Gillette, Wilson Appear Victors

Prof. Foerster States Liberal Education Lacking

William F. Mitchell (photographed above) will retire as president of the state university at Morgantown, West. Virginia, on June 15. He will be succeeded by Dr. W. E. Brown. The change is due to the state board of regents. Mitchell has been president for the past 10 years. Brown has been acting president during the past year.

President Mitchell and his associates published a statement in the Morgantown Daily Register announcing the change. The statement reads in part:

"The new president, Dr. W. E. Brown, has been acting president of the state university for the past year. During this period, he has been associated with the college in every way and has been active in all of its activities. He is well qualified to fill the position of president and will prove a valuable addition to the college staff."

The statement goes on to say that Mitchell will continue to act as president during the transition period until the new president takes office.

AND SO TO BED!

The conditions in the air.

The country is really getting into a state of affairs that is very "hot." In the midst of the general confusion and excitement, the question of the future of the country is uppermost in the minds of the people. There are those who believe that the country is not worth fighting for, and that it should be abandoned to the enemy. These are the "peace" advocates, who are working hard to bring about a peaceful settlement of the war.

On the other hand, there are those who are determined to fight to the bitter end, and who are willing to sacrifice their lives in order to maintain the independence of the country. These are the "war" advocates, who are determined to do everything in their power to keep the country out of the war.

And so to bed! Good night!

Political Thought In County Seems To Be On Conservative Side

Judge Emmett Deutsch, Republican state senator, may carry the cause of the general change in politics in this county, with his opponent, William F. Brossman, Democrat, it seems.

Judge Deutsch polled 4300 votes as compared with 3000 for Brossman, which shows that the red tide still remains strong in the county.

The vote was a virtual sure of the county for the Statehouse, which means that the political balance in the county will be entirely devoted to the major candidates. The Democrats are expected to boost the contest on the grounds of cruel and inhuman quarters in the Jefferson hotel. The Republicans, however, are not expected to make a strong effort to win the county.

Lacina and Dan J. Peters, E. V. Farmington, Chicago, Ill., are the salesmen for the new American gas heating system. They are both veterans of the heating business, and have a wealth of experience.

The system is complete, automatic, and will save a fortune in fuel costs. The gas is burned at a uniform temperature, and the room-and-all at a cost no other system can equal.

ON THE CRANDIC ROUTE

You’re Comfortable in Any Kind of Weather!

The pleasant independence of breathless full weather by riding the Crandic line. Traveling between Chicago and St. Paul, you can travel in comfort and in safety. The cars are climate-controlled, and in every way you will find comfortable.

The Crandic line is the only railroad in the country that has a temperature control system. You can adjust the temperature to your own liking. A red button on the seat indicates the temperature you want. If you want it cold, you push the button; if you want it warm, you push the button.

LADIES’ SABOTAGE

Are you thinking about the possible loss of your job or the loss of your husband’s job?

Don’t let your worry about the future cause you to lose your focus on the present.

Instead, focus on the present and enjoy the moment.

Today, focus on your strengths, your abilities, and what you can do to make things better.

Remember, the past is gone, the future is uncertain, but the present is within our control.

Focus on the present and make the most of it.
