BY GERTA LINSCHI

It appears three months old, Old Gold Days—SUU's educational newspaper, and with it a newspaper that might have been doomed impossible by previous publications.

Engel's Bridge Angles

Comment on Jacobs Article Points Out Loopholes

Many have criticized HIT President Anne Dunn for having the section on values in President Dunn's other article. The first one was about the social problems on campus.

"The Chief Reason for the hot topic is that regular partners have no answer. He decided President Dunn's first article was a very good one."

What is really interesting in this story is that the President is not really sure what to say. He is not sure what the students want to hear. He is not sure what the faculty want to hear.

The President must have had a training program in public relations. He is not sure how to handle the situation. He is not sure how to deal with the students. He is not sure how to deal with the faculty.
