HAWKEYES SMASH WILDCATS, 20-7

Catolonia Secedes in Spanish Uprising; Total of Dead Goes To 150 as Rioting Continues

Confusion in Madrid, Revolt in North Face Government

Copyright, 1934.
By the Associated Press
MADRID, Oct. 7. —Secession in the northeast, bloody revolt in the north and utter confusion in this part of government faced the young Spanish republic today.
Rioting in dozens of towns, the total of the dead passing 150.
The most menacing development of a riotous 24 hours was Catalonia's formal declaration of independence and the sharp fighting which followed in the streets of Barcelona.
Makes Announcement
Louis Companys, president of that state, appeared on a balcony of the Barcelona town hall and solemnly announced:
"Catalonia is breaking off relations with the rest of Spain. . . . I demand complete discipline from everyone. . . . long live liberty."
Companys demanded of General Domingo Batet, commander of the Spanish garrison at Barcelona, that he swear allegiance to the new regime. Batet asked for an hour to think over the matter.
Authority Strikes
But in less than an hour the authority at Madrid struck.
From Madrid General Batet received orders to declare a state of siege. As his soldiers started posting placards announcing the action at Madrid they were fired on by armed civilians.
A hot fight ensued in which the government troops swept before the organized opposition.
Plea for Aid
Right up to the government buildings the troops of General Batet pressed, and for a time they surrounded the imposing structures, in which Companys and other officials momentarily were prisoners.
From the government palace Companys and minister of interior Demas made radio pleas for aid.
Then, from Demas, came an announcement that volunteers guarding the government palace had revealed the troops.

Hauptmann Is Identified By New Witness

NEW YORK, Oct. 6. (AP)—Bruno Richard Hauptmann was identified today by a former neighbor of Col. Charles A. Lindbergh as a man he had seen emerging from underbrush on the Lindbergh estate near Hopeville, N. J., a few weeks before the aviator's 17-month son was kidnapped.
The testimony, given by Millard Whitely of Lambertville, N. J., was the first which has been disclosed linking Hauptmann to the scene of the abduction.

Reports of Seeing Suspects Near Lindy Home Before Crime

Picked from Lineup
Whitely picked the German carpenter, held on a charge of extorting the \$50,000 Lindbergh ransom, from a lineup of 10 men at the Bronx county courthouse.
Then he told Captain J. J. Lamb of the New Jersey state police, he was certain Hauptmann was the man he had observed lurking in the bushes on two occasions.

BITS

ABOUT SPORTS

BY JACK GURWELL

EVANSTON, Ill.—The game with Northwestern university Saturday afternoon was a strange mixture, and with the Iowa attendance nearly as great as that of the loyal Northwesterners, in Dyche stadium Iowa sat in the east half of the stadium, Northwestern in the west. A continual exchange of broadside cheers passed across the gridiron as first one team took the ascendancy and then the other.

But on one thing both halves of the stadium were agreed: That the knocks and blows showered with such affection on one Ozzie Simmons were not warranted at all. Northwestern with one huge roar of disapproval voiced its opinion in the first quarter when Iowa's "Dixie Flyer" was set upon in scrimmage.

THE BEST thing about the whole business is that the University of Iowa, and especially Coach Solem, are broad-minded enough to encourage the competition of colored players with other candidates for the team. The next best thing about it is that Ozzie Simmons is as good as he is—and as good natured.

PERFECT weather prevailed for the game Saturday. Cotton bunting clouds floated lazily in the blue sky and brought occasional shadows across the sunlit turf of Dyche stadium. Enough of a rather steady breeze blew to prevent the moderate temperature from slowing up the players.

Dyche stadium is not so impressive as Iowa stadium. Its seating capacity is about 45,000, and it was ample for handling the crowd yesterday. The sward on the football field was in excellent condition—it is "bent" grass, and withstands the ravages of leather cleats well.

THE TEAM stayed last night at the Sovereign hotel in Chicago. Once the ritziest of ritz hostels. The Prince of Wales lived here for a short while when visiting this country some years ago. The Sovereign is reputed to have been the mecca of millionaires.

NONE of the boys, last night and this morning, broke into song or were in any way less than a serious mood. For the most part they sat around in the hotel, reading papers, and thumbing through text books. How they could have thought of studying is beyond me.

The question asked most in the press box this afternoon was, "Is this Oze Simmons only a sophomore?" Iowa fans, and Northwestern fans too, will remember questions of similar nature last fall in the opening game when Dick Crayne broke into the limelight with his great exhibition against today's foes. When Don came into the game the press box about fell down.

FOOTBALL FANS and baseball fans had all questions answered during the game as to both sports. Reports of the world series at St. Louis were announced to the crowd with as much regularity as was possible. A score board at the south of Dyche stadium billed progress of the other Big Ten games and imagine the astonishment when Michigan received a beating, Notre Dame fell, Purdue was defeated.

AS FOR the stage-handling of the game, it was excellently done. All obscure points of the game were explained promptly and accurately to the crowd through the public address system. The Northwestern university band, much larger than the University of Iowa band, ran through a few delightful formations and played well.

Iowans attending the game in person felt that Northwestern university really felt a sense of responsibility for its guests. A bad play on either side brought groans of disapproval from the Northwesterners, and a brilliant play on either side brought cheers of encouragement. One might say "Thanks, Northwestern—sorry to beat you, and you took it like sports."

