FUEHRER, DUCE TO MEET
Congressman Martin Lambasts Roosevelt

By ARTHUR PADDOCK

A Chicago politician that is not being heard in high places at the present is ex-Mayor Martin, now a congressman from Illinois.

His name is often heard in connection with the Republican nomination for governor of his state in 1938. His recent attacks on the New Deal and his outspoken views on international affairs have brought him to the attention of the nation.

In a recent speech before the American Legion convention in Chicago, he said:

"The New Deal is a fraud. It has brought us nothing but uneasiness and uncertainty. It has failed to solve the problems of unemployment and poverty. It has not given us a sense of security. It has only added to the confusion and chaos of our time."

These views, he said, are shared by many other Americans, but they are not being heard in high places. He called on the president to take action to end the confusion and to give the people a sense of security.

The congressmen, he said, are not being given an opportunity to express their views on international affairs. He called for a new policy of peace and friendship with other nations.

"We must stop our isolationist tendencies," he said. "We must work with other nations to build a better world."

These views are not being heard in high places, he said. He called on the president to take action to end the confusion and to give the people a sense of security.

Anderson Bars Gates As Game-Time Nears

Two Rookies Will Probably Begin Contest

Behind gates that barred even newspapermen, Dr. Eddie Anderson and Charlie Crane walked unchallenged into the fieldhouse at Michigan Saturday, the opponents' official opening of the season.

"We want to do some things that we'll show off as batting allies," Anderson told the press during a brief interview outside the gates. He declined nothing in the matter of injuries on the roster, but insisted that he was confident they could play the game. "The big man, Mr. Dyer, will be well up to par."

Anderson said that today's decision not to use some of the original batting allies was a result of the speed with which the big man was progressing. "I want to keep him in the lineup as long as we can."
