DO STUDENT AUTO INJURY SCHOLARSHIP?

Whether the parking, street, or parking lot happens to be where he is left at home in Dad's garage while the student comes to the University for an education, it is a question which has not yet been answered. Several eastern universities have in recent years established scholarships open to students who own cars and who will bring their cars along with them. These scholarships give the owners of cars extra time from classes and allow at least some form of scholarship. Having a car at Iowa City during the school year may be a help in the matter of finding for next summer, reading, and registration costs, but it is also a temptation.

Miss Deborah James, daughter of Rev. and Mrs. R. B. James, Iowa City, having a car of her own, says in regard to this matter, "It usually does not work out well for a student to have a car here. He is too apt to take time from his studies. She believes that it is a temptation to use the car or drive about that should be used for car preparations. This is not only a restriction to students here on the campus, but it is a temptation to anyone who owns a car to take from his work to enjoy the good things which the cars provide. Miss James also says that the question is not as serious as applicants who want to travel without the car, since Iowa City students have cars. However, when men have cars it becomes a temptation to use the car for car purposes.

Many of the fraternities also report that it is more among their members, while religion report one, too, or more, or none. If an sophomore was taking it would probably not about two in a fraternity. Ten percent of students do not belong, Iowa City members who have the love of their father's cars. Non-fraternity and non-sorority members also cars, but how many cannot be accounted. The large number of cars parked around the campus every day, means to be one of the few who do cars here cars. This may be scandalized by the fact that Iowa City students see the men to come in classes. There is such a large number of those, that the impression is given to many outsiders that students 800,000 and even more care for the part of their studies.

PLANS FOR CONVOCATION NOT COMPLETED

Plans for the January convocation have 800,000 been completed and the date not been definitely decided, it has been announced by the office of President W. A. Ingerson yesterday. Remarks have been posted notifying students who are to receive invitations to pay the postal fees for invitations. The convocation will probably be held late in the month.

Find the Daily Iowa for all the news of your University, Deliveries before breakfast.

NOW OPEN

Steelo's is now open for your approval! It is undoubtedly the cleanest, most re-student shop you ever saw. The entire inside has been re-decorated in a novel and artistic manner and you cannot help but "feel at home" on your visit.

No. 8 SOUTH CLINTON STREET
FRANCE WILL TRY TO FREEZE OUT GERMANY

Will Shut Off Ruhr From Rest of Plan To Take Over Germans

(United Press) -- France has announced a policy of freezing out Germany. To force Germany to the French will cut off the Ruhr from rest of the country.

1. railway officials have been ordered to refuse to operate any trains to Germany, because lack of food, fuel and other necessities for the people of the unoccupied area.

2. starting from Monday, all traffic will be stopped on French railways. France will also discontinue the use of French currency in Germany.

3. the French government has ordered all French citizens in Germany to leave the country within one month.

4. the French military authorities have been instructed to seize any property belonging to Germans.

5. the French government has announced that it will not continue to pay reparations to Germany.

The French government has also announced that it will not allow any foreign currency to enter the country. This will make it impossible for the German government to pay their debts to France.

France has been under economic pressure due to the war and the financial difficulties it has been facing. By freezing out Germany, France is attempting to force Germany to pay its debts.

The French government is also trying to prevent the flow of goods from Germany to France. This is because France is facing a shortage of food and other supplies.

The Iowa Swimmers Have Plenty of Competition in Omaha, E. C. C. Invites Premier Women Swimmers of the Northwest to Enter a Meet Next Month

Iowa star, who has an unofficial record of 2 minutes, 4 seconds for 100 yards, been engaged in A. A. U. swims as the event on the program.

Swimmers placed high up on the list of all America's swimming clubs of Chicago will be in the meet, some of whom will be in the meet, some of whom will be strangers to Omaha. They will take A. A. U. records. There will be no breaks in the meet as the Iowa swimmers will get theirs at the earliest possible angle. Seven days in the men's pool will be finished. The meet will be of official interest as the Iowa swimmers will be the cream of the swimmers of Northwestern swimming. When the bell rings for the first event, February 11th, there will be capacity attendance in the arena.

The afternoon program will bring a visitation of Funk, RG McKenzie, and RG of Maine. The afternoon program will bring a visitation of Funk, RG McKenzie, and RG of Maine.

The evening program will show the Iowa swimmers are far behind in the meet. They will take A. A. U. records. The meet will be of official interest as the Iowa swimmers will be the cream of the swimmers of Northwestern swimming. When the bell rings for the first event, February 11th, there will be capacity attendance in the arena.

The afternoon program will bring a visitation of Funk, RG McKenzie, and RG of Maine. The afternoon program will bring a visitation of Funk, RG McKenzie, and RG of Maine.
WASHINGTON, Jan. 27.—"America Europe."

Washington, D.C. — America should reserve the act of making its own business as far as the French, according to the American government. Germany is threatened and upset of the American who dies in France should let the German officer who ever is necessary to make any repairs," President David Reed (Pennsylvania) said the only war service to the German, declared today in a fiery speech.

Senator who have expressed a degree of sympathy for Germany and would have criticized France has been forever forgotten. Sydney Reed said that France is a nation that has not paid. Sympathy for Germany now is "like making France a murderer and forgetting his victims and the crimes that he has done."

"We are not forgetting our own dead by those in France when we begin to give our sympathy to the German murderers who are today finding the penalty for their horrible crimes."

"It behooves Germany now to help pay the cost of a war for which they have no sort of responsibility. How can the others, especially whom we must pay?" Reed asked.

He continued: "The German mother in 1814 with the French entered in the battle. In all those who made no moral connection between them. Our own and a spirit of sympathy for the German women and their children."

"France now has thus brought great loss to many lives with wealth from payment of our taxes."

Made in Rome, Italy, by William Fox. Directed by Gordon Edwards, the man who made the "Queen of Sheba." This picture outclasses any picture that has ever been made for the screen. It cost a fortune and took over eight months to make it. Thousands of people are in the cast. The most colossal settings ever constructed in the history of motion pictures.

An Entire City Built at an Enormous Expense only to be burned. Photographed in Rome, the Eternal City, on the actual scenes where the real incidents of Nero's reign took place more than 2,000 years ago. The King and Queen of Italy, the Italian government and 5,000 Italian actors every-thing aided in this great work. Thousands of ancient implements of war. Marvel-ous reproductions of Roman armor; the spectacle ever conceived by the world of pleasure!

"MUD AND SAND"
Dr. HughWalpole remarked, among other things about his beloved on Tuesday night, "that when a writer becomes a步骤, he steps out of the way. Art and econom­ic section go hand in hand, he assured. One man, if he would be a great actor, choosed, Mr. Knighton, continued, because the writing is not a real talent, whereas the acting may become an artist. All of which, I should add, is true.

At a rate, Mr. Kennedy Tilton, in his latest novel, "Broken Barriers," published by Durgin, fascinated the audience. At least, in the last quarter of the nineteenth century, there was no one to read for them, and it was not a real talent, whereas the acting may become an artist. All of which, I should add, is true.

as students, over to see what the main results of the past week’s instruction might be. The examination might be, every one entirely new and out of the scope of the effort, over and truly won by its merits. The whole dance program was followed and several features insisted during the course of the evening. Eddie Rich’s seven piece orchestra provided at the fancy reception, Attendance was limited to members of the faculty and student body at the campus college and a number of radical events from each of the other colleges. The program was designed to resemble a Bowery dance ball and contained appearances and costume ensembles of the campus college faculty includes.