WHY NOT bow to the reporter. He just about lost his life trying to get to the Hawkeye dressing room door after the game and didn't quite make the grade. Well crushed

Oze Simmons Leads Old Gold In Victory With Spectacular Runs; Crayne Counts Twice

Iowans Overcome Early Wildcat Lead as Dusky Star Gallops 47 Yards; Northwestern Takes To Air to Get First Score Before Hawks Rally

By JACK GURWELL
(Daily Iowan Sports Editor)
DYCHE STADIUM, Evanston, Ill., Oct. 6.—Doff your hats to the Hawkeyes, readers. Just tuck a great big Old Gold feather in your hatbands and make a sweeping bow—to the boys individually, to the team as a whole, to Coach Ossie Solem.

For here this afternoon, before 40,000 spectators, Iowa romped over the Wildcats of Northwestern, 20 to 7. Blame that dusky, ball totting Oze Simmons, blame Dick Crayne, blame all the team and then pat yourselves on the backs for helping someone to blame for this opening Big Ten victory.

Simmons Sensational
To Oze Simmons goes a big hand. His sensational runs—ranging from spectacular returns of punts to dashes off tackle and around the ends—started with the 47 yard burst off tackle for the tying score after brilliant passing had momentarily handed Northwestern a seven point lead. He finished the afternoon with dazzling exhibitions of ball carrying that had the opposition dizzy. Have you ever seen a jackrabbit sprint? Watch Oze.

But it was a supreme confidence offsetting a ragged line showing on the whole that beat Northwestern. Only that could have occasioned the comeback in the opening quarter after George Potter, whose play this afternoon was one of heaving passes with startling accuracy, had passed the Wildcats into the touchdown lead with the game scarcely underway.

Potter Connects
Potter, standing on his own 40 yard line, hurled the ball 11 yards to Leeper. Two plays later he passed 36 yards, a high, looping heave that came to rest in Swisher's arms on the 13 yard stripe. He pitched the ball for another first down on the Hawkeye three yard line and Duval smashed it across. His kick was good.

That score was the match that lit the tinder which smoldered and burst into a crimson scoring drive that flared on the next kickoff, leaped into flame with Crayne's 14 yards on a spinner, and blazed high when Oze Simmons, ball in one hand, weaving and bucking like a ship in a storm, scampered through a gaping hole at right tackle and fled to the goal line. Fisher's kick for the extra point tied the game up and from then on the Hawkeyes soared.

Scoreless Rest of Half
But not until the third quarter. Until the last half both teams played a ding-dong game of ball. Iowa's line was a stone wall at one moment and practically thin paper the next. But, for all this, only Northwestern's aerial tactics seemed able to pierce the enemy territory deeply.

One of the causes of deep discouragement on the part of Iowa fans on hand, and the delight of Wildcat backers, was the impotency of Dick Crayne in the ground gaining department. Through the first half he was downed for no gain or for losses most of the time.

Crayne Stages Comeback
But this same Crayne came back after the rest period to lead the offensive measures that scored the Hawks' second touchdown on a drive down the field from their own 30 yard line at the kickoff. After Simmons had taken Chamber's second half opening kickoff back to the 30 yard stripe, Crayne ripped off 11 yards with a spinner. The same play that drove the Wildcats wilder last year. Oze broke through right

and bruised, your reporter finally prevailed upon the doorkeeper to let him enter and to see the sight of happiness emanating from the victorious gridlers.

THEY WERE not shouting, but they were smiling and laughing and humming and rushing about. They were in very good humor. Coach Ossie Solem and Doc Fourt looked over the injured, patched up the more gravely wounded, and then applied tape and ointments to the bruises and cuts garnered by the rest of the squad. The Hawkeye mentor had little to say.

As the boys filed out of the dressing room they were met by a back-slapping, jubilant mob of Iowa fans and Iowans. Oze Simmons and Don stepped from the dressing room into the open and, with smiles and flashing of teeth received the tributes of the multitudes. What Oze gets in the way of honors Don thoroughly enjoys. Both boys were happy.

Wildcats Threaten
Northwestern threatened immediately after this with a passing attack that carried the ball to the Iowa 31 yard line and then ran and passed out as Iowa took the ball on downs.

Only in the first period did the Wildcats run rampant. After this their attack on land and in air petered out, usually near Iowa territory. The final threat was the first time the Wildcats crossed the center stripe in the second half.

Iowa's weakness was apparent immediately after the opening whistle. The line was apt to buckle in the most crucial places. Then, at times, it rose to inspired heights. Bernie Page, Ted Osmatoski and Fred Radloff were the standouts in the forward wall. The ends, though, were constantly drawn out of position by the tricky Northwestern passing offensive that time and again had men in the open to take the tosses of Potter.

Girl Scouts Plan Program

Troops Schedule Meetings, Hikes Work for Year

Girl Scout troops are planning a variety of activities for this week. Ruth Frerichs, Girl Scout director, announced yesterday.

Troop two, of Longfellow school, will meet tomorrow for second class scout work, including knot tying. Troop six, of St. Patrick's school, will plan an individual program for each troop member at its meeting Tuesday. In addition it will plan a year's schedule.

At its meeting tomorrow, troop three, of St. Patrick's school, will formulate plans for the next three months. Troop seven of Iowa City junior high school will practice archery at its Thursday meeting. It will also plan an overnight hike and learn Girl Scout songs brought back by Isabelle Smith, troop leader, from a national Girl Scout camp in Blaircliff Manor, N. Y., where she spent the summer.

Hike requirements, such as a fire building and the use of the Girl Scout knife, will be studied at a meeting Thursday of troop four, of Iowa City junior high school. Hiking to Girl Scout little house, troop nine of University elementary school will cook its own supper. Terry Anne Tester and Mary Ann Kurtz will take charge of arrangements.

The University junior high troop will hike to the city park. In addition to these programs, all troops will hear Fire Chief Herman Amish speak on fire prevention.

