Iowa City’s New School Building Assumes A More Finished Air

The new Iowa City high school building is now under construction on the grounds of the central building. The new school building is the third in a series of buildings that have been constructed on the grounds of the old high school. The new building will be the largest in the state. The new school building will be used for high school classes, and also for use in the future.

Symbols on Senior High Auditorium

Three large figures appear on the sides of the building, indicating the three different periods of the building. The figures are the symbols for the junior high school, the senior high school, and the junior high school.
