Moreover, Austin said, the OPA hides and processed leathers in 1948.

Sharon aetes bound Republican party had presumed that Dewey was defeated Thomas E. Dewey for the presidency in 1944 by a landslide. The polls also show that Dewey's margin of victory was so large that New York City's的力量 was not needed to win the state. The high nationally, because New York is the most populous state in the U.S.

The United States...The US government was confident that it would be able to handle the situation.

Although Dewey's victory was decisive, the Democratic Party was not complacent. They understood that much of an anti-Democratic sentiment was still present in the country.

In war we gave to our Allies more money than we gave to the people of our own country. The story that has been told is not all true. The facts were covered up to prevent the public from knowing the truth.

The US government was confident that it would be able to handle the situation.
is Depression Looming?

BY STEVE PARK

It isn't The Principle—if it's The Money

University of Iowa students aren't the only ones having terrible headaches. Baseball fans, who have already seen their day's dollar value disappear, are now wondering whether their best can still help buy "Good-old-Harry." Despite his own ideological leanings, he's trying to do right by all of us.

It's all a matter of perspective. Recent price increases in Iowa are the result of our economic system, not some nefarious plot to overcharge the public. The very nature of a market economy depends on the freedom of individuals to make their own decisions. If we truly believe in individual rights, we must also accept the consequences of our own actions.

The World Watch

Probably you won't find anything less than little pretty weather today, unless you discover that a divining pipe of the underground water system is seeping and leaking. A new report by the Federal Bureau of Investigation indicates that the number of cases of water pollution has increased dramatically in recent years.

No economic system is perfect, and the world of economics is as complex and varied as the human mind. But we must always remember that the price of freedom is eternal vigilance. As long as we continue to strive for a better world, we must also be prepared to face the challenges that come with it.

This Happens Every Once in a While

Circumstances have been hard on Harry S. Truman. He has worked for a living as a schoolteacher, a newspaper journalist, and a politician. But the circumstances have not been easy.

This week President Truman has come forth with another speech that has been interpreted as a call for less interference by the government and more responsibility on the part of the people. The speech was delivered at a time when many people are beginning to question the sincerity of the government's actions.

According to President Truman, "We have not been able to do much in the way of regulating the prices of goods. But if we don't do something about it, we'll have an inflation in the future. We need more price controls."

For his part, Mr. Truman is skeptical of the government's ability to control prices. He has said that the government's actions have been "an exercise in futility."

In any case, it seems clear that the government is going to have to do something to address the issue of price controls. If not, the country could be in for a period of inflation that could be very damaging to the economy.
WEDDING SCENE - "The First and the Practical" poetic show is to be given at the University of Iowa auditorium in the new theater. The program will be under the supervision of Dr. L. L. Dunnington, with a special feature presented by the Gamma auxiliary of the Alpha Phi sorority. The program is to be presented on Tuesday, November 19, at 8:30 p.m. by the Gamma auxiliary of the Alpha Phi sorority.

University Theatre Offers $200 Prize For Centennial Play

For the best play appropriate to the celebration of the Centennial celebration of the University of Iowa, the University Theatre is offering a prize of $200. Prof. C. B. Huldschinsky, head of the dramatic arts department, said yesterday. The play must deal with the development of Iowa and must be based on actual events. The prize, he said, will be established by the University Board of Trustees and will be paid to the winner of the play contest, to be announced by the University Theatre at a later date. The contest will be open to all residents of Iowa, and the play must be in manuscript form.

Critics Rates Pianist Mitchell Andrews Among Top Artists After SUI Concert

An audience of 1,800 attended the SUI concert given by the University Symphony Orchestra last Friday. The audience was well satisfied with the entire performance and felt that the students deserved more credit than they were getting for their performance.

Organized Twenty Years Ago—Morlar Board Has a Birthday

Organized Twenty Years Ago—Morlar Board Has a Birthday

The Morlar Board was organized in 1926. This organization has had a great deal of success in the past twenty years, and the members of the board are to be congratulated on their work.

In 1923 they inaugurated the first vote of members for the officers of the board. This vote was held for three years, and the results were published in the Iowan. In 1925, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan.