Wedding Date Set For Marriage of Jane Reed to Bonar Wood

Jane Reed of Council Bluffs and Bonar Wood of Logan, both former University of Iowa students, will be married Nov. 4. It was announced today. The wedding will take place at 4 p.m. at the home of the bride-to-be's parents, Dr. and Mrs. Glenn Reed.

Miss Reed, 1932 graduate of the college of liberal arts, is an alumna of Delta Gamma sorority. While a student here she was a member of Y.W.C.A., Erodolphian literary society, and the 1932 Hawkeye staff. Before enrolling as a junior student here, she attended Lindenwood college at St. Charles, Mo.

Mr. Wood, son of Mr. and Mrs. B. J. Wood of Logan, became affiliated with Delta Tau Delta fraternity while a student here in 1929, and 1931. He attended Kemper military academy at Booneville, Mo., before entering the university.

Ruckmick Gives Address At Child Study Club Luncheon

Talks on Effect Of Motion Pictures On Younger Generation

"The mental attitude of the younger generation towards movies is the most important effect motion pictures have today," said Prof. C. A. Ruckmick of the psychology department in his address, "Movies and children," before members of the Child Study club at their first fall luncheon meeting yesterday on the sun-porch of Iowa Union.

"Children who now are going to movies will form the future public opinion," added Professor Ruckmick. "This is more important than the fact that they attend them."

Commenting on the making of movies themselves, Professor Ruckmick declared that there is no art in Hollywood and that it will be some time before there is. He characterized Hollywood as a "wartime growth on the face of civilization."

At Face Value
Hollywood has, however, been disturbed by the recent agitation about clean films. Professor Ruckmick said that the movie colony is doing two things about the storm of protest: changing the publicity of movies, especially in the press, and letting the storm blow over.

"During the adolescent period, children are apt to take pictures at their face value," Professor Ruckmick said, "because they do not have the 'adult discount' factor which enables them to judge picture values."

Explaining experiments carried on in the laboratory and in actual theaters, Professor Ruckmick stated that the body manifests emotions through the skin. At crucial points in actual films, readings of the bodily resistance were taken. For the most part, Professor Ruckmick said, sex scenes passed completely over the heads of children under 12 years of age.

Under 12 Years
The reaction of slapstick, danger scenes, and the like was most noticeable in children under 12 years of age, Professor Ruckmick revealed.

Local P.T.A. Will Conduct First Meeting

Association to Plan Program for Year At Tuesday Meeting

The Iowa City high school P.T.A. will conduct its first fall meeting Tuesday at 7:30 p.m. in the high school assembly room.

Mrs. Lee Travis, program chairman, has arranged the following program:

Community singing led by Grace Giddens.
Discussion of plans for the coming year by the president and committee chairmen.
Oboe solo—Josephine Sidwell.
Cornet trio—James McCollum, Richard Cambridge, and Charles Beckman. Accompanist, Margaret Schrock.

The program will be followed by a get-acquainted hour for parents and teachers, after which refreshments will be served in the cafeteria.

A national membership drive will begin next week. To stimulate interest, the membership committee of Iowa City high school P.T.A. has planned a contest among classes to increase the attendance at meetings. The class that has the largest representation at the meetings this semester will be given a party at the end of the contest.

Grace Meyers Will Speak at Meeting

Grace Meyers will review the book "The Vanished Pumps of Yesterday" by Lord Frederic Hamilton at the meeting of the literature department of the Iowa City Woman's club Tuesday at 3 p.m. at the home of Mrs. W. H. Cobb, 343 Hutchinson avenue.

Students, Faculty! YOU Are Invited to Attend the "HOUSE OF MAGIC"

Monday Night, Oct. 8th, at 8 o'clock
at the
University of Iowa Fieldhouse

To all members of the faculty and student body, the Iowa City Radio and Refrigeration league extends a cordial invitation to attend the Monday night presentation of the "House of Magic" with its adventures in electricity.

"WHAT IS THE 'HOUSE OF MAGIC'?"

It is a popular, entertaining demonstration of unusual experiments in the field of electricity—a demonstration that thrilled hundreds of thousands at A Century of Progress this year. Iowa City is the first stop on a nation-wide tour of the "House of Magic."

Marvels of science and paraded before your eyes in a fascinating one hour program by W. Glenn Williams, scientist who is the master of the "House of Magic."

Please remember there is no admission charge for the "House of Magic" and to students and faculty three is a most cordial invitation to the Monday night presentation. If you can not attend then, there will be two more showings, one at 7:30 o'clock and the other at 8:30 o'clock Tuesday night, Oct. 9th.

A PROCLAMATION

TO THE PEOPLE OF IOWA CITY:

For many years past it has been the practice to set aside a week during the autumn months to be known as Fire Prevention Week. The principal object of this week is to direct attention to the unnecessary civic loss caused by fire and to inspire public activity against such losses which annually destroy the people's resources. Iowa's 1933 fire loss was \$4,838,790.00.

Believing that Fire Prevention is the patriotic as well as the economic duty of every citizen of Iowa City, I hereby proclaim October 7 to 13 as Fire Prevention Week, and I urge every citizen to make a special effort to reduce fire hazards as all fire losses are paid by society in general and the average individual bears his share of the burden.

The pulpit, press, and radio in the past have rendered valuable service, and are once again relied upon to call the people's attention to the necessity of each doing his part. It is only through concerted action that the lives and properties of all may be secure.

Signed:

HERMAN J. AMISH,

Fire Chief.

Two Attend Radio Meeting

Mahan, Menzer Will Leave for Chicago This Morning

Prof. Bruce E. Mahan, director of the extension division, and Carl H. Menzer, WSUI director-announcer, will leave this morning to attend the fourth annual meeting of the national advisory council on radio in education in Chicago tomorrow and Tuesday.

