**British, U.S., 'Split' Called 'Not Serious'**

**By J. M. ROBERTS**

From this conference, the world's two most powerful nations emerged with a clear sense of their differences over the issue of the future of Europe. Britain and the United States disagreed sharply on the matter of the division of Europe, with Britain favoring a policy of trusteeship and the United States supporting a policy of self-determination. The differences were not serious, however, as both nations agreed to continue their efforts to achieve a solution to the problem.

**Oh What A Beautiful Morning**

**By John W. CRONKITE**

The minister was sitting in his church, talking to a group of children, when a little girl approached him and said, "Minister, I want to be a minister when I grow up." The minister replied, "That's great, little girl. But I want you to remember something. To be a minister, you have to be a good person. You have to be kind and patient, and you have to love God." The little girl thought about this for a moment, and then she said, "I know, Minister. That's why I want to be a minister." The minister smiled and said, "That's the spirit, little girl. Now go out and be the best minister you can be." The little girl hugged him and said, "Thank you, Minister." The minister said, "Anytime, little girl. Now go out and spread the word of God." The little girl walked away, smiling, and the minister thought to himself, "That's the future of our church. These little girls are the future of our church."
Big Brother' Program Called Success

BY PAUL BURKON

The 'big brothers' and "big sisters' program has proved a big success at the Iowa hospital. It is an old idea, but a new one.

The program, which the staff did not want to begin, but did because of the good work done by the children, has been successful because of the staff's cooperation and the children's own efforts.

The program has been successful in that it has helped to give the children an opportunity to do something for themselves and for others. It has helped them to develop independence and self-reliance.

In addition to the regular school work, the children have been given a chance to do extra work for the hospital and for the community. They have helped to raise money for the hospital, to do painting, and to clean up the playground.

The program has also given the children an opportunity to work with other children, to learn new things, and to be part of a group.

The children have been very cooperative, and the program has been a success. It has helped to give the children a new sense of purpose and a new sense of belonging.

The program has been a success because of the cooperation of the children and the staff. It has been a success because of the help of the community.

Vessels Wins Heisman Poll; Scarbath 2d

Michigan State Tops Poll Again

NEW YORK — As the 1953 season ended, the Associated Press football poll was released, and Michigan State emerged as the top team, ahead of USC and Navy.

The Associated Press football poll has been a staple of college football since it was first introduced in 1935. It is considered one of the most prestigious polls and is often used to determine the national champion at the end of the season.

Michigan State is coming off a 10-0-1 season, which included a victory over USC in the Rose Bowl. USC was ranked second in the final poll, with Navy third.

The Associated Press poll is voted on by members of the media, and each voter gives their top five teams. The team with the most first-place votes is the national champion.

Vessels Wins Heisman Poll; Scarbath 2d

The Associated Press Heisman Trophy poll was released, and Vessels emerged as the top choice, followed by Scarbath in second place.

The Heisman Trophy is awarded annually to the most outstanding college football player in the United States. It is named after John Heisman, who was the head coach of the Georgia Tech football team from 1910 to 1926.

Report McElhenny Causing Dissension On 49ers Grid Squad

Los Angeles (AP) — The San Francisco 49ers, who finished the season with a 10-0-1 record, have been plagued by dissension off the field.

The 49ers have been embroiled in a series of controversies, including a dispute over the team's logo and a player's suspension for using marijuana.

Some players have also been involved in legal issues, including a player who was arrested for drunk driving.

The team's coach, George Seifert, has been forced to deal with the problems, and the team's owner, Edward Sabol, has been critical of the team's performance on and off the field.

Guglielmi Warming Up For Repeat Performance

Guglielmi, who won the Heisman Trophy in 1952, is expected to be a strong contender for the award again this year.

United States Steel Corp. Elects Hood To Replace Wilson

PITTSBURGH (B—A former Homer Illinois, 47, former president of the United Steelworkers of America, has been named to the board of directors of the United States Steel Corporation.

John S. Hood, 49, has served as the company's general counsel and chief administrative officer since 1959. He previously held a variety of positions in the company's research and development laboratories. Hood's appointment comes as the company continues to focus on improving efficiency and productivity.

As a result of Hood's appointment, the company's board of directors has also named four new members: Donald R. Smith, president of the United Steelworkers of America; Robert W. Dunshee, senior vice president of the United Steelworkers of America; and three other members who will serve on the executive committee.

The new board members will help to guide the company's strategic direction, ensuring its continued success in the competitive steel industry.

The Community Chest board of directors has approved a plan to replace Wilson as the chief executive officer of the United Steelworkers of America. Wilson had served as the president of the company for 10 years.

Based on the decision, the board has selected Donald R. Smith, who has demonstrated a strong leadership style and a commitment to the company's core values.

The appointment is expected to take effect immediately, and Wilson will be available to support the transition during the coming weeks.

The Community Chest board of directors is committed to ensuring the company's continued success and the well-being of its employees and the communities it serves.

The new play will be titled "The Mountain." It is written by Robert Clifton and directed by Arthur Provident.

Before Lamb can start work on the new play, he needs to make several adjustments to the script. Lamb has spent the past few weeks revising the script and making sure that the play will be ready for production.

The new play will premiere in early 1954, and Lamb is excited about the prospect of working with Provident on this important project.

The play is expected to be a significant addition to the company's repertoire, and Lamb is confident that it will be a great success.
