Winter's Are Different—But Are Worse

ST. LOUIS (AP) — Gramp's gridiron heroes have been missing from the scene for a number of years. It's not unusual for teams to lose their starting lineup in a season, but what happens when the entire team is lost? That's the situation facing the University of Missouri, which lost most of its starting players to injuries.

The United States government has charged 459 officers and men with having taken part in the strike, including 20 who were arrested. The officers and men are being tried in federal court.

Union of Britain and U.S. Possible Aim of Churchill Trip

Will Seek to Bolster Prestige of Empire

WASHINGTON -- In a Washington speech Friday for the United Nations, President Roosevelt would urge Great Britain to join the United States in a joint declaration to the nations which have grown to such gigantic proportions from the axis of the two, at least in part, to a point where the future of the British Empire and its dependencies, as well as the world's future, is in question.

The President will use his speech to urge the British to join with the United States in a joint statement which will be sent to the United Nations.

The President's appeal to the British is in line with the joint statement made by Secretary of State Cordell Hull and British Foreign Secretary Anthony Eden.