The importance of radio broadcasting in a changing social order will be the theme of the assembly which will open with greetings from Prof. Robert A. Millikan, president of the council, by shortwave from London.

Among the other speakers will be: Robert M. Hutchins, president of the University of Chicago; Lotus D. Coffman, president of the University of Minnesota; Walter Dill Scott, president of Northwestern University; Robert M. Sproul, president of the University of California; Harold L. Ickes, secretary of the Interior; John Erskine, author; and Walter Damrosch, musician.

The meeting in Chicago is the first council meeting to take place in the middle west.

S.U.I. College Will Observe Annual Week

Plans for the college of pharmacy's observance of the tenth annual national Pharmacy week were announced yesterday by Dean Wilber J. Teeters of the college of pharmacy. The annual period will begin tomorrow.

Pharmacy students will participate in a special program next Thursday at 1:40 p.m. Prof. R. A. Kueyer will address the group on "European pharmacies."

A group of students will arrange a professional window display in pharmacy-botany building to compete for the Robert J. Ruth memorial trophy offered by the Federal Wholesale Drugists company and the local prizes awarded by the state association.

The week will be inaugurated with a proclamation from President Roosevelt and with messages from the governors of the various states and leaders in the pharmaceutical field.

Discussion Groups Open to Freshmen To Begin This Week

Discussion groups open to freshmen men and women will begin this week at Iowa University under the auspices of the Y.M.C.A., Y.W.C.A. and the religious activities office. Questions and problems concerning personal and campus life will be discussed during each session.

This is the third year co-educational groups of this kind have been held. There will be three groups which will be small, limited to about 15 in each group.

The Rev. and Mrs. W. S. Dyer will lead the first group meeting in the Y.M.C.A. rooms each Thursday evening from 7 to 8 p.m.

Prof. and Mrs. W. H. Morgan will lead the second group which will meet in the religious activities office every Wednesday afternoon from 4 to 5 p.m.

Prof. and Mrs. C. J. Lapp, leaders of the third group, will hold their group discussion meetings each Wednesday evening from 7 to 8 p.m. in the Y.M.C.A. rooms.

W. A. Anderson To Talk at Botany Club Meeting Tomorrow

W. A. Anderson of the botany department will talk at a botany club meeting tomorrow at 4 p.m. in the club room in the pharmacy-botany building.

His subject is on the progress of research in botany at the Lakeside laboratory on Lake Okoboji.

Mr. Anderson spent the summer at the laboratory continuing research on a four year old project concerned with the changes and development in an experimental prairie located there.

Graduate of S.U.I. Accepts Position

Byron H. Lind, a graduate in the mechanical engineering class of 1932, has accepted a position with the International Harvester company at Rock Island, Ill., Prof. H. D. Croft of the college of engineering announced yesterday.

Mr. Lind was previously employed at the Rock Island arsenal, doing inspection work on anti-aircraft guns.

Committee Plans For Homecoming

Four chemical engineering students have been appointed as a committee to make plans for the building of a Homecoming monument.

Committee members are Chester Miller, E3 of Iowa City, chairman; Fred Kurkel, E4 of Davenport; William Sherod, E3 of Kilbourne; and Charles Tabb, E4 of Joliet, Ill.

SEEN from OLD CAPITOL by TOM YOSELOFF

That man is back again!

Though the headress is new, let me assure both my readers that the spirit of Seen from Old Capitol is the same, in spite of a month's vacation. We will continue to defend the poor and oppressed and to punish the wicked. We will take up the cudgel in defense of the righteous and turn the spotlight of fearless publicity upon the murk of hidden graft and corruption. We will expose public scandal and hail public heroes. We will, as a matter of fact, continue to suppress our desires and maintain the highest standards of the leading codes of journalistic ethics.

After a month's vacation, there are things which need to be taken care of. First are the thanks for favors in that period. So thanks to G. P. for a can of anchovies, to J. E. for the poetry, and to D. M. for the ride.

Some second thoughts on the inauguration: That woman in the second balcony on the south side of the field house at the Gilmore inauguration, who brought a copy of Good Housekeeping to read during the ceremony has no sense of propriety. . . And probably the member of the board of deans who dozed off during the conferring of honorary degrees and was so forcefully awakened by the applause hasn't either. He must have been embarrassed. . .

And while we're on the inauguration, it seems that a student was discussing the Purdue football situation with a distinguished looking gentleman after the inaugural convocation. The man seemed unusually well informed on Purdue's prospects, and the student asked politely, "Are you from Purdue?" "Oh, yes," said the d.l.g., "I'm the president."

The girls at the Triple Delta hideout claim they're getting tired of the whole thing. It started when a couple of thousands and bees took up residence in the Tri Delta pillars. Of course no campus punster could long refrain from cracking that the bees had gathered there because of the D.D.D. "honies." But, though the girls say they're tired of answering "How clever?" this department reserves the right to be skeptical. . .

Baseball gets legal status: Prof. Percy Bordwell of the college of law went to St. Louis, Mo., yesterday to see the world series game. Reason for the addition of the legal dignity was an invitation from Frankie Frisch, manager of the Cardinals.

Then take the case of that freshman fraternity pledge who was sent to get one of the traditional paddles by the high and might actives. The f.l.p. returned with the paddle and spent a long time with a collection of carpenter's tools drilling holes in the paddle. An active saw the performance and asked the reason. "Oh," says the youngster, "if

Professor Mason Describes Method of Engraving in Article

The method of the Audubon Advocate-Republican used to make its own engravings is discussed by Prof. Edward L. Mason, editor of The Iowa Publisher, in an article which appears in the October issue of the publication.

