as one of the finest artists of the organization.

### KAY TO ADDRESS CLUB

Dean George F. Kay, head of the geology department, will speak at the first meeting of the geology club which will be held next Monday afternoon at 4 o'clock. The club is open to any student interested in geology.

## NOTED EDITOR TO LECTURE AT IOWA

Glenn Frank, Journalist, Will Give First University Lecture of Year

Mr. Glenn Frank, editor of the Century Magazine who has been engaged for the '22-'23 University lecture program, will give an address in the natural science auditorium Saturday evening January 27, 1923.

Mr. Frank has lectured extensively throughout the United States and Canada for the last ten years, and was at one time a member of the International lyceum association. He also served as assistant to the president of Northwestern university for the four years following his graduation there.

In 1918-1919 he was made a member of the group headed by ex-President William Howard Taft, which drafted a covenant for the League of Nations.

As a writer, Mr. Frank is also more or less prominent. He wrote "Politics of Industry" in 1919. He was part author of "The Stakes of War", 1918, and "The League of Nations—Their Principles and Practice", 1919. He now lives in New York City.

The University Lecture Committee has always endeavored to secure speakers of the highest merit.

Lecturers last year were: Percy Mackaye, Reading "Dogtown Comons"; John A. Lomax, "Cowboy Songs and Ballads"; Rudolph Altrocchi "A Message of Dante"; Vachel Lindsay, giving interpretative readings of his own poems; Will Irwin, "The Next War"; W. L. George, "The Intelligence of Women"; Douglas Johnson, "Topography and Geography of the Next War"; and Hamlin Garland, "Contemporary American Novelists."

### THOMAS MACBRIDE'S RECENT BOOK PLACED IN UNIVERSITY LIBRARY

Each Friday afternoon, books which have been recently added to the library are put on a special shelf in the reading room of the general library. After remaining on the shelf for a week, the books are released for circulation.

### Devoted to Species

A book of particular interest to those studying botany and to other students of the University is the one by President Emeritus Thomas H. MacBride, the second edition of his "North American Slime-Moulds". The book is intended especially for North-American readers and is devoted to a discussion of species reported on this continent.

### More New Volumes

Seven more volumes of the Harvard historical series are on the shelves. "Triumph of Plutocracy" by R. F. Pettigrew, formerly United States senator from South Dakota, is a story of American public life from 1870 to 1920.

### FRIVOL EDITOR WANTS STUDENT CONTRIBUTIONS FOR COMING NUMBERS

The editor of Frivol, Margaret Wilson A3 of Iowa City, wants students to contribute to the magazine during the year. Unusually humorous articles, or snappy verses and sketches will be accepted. Old rewritten jokes, freshmen themes, or serious sketches are not wanted.

Any student who can write something original and snappy may contribute. The names of those who contribute articles which are printed will be printed on the contributor's list on the editorial page.

Students desiring their contributions printed in the next issue must have them in before October 15. Those who think that their work needs illustrating should send it in earlier. Contributions should be sent to Margaret

Wilson, 631 E. College street. The contributor's name, street, and telephone must also be sent.

### WOMEN'S ASSOCIATION WILL GIVE PARTY SOON

Next in line on the social calendar, is the party to be given for all upper-class women, who are new at the University, according to Verda I. James A3 of Boone, who is chairman of the Women's association. No definite plans have been formulated as yet, except that the party will be held in the liberal arts drawing room, about the middle of this month.

## MUSICAL STARS WILL COME HERE

Season Tickets Now on Sale at Reduced Rate; Sousa First to Appear

The growing support of the concerts given during the season 1921-1922, encourages the University Music association to offer a season ticket at a considerably reduced rate. This ticket entitles the holder to attend any of the concerts given by the musical artists booked by the music department for this year.

### Noted Talent

The University concert course includes such musicians as John Philip Sousa, the famous band leader, Francis Macmillen, violinist, Anna Case, soprano, of the Metropolitan Opera Company, Thurlow Lieurance, composer-pianist, Rudolph Ganz, conductor, Carolina Lazzari, contralto, of the Metropolitan Opera Company, and Michel Guiskoff, violinist.

Sousa and his band presents the first concert of the series. Lieut. Commander Sousa will bring as soloists: Miss Marjorie Moody, soprano (formerly of the Boston Opera Company), John Dolan, cornetist, Winifred Bambrick, harpist, and George Carey, xylophonist.

### Sousa is Coming

The life of John Philip Sousa shows a marked talent from the very start. Fifteen years after his birth in Washington, D. C., on November 6, 1854, he became a teacher. At seventeen years of age he was promoted to the position of director of an orchestra. Later he accepted the position of first violinist in Jacques Offenbach's orchestra when the latter was in the United States. Between the years of 1880-1892, he served as band leader in the United States Marine Corps. During the same year he became leader of what is now Sousa's band. Sousa's band toured in Europe four times, finally travelling around the world.

Besides being director of a world famous band, Sousa is also a composer and novelist of note.

### FIRST ISSUE ALUMNUS TO CONTAIN FEATURES

Students on the campus will find a greater interest this year than ever before in The Iowa Alumnus, the magazine for students and alumni, edited by Mrs. Grace P. Smith. Many articles written by students are to be featured in the first issue of the magazine which will be published in about a week. Some of the interesting articles are: "Summer Training Camps" by George H. Seigle A4 of Muscatine; "Athletics at Iowa" by Francis J. Weber A4 of Keokuk; "Registration by One Who Knows" by Arnold J. Hand A4 of Lyons; "Intelligence T(P)ests" by Ise Smith A1 of Iowa City; "A Better Daily Iowan" by George H. Gallup A4 of Jefferson.

