NEW YORK, Jan. 5 (AP) — Helga, a modern Cinderella, endures a brush with death and learns a lesson in the harsh realities of life.

The young woman, a victim of a heartless twist of fate, finds herself in a dilemma. Despite her beauty, she is rejected by society, a victim of prejudice. Her struggle to find acceptance and love is the crux of her story.

Helga's story is a reminder of the power of resilience and the importance of overcoming adversity. Her journey teaches us that even in the face of overwhelming challenges, one can find hope and purpose. Helga's tale is a testament to the human spirit and the indomitable will to overcome obstacles.

In a time of darkness, Helga's story shines a light, inspiring others to persevere and believe in a brighter tomorrow. Her struggle is not in vain, for it is from the trials of life that we learn the most.

This is the story of Helga, a modern Cinderella, whose journey is a celebration of resilience and hope. Her tale is a reminder that no matter how dark the path, there is always a glimmer of light waiting to be discovered.

Capid's Victims Would Do It Again

"And They Lived Happily—"

BY JEREMY MARKS

You may have heard of the case in which a man named Capid was found guilty of the murder of three people. He was sentenced to life in prison. His case is an example of how our society has struggled with the concept of justice.

The case is unique in that Capid was actually responsible for a series of similar crimes, but the authorities were unable to connect him with the others.

The case has caused a great deal of controversy, with some arguing that the authorities were too lenient in their treatment of Capid.

Old English Christmas in Victoria, R. C. Described

Sparkling snow and glowing lights have presented a picturesque setting for the Old English Christmas in Victoria, R. C. Described by Prof. Swisher, chairman of the department of English literature and languages.

Though the day is bright, the world is cold, and snowflakes are falling on the ground, it is NOT winter in Victoria, R. C., the setting for Prof. Swisher's reading of "Old English Christmas." December 25 was chosen to be the date for the reading because of the Christmas holiday, Prof. Swisher explained.

The ceremony of playing the Yule Log on the first was explained by Prof. Swisher. He pointed out that the tradition is in keeping with the Roman custom of placing an image of the fire god, or a torch, near the window. The fire symbolizes the warmth of the hearth.

Pursing the Log was the log--a long and stout log placed in the hearth. It was then put in the fire, and wood was chopped down with a large ax. The wood was chopped down, and it was used to cut wood as a symbol.

This ceremony was concluded with the singing of "Auld Lang Syne" and "Good Night to Christmas." Auld Lang Syne, which we celebrate today, and "Good Night to Christmas," which was the old Christmas song that was sung at Christmas time.

Say "Towardish"

When someone tells you "boy friend," you may want to consider saying "towardish." This is a more accurate term that conveys a sense of uncertainty or direction.

For example, if someone asks you, "Are you dating anyone?" and you say, "Yes, I'm towardish," you are acknowledging that you are interested in someone but not yet ready to commit.

The new phrase is catching on among young people, who are looking for a way to express their feelings without being too specific.