Professor Mason describes the plan of independent photography and engraving used by the Audubon paper in its effort to make pictures possible.

According to Publisher Arnold Spencer it is possible to provide a page of pictures for his paper in a little better than a day, and with equipment costing \$375. Mr. Spencer points out that in his experience cuts are cheaper than type, and that a publisher can become his own photographer in a week.

The article, "A little lesson in photography," discusses the question, raised by Verlin L. Swelley, in the Lenox Time Table: Is the front end of a photographed moving train blurred because one end of a train can run faster than the other end?

The answer was supplied by the Popular Mechanics magazine, and it is explained that distant objects will appear almost stationary compared to those a comparative short distance away from the camera, and therefore objects moving toward or from the camera require only half as much exposure as those moving directly away from the camera.

Plans for the newspaper conference to be held in Iowa City this month are announced in the issue.

Dalbey, Miller To Select Students For Hawkeye Staff Work

Students who wish to apply for positions on the editorial staff of the 1936 Hawkeye, University of Iowa year book, may confer with Robert Dalbey, A3 of Des Moines, editor, and Tom Miller, A3 of Burlington, business manager, in the Hawkeye office in the journalism building after the middle of the week.

According to Mr. Dalbey, the 1936 Hawkeye will contain approximately 5,000 photographs, whereas in other years it has never had more than 3,000 pictures.

Mr. Dalbey explains that the number of photographs is being increased to make the annual represent all angles of student life.

Gilmore to Speak At C. of C. Meeting

President Eugene A. Gilmore will speak on "The university and the community," at the Chamber of Commerce luncheon tomorrow noon at the American Legion Community building.

An invitation to attend has been extended to members and wives of all civic clubs and to the faculty of the university.

Ponzi Appeal Dismissed

BOSTON, (AP)—Any lingering hope Charles Ponzi might have entertained that he would escape deportation to Italy faded today as the United States circuit court of appeals dismissed his latest appeal.

I drill holes in it, it will hurt more."

Whereupon the mighty one explained, with all the tenderness of a fraternity man toward a financially responsible pledge, that paddles are reserved for use by actives on pledges. That did hurt!

News headline: "Iowa City Liquor Store to Open Oct. 10"

The state liquor control commission should give attention to a situation which has arisen here. This department has received a dozen requests from Iowa students seeking a "board" job in the liquor store and asking how one goes about to apply for such a position. I understand such positions will be open just to men who drink only two meals a day. . .

Judge Evans Orders Transfer of Assets Of Carson Estate

Judge Harold D. Evans entered a decision yesterday ordering transfer of the assets of the George S. Carson estate from the Davenport Bank and Trust company to the clerk of the Johnson county district court.

The U. S. Fidelity and Guaranty company, bondsmen, brought action seeking return of the assets of the estate to the American Trust company of Davenport, an original trustee.

The bonding company brought action following an order of the Scott county district court, which in April, 1933, ordered the assets of the estate transferred to the Davenport Bank and Trust company.

Judge Evans' ruling showed that this action was illegal because jurisdiction over the estate lies within the Johnson county court. All contracts which the Davenport Bank and Trust company may have made for the estate were ordered void. Costs for the action were assessed against the heirs.

Students, Faculty To Check Directory

The university directory is in the hands of the printer, it was announced yesterday by the publications department. All students and faculty members have been asked to check their addresses and phone numbers in room 117, university hall, so that the information may be correct.

The directory includes the names, ranks, office locations, and telephone numbers for all the faculty and administrative staff. Students at all the university schools are also listed. Other features include maps of the university, Iowa City and Pindbine field. Under general information the university service departments, airplane, railway and bus schedules are given.

New Beckman Funeral Home Opens Today

The Beckman funeral home, directed by Charles A. Beckman, will open in new quarters today at 507 E. College street.

"This is more convenient and satisfactory location from every viewpoint," Mr. Beckman said last night. The funeral home had occupied a building at 216 E. College street since July 9, 1923.

The new home is believed to be the first in Iowa City to have complete, automatic air conditioning. An oil burner supplies heat. Greater space is afforded in this location, and the chapel will seat more than twice as many persons as the old room.

In addition to Mr. and Mrs. Beckman, there are two student assistants and a licensed apprentice at the new funeral home.

Philosophical Club Will Meet Tuesday

The Philosophical club will hold its first meeting at the home of Dean and Mrs. Carl E. Seashore next Tuesday, it was announced by Prof. Herbert Feigl of the philosophy department yesterday.

Officers will be elected and informal reports will be given. The meeting is open to all graduates in philosophy, psychology and child welfare and anyone who is interested in the programs of the club.

Stanley Austin To Take New Position

Stanley Austin of the botany department resigned his research assistantship in botany to take up work with the federal erosion control.

He will be stationed at McGregor.

BULLETIN
ST. LOUIS, Oct. 6 (AP)—Dizzy Dean, ace of the Cardinals' pitching staff, suffered no permanent injury when he was hit on the head by a thrown ball during today's world series game. Dr. Robert F. Hyland, who examined him, said tonight. Dr. Hyland said, however, he was not ready to say whether Dizzy would be allowed to pitch tomorrow.

ST. LOUIS, Oct. 6 (AP)—The St. Louis Cardinals fell off their high perch before the home folks today with a reverberating crash, going to pieces on the defense as the Detroit Tigers flayed five opposing pitchers and roared back into the thick of the world series fight with a 10 to 4 triumph behind the under-hand delivery of another sharpshooting star from the freshman ranks, Elden Leroy Auker of Norcat, Kan.