The Alumnus may be purchased from newsboys on the street, and in the bookstores. Copies may also be obtained at the campus entrance and the stand in liberal arts hall. Dates of sale will be announced later in the bookstores.

## HUGE CROWD WELCOMES RETURN OF FOOTBALL

Threatening clouds and raw weather, of a decidedly autumn type failed to prevent a crowd that is estimated at 8,500 from witnessing the Iowa-Knox football game yesterday afternoon. The west section of the bleachers including the new addition, was packed to capacity.

On the east side of the field a score or more of Knox rooters, from Galesburg, cheered for their team throughout the contest. There were probably 350 in the east bleachers. It was one of the largest crowds that has ever attended an opening football game of the year against a non-conference team on Iowa field.

### COMMITTEE MEETS TO DISCUSS CELEBRATION

The Homecoming committee met yesterday at 11 o'clock to discuss the various phases of the Homecoming celebration which will be held on Armistice day, November 11.

The commemoration of Armistice day will hold a prominent place in the program and the American Legion will be given a chance to cooperate. Other committees including 150 or 200 persons, will be appointed to assist in putting across this annual celebration.

### ROCK ISLAND TO HONOR DECEASED EMPLOYEES

The Rock Island railway system will celebrate its seventieth anniversary Tuesday, October 10. One feature of this celebration is the planting of trees

in honor of deceased officials. Iowa City has been chosen as the site for a tree to be planted in honor of Dr. William B. Middleton who had formerly served here as a member of the staff of the college of medicine.

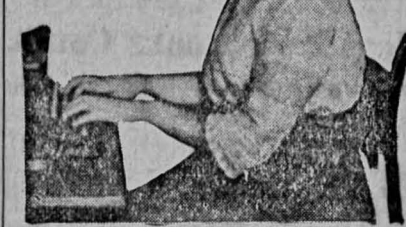

### MISS GRAY IN DES MOINES

### HARRIERS MAKE GOOD TIME IN ONE MILE RUN DURING FOOTBALL GAME

In spite of the sudden change in the weather and the muddy track, the harriers made fairly good time for the mile in their time trial held on Iowa Field during the Knox-Iowa game yesterday. The race, which went in four minutes and forty seconds, was won by Geo. Ashton, Varsity miler of last spring. H. R. Phelps, the most promising member of last year's freshman team, finished second. Following these were in order named, N. L. Ashton, H. H. Murray, and R. B. Foster, all Varsity candidates.

This tryout, which was the first time tryout of the year, was run on the track during the last quarter of the football game. Another trial will be run next Saturday in connection with the freshman fall meet and at the same time that the telegraphic reports of the Yale game are being received.

### RAINY WEATHER LOWERS MORALE; FEW GO HIKING

Though the thirty-four women who had signified their intentions of making the 6 o'clock hike on Saturday morning did not all rise and brave the rain to gain the necessary points for membership in W. A. A. about a dozen appeared and took the hike in spite of the weather.

#### Makeup for Delinquent

A makeup hike for the delinquents will be held on Wednesday, October 11, at 6 o'clock. All who desire to go may sign their names on the sheet on the bulletin board in the women's gymnasium.

A three mile hike will be taken tomorrow, starting from the women's gym. About fifty women have signified their intentions of making it. Among them are: Ila Crabb, Kathryn Poorsbaugh, Evelyn Weston, Lanita Leonard, Fanny Barnes, Madeline E. Porter, Lillian Serbousek, Anne Beebe, Genevieve Sinnott, Lois E. Thompson, Mrs. W. F. Carver, A. Naomi Moore, Mary Leonard, Noel Riepe, Olga Riepe, Francis Roche, Dorothy Wilke, Pauline Patton, Blanche Otte, Kathleen McGurke, La Vera Lorenz, Bernice Watson, Ruby Rubbert.

### BROADCAST NEW TOURS OF UNIVERSITY THEATER

First announcement of the new service which the University theater is making available, to the towns and cities of the state by its weekend and vacation tours were sent out by radio. Through the courtesy of Professor Ford and the radio department, Professor Mabie made the announcements himself.

So far as we know, this is the first instance in which radio broadcasting has been employed in announcing such a service to the state.

Last year the University Theater broadcasted Professor Piper's Masque, "The Land of the Aiuwas", one of the first instances of broadcasting of a college production.

### BETA GAMMA SIGNS TO MEET

Beta Gamma Sigma, honorary commerce fraternity, will hold its first meeting of the year Tuesday afternoon at 4 o'clock in room 207 of the liberal arts building. Now that the college of commerce has taken its place among the rest of the bone-fide colleges on the campus, the only strictly commerce honorary organization is desirous that its purpose and distinction be known by all in the college.

Wm. H. Moore C4 of Fort Madison, president of Beta Gamma Sigma, states that the coming year's activities will be plotted out, and that preparations for another meeting, probably in the nature of a dinner, will be started.

### WOMEN'S GYM WORK BEGINS

All appointments have been made and physical and medical examinations of all Freshman and Sophomore women will be terminated by the end of this week. Regular classes will then be formed, the electives being field-ball, swimming, and soccer for the fall months.

Advanced classes in gymnastics, theory

classes, playground work, and classes in folk and aesthetic dancing have been meeting for the last week.

### WORMER NEW LIBRARIAN

Grace Wormer, who has been connected with the order department of the University library for several years, is now acting librarian. Jane Roberts, formerly head of the library has gone to take charge of the state library at Columbus, Ohio.
