Government Evacuates

BY LLOYD LIEBERMAN

Boston, Sept. 13 (AP) - Poland's government has resigned in face of mounting pressure from the Red Army, which has been pressing the Polish forces back from the Polish-German border. The Polish government, which has been in power for over 10 years, announced today that it will now be replaced by a new government, which will be formed by General Sikorski, the former Polish government official.

The Polish government had been in power for over 10 years, but the Red Army's advance has forced it to seek refuge in the United States. The new government, which will be formed by General Sikorski, will be responsible for the country's defense and will be supported by the United States.

The Polish government had been criticized for its handling of the situation and for its failure to take adequate action to prevent the Red Army's advance. The new government will be expected to take a more vigorous approach to the situation.

The Polish government had also been criticized for its conditional surrender to the Red Army, which had been demanded by the United States. The new government will be expected to take a more independent approach to the situation.

The Polish government had also been criticized for its failure to provide adequate support to the Red Army, which had been fighting against the Polish government. The new government will be expected to provide adequate support to the Red Army and to ensure that it is treated fairly.

In the person of its trained professional personnel, Mason City has been especially fortunate in keeping abreast of the latest developments in the fields of social work and counseling.

As a result, the Mason City Health Department, in cooperation with the Mason City Board of Education, has undertaken a campaign to educate the public in the importance of good health habits and to promote general health awareness.

The department has organized a series of workshops and seminars, led by expert speakers and educators, to provide residents with up-to-date information on various health-related topics. These events have been well-received by the community and have contributed to a positive shift in public attitude towards health consciousness.

In addition, a new program called "Healthy Habits" has been implemented, aiming to educate people on simple yet effective strategies to maintain good health. The program includes a series of monthly seminars, a hotline for health-related inquiries, and a community-based support network.

The Mason City Health Department is dedicated to improving the overall health and well-being of its residents through continuous education, awareness campaigns, and practical support services. With the help of its dedicated professionals and community partners, the department continues to forge ahead in its mission to foster a healthy and vibrant community.

GRID TEAM PREPARES FOR OPENER

Notre Dame Produced Iowa Coaching Staff

Anderson, Carideo, Harris Were Coached by Rockne

In the days of 1938 Iowa's football family, the coach was led to eastern grid circles and centered with the starting of Edward Anderson, Joe Harris and, later, Frank Carideo. This trio is the latest chapter in the remarkable story of Knute Rockne, founder of the famed Notre Dame Gridiron.

Anderson, who took over the Hawkeyes football boys before coming to Iowa, is a native of Dubuque, Iowa. He was born in Chicago, Ill., and was an outstanding student at the University of Notre Dame. He was an All-American in his senior year.

Beginning immediately after the great World War, Anderson started coaching at the University of Dubuque in 1938. From Dubuque he moved to Western Illinois College, Dwight, Ill., where he coached football and track until he was lured away to Iowa in 1938.

Anderson's coaching methods are as tough as his methods of coaching. He was a strict disciplinarian, with his players always at the top of their game. He is a man who believes in hard work, and his players are expected to work hard and do their best.

The team that he has assembled at Iowa is one of the strongest in the Big Ten Conference. It is expected to do well in the upcoming season.

St. Patrick's Preparing For Tough Schedule

The Irish will have to prove themselves in the next few weeks. They are scheduled to play against some of the top teams in the country. The Irish have a tough schedule, and the team will have to work hard to win.

Willard (Bill) Hofer To Coach University Freshman Gridders

Another Notre Dame football was added to the University of Iowa coaching staff recently. Bill Hofer, first assistant coach for the past two years, has been named supervisor of the gridiron. He is expected to be a valuable asset to the team.

Hofer has been with the University of Notre Dame football team for five years. He was a member of the team that won the 1938 national championship. He is expected to be a great addition to the Iowa coaching staff.

Jewish Hopes Rest On New Talent: Guards Fluctual

### Thirty-Year Veteran

**Athletic Director E. C. (Dad) Schroeder — A Landmark in S. U. I. Athletic History**

Schroeder is one of the real original builders of the University of Iowa athletic program. For many years he has been the prime factor in the Iowa physical education department and his presence is felt in every athletic field. He has been an integral part of the Iowa athletic program during that forty-year period.

*He came to this country when only a few years old.*