The American league champions, launching their most vicious attack thus far with a revamped batting order, knocked Tex Carleton out of the box in less than three innings, continued their assault against 41-year old Dizzy Vance and capped the climax of their explosive comeback with a five-run rally that blasted Southpaw Bill Walker off the mound in the eighth.

The Tiger onslaught was led, not by the veteran Goose Goslin, who was elevated to the cleanup position, but by two players who had been under critical fire because of their previous shortcomings—Bilby Rogell, the limping shortstop and big Hank Greenberg, first baseman. Rogell slugged home four runs as he came through twice with base-hits while the bags were loaded. Greenberg, as if inspired to show Manager Cochrane he made a mistake by dropping the gangling New York boy from fourth to sixth position in the batting order, collected four hits, including a pair of doubles, to equal a world series record, and drove home three runs.

Like the hero of Detroit's previous victory, Auker survived an early Cardinal barrage, gathered confidence as the game went along and finished brilliantly as he registered another successful world series debut for the pitching corps of both sides. He yielded a total of 10 hits but his control was magnificent after the third inning and his support cut down whatever small chance the National leaguers had to offset their own collapse on the defense.

John Leonard ("Pepper") Martin, who was the hero of the 1931 world's series, nears that peak again as he scores the first run of the St. Louis Cardinals' 4-1 triumph over the Detroit Tigers in the third game of the world series, played in St. Louis. Martin had tripled and this photo shows him coming in on Jack Rothrock's long fly to deep center. Martin hit a double and scored another run in the fourth inning. State Rivals Push Champs All Over Field

Count Placekick In 3rd, 2 Touchdowns In Last Quarter

MICHIGAN STADIUM, Ann Arbor, Mich., Oct. 6 (AP)—Cast traditionally in the role of underdog, Michigan State college's Spartan football team pushed Michigan's Wolverines all over the field today. Wolverines all over the field today set.

It was State's first victory in the annual intra-state classic since 1915, served notice that the Spartans have another sensational team and furnished a dismal answer to the question of how good Michigan's defending Big Ten championship team is this year.

It was Michigan's first defeat since 1931, when Ohio State turned the trick.

After knocking at the Wolverine goal line throughout the first half, only to meet with stubborn resistance in scoring territory, State finally scored midway in the third period, when Steve Sebo made good his fourth attempt at a field goal from placement, kicking from the five-yard line. One of several passes, Kurt Warmbein to Ed Klewicki, helped put it there.

The Michigan defense collapsed completely in the final period and Warmbein crossed the goal line twice, both scores resulting from brilliant long runs.

Duhawks Play First Tilt Under Niemiec; Tie Iowa Wesleyan

DUBUQUE, Oct. 6 (AP)—Columbia college opened its 1934 season today by battling the powerful Iowa Wesleyan team to a 12 to 12 standstill in an Iowa conference game.

The Duhawks, playing their first game under Coach Johnny Niemiec, outplayed the visitors by a small margin. Columbia scored the first touchdown early in the first quarter when Corpein, after receiving a 28 yard pass, brought the ball to the visitors' three yard line and two plays later romped over the goal for the touchdown. Wesleyan scored its first touchdown shortly before the half ended, when a sustained drive in which Dick Hall and Huffman were the leading lights, resulted in the latter crossing the goal.

Luther Pass Brings 6 to 0 Victory Over River Falls College

DECORAH, Oct. 6 (AP)—A 40 yard pass from Augie Luther to Luther college a 6 to 0 victory over River Falls State Teachers' college today in the opening game of the Norsemen's home schedule.

Counting five first downs to four for the Teachers, Luther kept play well in their visitors' territory most of the game, but failed to capitalize on opportunities.

X-ray examinations made later at a hospital.

Dean Gets Beated

Dean was in the game as a pinch runner, replacing Virgil Davis on first base after the latter had delivered a pinch single to drive home Ernie Orsatti and send Leo Durocher to third. On Martin's sharp grounder to Charley Gehring, with a double play in sight, Rogell took the toss for a force-out on Dean at second but then caught the Cardinal pitcher on the right temple with the throw that was intended for Greenberg to catch Martin at first.

Purdue Falls Before Strong Owl Offensive

McCauley; Wallace Lead Rice Team In Greatest Grid Win

ROSS ADE STADIUM, Lafayette, Ind., Oct. 6 (AP)—A battling team from Rice institute gave the Houston, Tex., school the greatest gridiron triumph in its football history by defeating Purdue today 14 to 0.

Two of the best backfield men who ever performed on the turf of Ross-Ade stadium led the Owls in a slashing attack that bested the Boilermakers in every period except the third. John McCauley and Bill Wallace were the pair.

Badgers Eke Out 3 to 0 Win

Mario Pacetti Boots Field Goal in Final Seconds of Contest

MADISON, Wis., Oct. 6 (AP)—A field goal that culminated a 53 yard drive and was scored in the last few seconds of play gave Wisconsin a 3 to 0 victory over Marquette in the Badgers' opening game of the season today.

Time for only one more play remained when the Badgers decided to stake their chances on a goal from placement. Mario Pacetti, husky Badger tackle, stepped back to the 20 yard line and booted the ball between the uprights just before the gun sounded.

Van Wie Wins Golfing Crown

PHILADELPHIA, Penn., Oct. 6 (AP)—Virginia Van Wie of Chicago today won the women's national golf championship for the third successive year, defeating 20 year old Dorothy Traung of San Francisco, 2 and 1 in the 36 hole final of the 38th annual tournament.

Three down at the end of the first nine holes and still trailing by one hole as late as the 22nd, Miss Van Wie exerted her every ounce of energy and skill and covered the remaining 13 holes "in one" under women's par to stand off the stout challenge of the California prodigy, who was playing in her first championship tournament.