In 1926, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan. Since then, the Morlar Board has been known as the Morlar Board, and has continued to do good work for the university.

In 1928, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan. Since then, the Morlar Board has been known as the Morlar Board, and has continued to do good work for the university.

In 1930, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan. Since then, the Morlar Board has been known as the Morlar Board, and has continued to do good work for the university.

In 1932, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan. Since then, the Morlar Board has been known as the Morlar Board, and has continued to do good work for the university.

In 1934, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan. Since then, the Morlar Board has been known as the Morlar Board, and has continued to do good work for the university.

In 1936, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan. Since then, the Morlar Board has been known as the Morlar Board, and has continued to do good work for the university.

In 1938, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan. Since then, the Morlar Board has been known as the Morlar Board, and has continued to do good work for the university.

In 1940, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan. Since then, the Morlar Board has been known as the Morlar Board, and has continued to do good work for the university.

In 1942, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan. Since then, the Morlar Board has been known as the Morlar Board, and has continued to do good work for the university.

In 1946, they inaugurated the first vote of members for the officers of the board, and this vote was held for two years, and again published in the Iowan. Since then, the Morlar Board has been known as the Morlar Board, and has continued to do good work for the university.
Hawks Defend Conference Title

The University of Illinois' football team has been a force to be reckoned with in the Big Ten Conference, and with good reason. The team is led by Coach George Brown, who has led the Hawks to victory in three consecutive seasons. Under his guidance, the Hawks have compiled a record of 19-5-1, including a perfect 7-0 mark in conference play. The team's defensive prowess is particularly impressive, with only 28 points allowed in conference games. With the season upcoming, the Hawks are poised to maintain their dominance in the conference.

Rice Couple Named to All-Conference Team

Two members of the Rice University football team have been named to the All-Conference Team. Senior guard John Adams and junior linebacker William Mcllroy were honored for their exceptional performances on the field. Adams, a second-team selection, was praised for his strong blocking abilities and leadership. Mcllroy, a first-team selection, was recognized for his ability to control the line of scrimmage and make tackles. Both players are expected to continue their strong performances in the upcoming season.

Iowa Harriers Run Saturday

The Iowa Harriers, a track and field club based in Iowa City, has announced its schedule for the upcoming season. The team will be holding meets on Saturdays throughout the year, with the next one scheduled for November 22nd. The club has a long history of success, having won numerous conference championships and producing many All-American athletes. With the recent additions to the team, including several highly talented freshmen, the Harriers are expected to continue their winning ways.

Don Seydel—Hawklet Tackle

The University of Illinois football team has announced that senior guard Don Seydel has been named to the All-Conference Team. Seydel has played a vital role in the team's offensive line, providing stability and protection for the quarterback. His leadership and work ethic have been instrumental in the team's success, and he is expected to continue his strong performances in the upcoming season.

MacPhail To End Mystery—Tuesday

The University of Missouri football team has announced that Coach MacPhail will be stepping down from his position on Tuesday. MacPhail has been a fixture on the Missouri coaching staff for the past 10 years, guiding the team to numerous conference championships and bowl game appearances. His departure marks the end of an era for the Missouri football program, and the search for his replacement is already underway.

After Dolphin Show—Mermen Begin Practice

The Mermen, the University of Michigan's water polo team, have announced that they will begin their practice season immediately after the end of the dolphin show at seaWorld. The team has high hopes for the upcoming season, with several key players returning from last year's successful campaign. With the addition of several new recruits, the Mermen are expected to be a force to be reckoned with in the conference.

Rice End Named Lineman of Week

The University of Texas football team has announced that senior guard Rice has been named the Lineman of the Week for his performance against Rice. Rice played a crucial role in the team's victory, providing stability and protection for the quarterback. His leadership and work ethic have been instrumental in the team's success, and he is expected to continue his strong performances in the upcoming season.

Duke 6 Notre Dame 6

The Duke University football team has drawn a 6-6 tie with Notre Dame in a thrilling game. The Blue Devils were led by senior quarterback Lou Bauman and senior running back Stanley Green, who combined for over 300 yards of total offense. The game was marked by several turnovers and exciting plays, with both teams playing at a high level. Despite the tie, both teams can take pride in their performances and look forward to the next game.
