designed to carry 600 tons of traffic
per day, was apparently hit by a
earthquake that originated in the
area.

A Democratic Queen —

Certain members of the Hawkeye yearbook staff are now entertaining a change of plans for ordering the 1881 Hawkeye Queen, but which has not been decided as of yet, would appear.

Instead of being completed only by bungalow suits and funny glasses, they might be accompanied by individual era, such as the one.

The queen of year will be selected by Bishop and Gould, Gould, Gould, Gould, Gould, Gould.

The editorial states that this plan under consideration is in keeping with the yearbook slogan in all students honor.

We hereby extend the plan, and we hope it becomes for all time yearbook event which will be of an all-time success.

Ike May Have Avoided Troubles on Germany

By J. M. ROBERTS, Jr.

All news men are agreed that the Germanic people have not been pleased with the United States government's handling of the German situation.

The Germans feel that they have been treated unfairly and that their rights have not been respected.

Some believe that the United States government has been too soft on the Germans, while others believe that the government has been too hard on them.

Regardless of how one feels about the situation, there is no doubt that Germany is in a difficult position, and that the Germans are not happy with the United States government's treatment of them.