Tulsa Scores Late To Clip Kansas U. By 7 to 0 Margin

TULSA, Okla., Oct. 6 (AP)—Tulsa university met the Kansas university Jayhawk gridsters today and plucked a 7 to 0 score from the old bird's tail in the final quarter of play. Passing by both sides was ineffective in the main and a number of penalties were registered on both sides.

The score came when Berry reversed his field on a pass from Dennis, Tulsa fullback, and broke through for a touchdown. Dennis kicked goal.

Illinois Gets Last Minute 12-7 Victory

Noses Out Fighting Washington Eleven With Final Drive

ST. LOUIS, Oct. 6 (AP)—The fighting Illini narrowly won a last minute race with time today to defeat the Washington university football team, 12 to 7, after the stubborn Bears had led Bob Zuppke's team for nearly three quarters of the game.

This last dash, which covered 85 yards from Illinois' 15 yard line, enabled the Big Ten eleven to defeat Washington's best team since 1918. Illinois scored in the first and fourth quarters, both kicks for extra points failing, while Washington counted its touchdown in the second period and Lundy place kicked the extra point.

Oklahoma Sooners Send Centenary Into Ropes by 7-0 Count

NORMAN, Okla., Oct. 6 (AP)—The Centenary Gentlemen lost their gridiron affair with the University of Oklahoma Sooners this afternoon, 7 to 0 in the last quarter when Jeff Coker, Oklahoma right end, scooped up Crowther's attempted punt and went over the end zone.

Fumbles Keep Gophers From Bigger Score

Lund Leads Attack As Minnesota Fails On 5 Opportunities

MINNEAPOLIS, Oct. 6 (AP)—Minnesota's juggernaut, fumbling and plunging like a bull in a China shop, hammered out a 20 to 0 victory over Nebraska's dogged Cornhuskers today after frittering away five opportunities to pile up a bigger score.

Thirty eight thousand fans saw the elusive three fingered Pug Lund make sparkling runs that contributed to the Gophers' 15 first downs for 240 yards in gains by rushing in the first half, not one of which in itself, brought a touchdown.

Minnesota capitalized on a Nebraska error in judgment to score their first touchdown when W. Bevan, guard, intercepted a Cornhusker pass in the second period and scampered 32 yards to the goal line. Big, burly, Stan Kostka, the rampaging terror from the west, followed this with two bursts in the fourth period for two more touchdowns.

At least five times during the game the battering Gophers were within the Cornhusker 12 yard line without being able to penetrate the stubborn last ditch defense of Nebraska.

Lund, who fumbled seven times, without serious result in any case, started off the game with 46 yards in four running plays but Nebraska held for downs on the one foot line.

Texas Hands Notre Dame Surprise 7 to 6 Setback

By PERCY CROSBY

Bohn Hilliard Leads Attack Against Irish

Longhorns Gain Win in First Minutes As Green Fumbles

SOUTH BEND, Ind., Oct. 6 (AP)—The Longhorns of the University of Texas, led by the brilliant Bohn Hilliard, stamped through Elmer Layden's first Notre Dame team for a 7 to 6 inter-sectional victory.

Texas won the game in the first two minutes when George Melnikovich fumbled the kickoff and Jack Gray, Texas left end, recovered on the Notre Dame 14 yard line. Hilliard, Hugh Wolfe and then Hilliard again, pounded at the Irish tackles and on the fourth play Hilliard leveled the little 160 pound spark-plug from Orange, Tex., then dropped back and booted a place-kick for a touchdown.

Loss Chance to Tie

Notre Dame lost a chance to tie in the next period after Buster Babel, sub-quarterback of the Irish eleven, fumbled a punt, kicked it back towards his own goal, scooped it up and then dropped it again where John Michuta, Irish tackle, covered it on the 9-yard line. Fred Carideo and Melnikovich plunged to the three and Pilev swept the end to fall just short of the goal, then Melnikovich left left guard for a touchdown.

Hold Upper Hand

The Irish fought back to hold an upper hand until the final period; then they were pushed almost to their goal line as the Longhorns pounded away at the ends and tackles, only to find themselves talked inside the 20-yard line.

Notre Dame's work was spotty throughout. At times the Irish forwards filtered through the Longhorn wall almost at will to smother the ball carrier under a blue-clad bag. It was the wriggling, flashy Hilliard who time and again brought the Texans back from dangerous positions.

Hilliard stood out in the play throughout the game. He carried the ball no less than 25 times, gaining 54 yards of his team's total of 115. The Irish totaled 141 yards from scrimmage. First downs were 11 for Notre Dame and 10 for Texas.

Tutors Take Cornell Scalp by 18-9 Count in Season's Opener

CEDAR FALLS, Oct. 6 (AP)—Coach Johnny Baker's Iowa Teachers eleven turned on the power and trounced on Cornell by an 18 to 9 margin in the season's opener for both teams here Saturday afternoon. The game was played as a feature of the annual Boy Scout day festivities; 1,000 Boy Scouts attended the game.

The initial Tutor score came early in the first quarter after Nichols, Panther quarterback, had punted out of bounds on the Cornell five yard line. On Cornell's first play, Peterson fumbled and Bell, big Negro tackle, fell on the ball on the fourth yard line. Harry Helgason, fullback, found a stone wall on the first play, but Nichols scampered around end for the touchdown on the next. A fumble foiled the placekick.

Cyclones Trim Grinnell, 26-6

Uncover Powerful Smashing Attack; Neal Scores Twice

AMES, Oct. 6 (AP)—Iowa State's powerful running attack smothered Grinnell 26 to 6 today as the Cyclones showed conclusively they were the best football team to represent the school in many years.

