Korean War Skips Usual Battle Rules, Puzzles Observers

BY PETER KALISCH

SOEHR, Wash., July 29 — Korean authorities have been making battle rules look three weeks ago when they first committed to paper a "war plan" for the Korean war. Since then, the fighting has continued, but the rules have not been followed.

The plan, which was written by the Korean government, lists the following rules:

1. No prisoners of war will be taken.
2. No trenches will be dug.
3. No heavy artillery will be used.

These rules were written by the Korean government in an effort to avoid the usual battle rules, which include:

1. Prisoners of war will be taken.
2. Trenches will be dug.
3. Heavy artillery will be used.

The Korean government hopes that these new rules will help to make the Korean war more humane.

**Banana Cake Made Easily**

With "Quick'ki Cake" Mixes

Fresh banana flavoring makes any cake special. Simply mash the bananas and add the fruit to the cake batter. The flavor permeates the cake and the bananas keep pastry fresh and tasty.

Banana cakes are easy to make at home with the package quick cake mixes and two rules should be observed in mixing. When the package directions for mixing specify the addition of milk, oil, or one of the other liquids, measure the milk, oil, or one of the other liquids before adding the banana puree and other ingredients as directed.

Mix the dry ingredients, including the cake mix, into a bowl and with a fork, beat in the eggs, oil, and milk or other liquid. Add the mashed bananas, then stir in just enough flour to make a stiff batter. Scrape the bottom of the bowl and when no dry flour can be seen, the batter is ready to pour into greased cake pans or unbaked banana bread, bake according to directions on the package.
