Yanks Rally, Win Tally 5 in 5th to Win, 5-3

By CAVET TALBOT
YANKEE SCRAMBLE, NEW YORK

The greatest World Series game ever seen at the Polo Grounds, the only two close games in the Brooklyn series came to a head when the New York Yankees, with the 5-3 score that clinched the Series, asserted their winning formula for the seventh time in their 11-year Series career.

Manager Burt Shotton, who had been in the firing line during the preceding four games, was vindicated again as he faced the firing line for the fifth time. The Yankees did not win under Burt Shotton on the Polo Grounds.

For four innings the Dodgers and Yanks played a scoreless game. Then the Yanks broke through in the fifth inning with a five-run outburst. The Yank threat continued in the sixth with a two-run outburst that sent Stottlemyer to the showers. The Yanks scored again in the seventh, but didn't break through in the eighth. The Yanks scored twice in the ninth, but couldn't score the winning run.

Hank Flowers, who had a World Series game, went up to the plate more quickly. After an hour's delay, the Yanks went out to the front and the score was 5-3. In the sixth inning, the Yanks scored twice, but couldn't get the winning run. The Yanks scored again in the seventh, but didn't score the winning run.

Puerto Ricans Prefer Homeland to Farm Life

By J. N. Roberts Jr.

Whether it is a normal policy of the United States government and American foreign officials or merely a propaganda stunt, the United States government is determined, in the face of any country's protests, to continue to ship food aid to the Republic of Puerto Rico.

The United States government has been delivering food aid to the island since 1946 and has been doing so for the past two years.

While the United States government has been delivering food aid to Puerto Rico, the United States government has been doing so for the past two years.

In the face of any country's protests, the United States government is determined to continue to ship food aid to the Republic of Puerto Rico.

In this light, the United States government has been doing so for the past two years.

Because the United States government has been doing so for the past two years,

The United States government has been delivering food aid to the island since 1946.

The United States government has been delivering food aid to the island since 1946.

Insurance Men See 'Soothing' Effect for Younger Drivers

IN HARVEY LEWIN

The Iowa safety responsibility law which goes into operation today will have a "soothing" effect on younger drivers. That's the opinion of Iowa City insurance agencies as they view a changing attitude toward public liability insurance.

"The average young driver has come to realize the importance of proper insurance protection and the necessity for financial responsibility on drivers," says one agent, "and it is apparent that he is more equipped to meet the responsibilities of the law." He adds that "the law will have a beneficial effect on insurance rates in the future." The law requires that all drivers maintain insurance coverage to the extent of $5,000 liability for one person and $10,000 liability for two or more persons, and $1,000 property damage for each accident.

The new law is generally favored by the public, and the agencies say they have been contacted repeatedly by those interested in obtaining insurance coverage.

OFFICIALS Doubt City Will Get New Airline

There is no definite news of a north-south air service through Iowa City, according to Chamber of Commerce and airport authorities, but there are definite signs that Eastern Air Lines may be interested in the market.

"We have received a letter from Eastern Air Lines indicating their interest in the area," said Robert Gann, secretary of the Chamber of Commerce, and member of the airport commission. However, there has been no definite word about the possibility of a new service.

The airport authorities have been in contact with Eastern Air Lines in the past, but no definite word has been received in the near future.

The airport commission is working with Eastern Air Lines to arrange for a new service, and there has been a favorable response from the company.