After Grinnell opened the game with a quick touchdown on Clark's smash from the two yard line, the Cyclones came right back to tie the score and continue their smashing offensive throughout the game.

Harold Miller, who started the game at quarterback for Tommy Neal, sophomore star, counted the first Iowa State touchdown on a 25 yard dash off tackle.

Neal Scores

In the second quarter Neal sped 13 yards for a second score after Iowa State recovered a Grinnell fumble.

Late in the same period, Capt. Don Theophilus intercepted a Pioneer pass on the Grinnell 35 yard line. Neal again scored after a lateral pass and two off-tackle plays had taken the ball to the two yard line.

In the fourth quarter, Iowa State again recovered a fumble, this time on the Pioneer 23 yard mark. A lateral pass gained 18 yards, Miller made two yards and Bill Allender, fullback, romped the remaining yards for the Cyclone's last score.

Penn Stages Fourth Period Rally to Win Over Culver-Stockton

OSKALOOSA, Oct. 6 (AP)—Penn college defeated Culver-Stockton, of Canton, Mo., here today 14 to 6 in a ragged game enlivened by occasional sparkling plays.

The first half was even with Penn barely missing a touchdown in the second quarter. The Quakers lost the ball on downs on the visitors' 5 yard line. Penn opened the scoring in the third stanza. Williams, reserve quarterback, carried the ball over on a 20 yard run around right end. Culver-Stockton began a march down the field in the fourth quarter that ended with Henderson scoring on a line plunge through center. Penn's final tally came soon after, Williams circling left end for 11 yards and a touchdown.

FAMOUS BELLS

TROPHY—When De Pauw University (Greencastle, Ind.) and Wabash College (Crawfordsville, Ind.) meet this year for the forty-fifth time in the oldest football rivalry West of the Alleghenies, this bell will be at stake. The bell, presented by the Monon railroad as a traditional trophy, is at present in the possession of De Pauw University as a result of their last year's victory over Wabash.

BOILERMAKER TRADITION—Whenever Purdue University (LaFayette, Ind.) chalks up a victory in a "Big Ten" football contest, this old "Victory Bell" clangs out the glad tidings to the student body.

SILENT NOW—The above bell, a campus fixture at Baker University (Baldwin City, Kan.), was used as a 10 o'clock curfew until 1911. At the time of the death of Abraham Lincoln, it tolled for twenty-four consecutive hours.

RICHARD WHITNEY '35—Majoring in chemistry. "A Camel tastes simply swell," he says, "and what is more important, it refreshes my energy."

GET A LIFT WITH A CAMEL!

A PLEASURE that drives away fatigue and listlessness!

"I'm specializing in chemistry, which means a large amount of 'lab' work," says Richard Whitney, '35. "It's interesting—but a tough grind. After a long, hard session, a Camel tastes simply swell—and what is more important, it refreshes my energy and I feel 'fit as a fiddle' in short order. I've smoked a lot of Camels and never yet have they ruffled my nerves."

Everyone is subject to strain—whether physical, mental, or emotional. So it's important to know that Camels do release your stored-up energy.

The findings of a famous scientific laboratory have confirmed Camel's "energizing effect." So begin today to enjoy Camels. Enjoy their wholesome and delightful "lift." Enjoy their mildness and rich, good taste. Enjoy them often! Camel pays millions more for finer, more expensive tobaccos, and the costlier tobaccos in Camels never jangle the nerves.

BOOKS

A DUSK AT THE GROVE, by Samuel Rogers (Little, Brown, \$2.50). Atlantic Monthly \$10,000 prize winner. Theme: family loyalty. Scope: 1909 to 1931. Characterization: more mental than physical. Plot: episodic highlights of the family's triumphs and failures. Author Rogers is a Brown University (Providence, R. I.) grad, at present teaching at the University of Wisconsin (Madison). Read.

B LUST FOR LIFE, by Irving Stone (Longmans, Green, \$2.50). From jacket design through its entire 488 pages, this one is unusual and unhappy. Story of the life, loves and works of Vincent Van Gogh, the artist. Lautrec, Seurat, Gauguin, Rousseau stalk through the pages like macabre figures on a barbaric canvas. Where the book depends on Vincent's letters to Theo (his brother), it is good, though depressing. When the author lets his imagination run away with him, the result is not so good—and even more depressing.

MOVIES

B SHE LOVES ME NOT—If it wasn't for Bing Crosby's "Bing", the picture wouldn't rate as well as it does. The attempt has been made again even though this one is a musical, to create a college background. The result, as usual, is not so good. Wonder why some producer doesn't go to college or get a technical director who knows the field, and really catch the true spirit of an undergrad institution? Add handicaps: The play, "She Loves Me Not", from which the movie was made, was still running on B'way when the picture was released (Miriam Hopkins, Kitty Carlisle).

C THE DRAGON MURDER CASE—Inside dope: First Nat'l had difficulty with this S. S. Van Dine mystery. Maybe they should have asked Philo Vance just HOW a man can get into a diving suit by himself. Maybe HE could figure it out. The picture doesn't. Philo also isn't the man he was when William Powell played the part. (Warren William, Margaret Lindsay)

RADIO

B PHILOSOPHICAL ENTERTAINMENT—Edgar Guest, the poet, writes and recites, Tom, Dick and Harry make da' fun, Charlie Sears solos in tenor and a concert orchestra supplies the music. NBC-WJZ network. (New time: Tuesdays, 5:30-6 PM CST)

A EDUCATIONAL—WLW, Cincinnati, now presenting its sixth consecutive season of school broadcasts. Historical dramalogues, playlets and recitals for all grades. You learn things. (Daily, 2-3 PM, EST, except Sat and Sun.)
