British Sweeps Seas For German Raiders

British Royal Navy was reported as having captured a German merchant vessel this morning in an area of international waters off the coast of Scotland. The vessel, identified as the "Ostwind," was proceeding northward towards the Scilly Islands when it was spotted by a British warship. The British warship approached the vessel and demanded that it stop and surrender. The vessel complied and was boarded by the British forces. Upon boarding, it was discovered that the vessel was carrying a large amount of enemy supplies, including ammunition, food, and medical supplies. The British forces seized the supplies and proceeded to destroy the vessel. The crew of the vessel was taken prisoner and later released.

Union Nations in Quebec Defeated in Election by Dominion Government

The elections in Quebec were held today, with the Union Nations party losing to the Dominion Government party. The Dominion Government party won a majority of seats in the legislature, giving them control of the provincial government. The Union Nations party has been a vocal advocate for Quebec independence, and their loss is seen as a setback for the movement. The Dominion Government party, on the other hand, has been more focused on maintaining Quebec's place within Canada. The results of the election are expected to have significant implications for the future of Quebec's political landscape.

Russia's most powerful cavalry division, the 6th Siberian Division, has been sent to the Far East to counter the Japanese threat. The division, which is equipped with modern tanks and artillery, is commanded by General Alexei Kuznetsov. The division's deployment is seen as a strong signal to the Japanese that Russia is prepared to defend its interests in the region. The division is expected to play a key role in any future conflict between Russia and Japan.

Iowa High Court Reverses District Local District

DES MOINES, Ia., Oct. 25--(AP)--The Iowa High Court has reversed a decision of the 2nd District Local District Court, which had ruled in favor of the city of Des Moines. The court's decision was based on a finding that the city had violated state law in its collection of taxes. The city had been collecting taxes on property owned by the Des Moines Water Works, which is a publicly owned utility. The court's decision is expected to have significant implications for the city's tax structure.

German Test French Lines

PARIS, Oct. 25--(AP)--Battleship "Bismarck," flagship of the German High Seas Fleet, was reported to have been spotted near the French coast this morning. The "Bismarck" is believed to be on a mission to disrupt French military supplies to the Allied forces in the Mediterranean. The French government has deployed additional forces to the Manche coast to counter the threat posed by the "Bismarck." The "Bismarck" is expected to be supported by other German warships.

Army Decrees Uniform Styles

WASHINGTON, Oct. 25--(AP)--The Army has decreed that all officers and enlisted men must wear the new uniform styles. The new uniforms are designed to be more comfortable and to provide better protection against the elements. The new uniforms include a shirt with long sleeves, a jacket, and trousers. The new uniforms are expected to be phased in over the next several months.

Jack Swaner Urges Support For 5 Groups

Expenses Facing That $17,850 Target Will Be Surpassed

With Community Chest pro-

Jack Swaner, chairman of the

Campaign Committee, urges all Iowans to

give to the Chest during the drive which will last through Tuesday.

"Every dollar collected in the Chest fund is contributed by individuals," Swaner said.

"Every individual in the City of Iowa City can contribute to this fund by giving

$17,850 to the Chest. The final result is determined by what individual citizens of the City contribute."

Swaner reviewed the nid of

each of the five drives held

in Iowa City.

"In 1933, the campaign was

entirely in the hands of the

women of the City of Iowa

City. They did fine work and

raised $12,000. In the fall of 1934, the

women increased their efforts and

raised $14,000. Last year they

raised $15,000. I think it is important

that we do better this year than

we have done before."

The International Center pro-

and the Junior League as

most important drives. The

Center's drive last year was

$5,000. The Junior League

will have to work harder than

ever before to secure its

goal of $3,000. The

Children's Chest drive last year

was $4,000. We have no
target for this year. The

artistic people will

have to do better this year than

they did last year."

Swaner outlined the

results of the drives held

in 1933:

The Community Chest drive

raised $12,000. The Junior

League raised $15,000.

The Women's Chest drive

raised $15,000. The

Children's Chest drive

raised $4,000.
