U.S. Begins 1-Year A-B Test

Glen Stewart

Radioactivity Jump Scare Los Angeles

Mayor Demands Nevada Test Ban

Los Angeles—A sharp increase in the number of known radioactivity readings has sent Mayor Norris Poulson of Los Angeles to Washington for an explanation.

Mayor Poulson demanded that the Nevada Test Site stop testing, saying that the readings were "shocking" and "abnormal". He also threatened to withhold city funds unless an explanation is given.

However, Nevada Test Site Director William G. Peck Jr. denied the readings were abnormal, stating that they were within the expected range. He promised to look into the matter further.

Poulson was scheduled to meet with President John F. Kennedy on Monday to discuss the issue.

Weather Forecast

Miami—A high-pressure system is expected to move into the area today, bringing clear skies and temperatures in the mid-70s. Winds will be light and variable.

Nuclear Power: Momentum Grows Genova (AP) — The U.S. Congress on Thursday approved legislation to allow nuclear power plants to proceed with construction.

The measure, which passed 310-103, clears the way for the first new nuclear power plant in the U.S. in more than a decade.

The bill was sponsored by Senator John Glenn of Ohio and Representative Henry Waxman of California.

The legislation would provide $2.6 billion in loan guarantees for the construction of new nuclear power plants.

Soviets Seem Ready to Use Nuclear Weapons

NATO officials have reported increased activity at Soviet nuclear facilities, leading to concern in Western capitals.

The activity includes increased fuel loading, loading of new missiles onto submarines, and preparations for possible long-range nuclear strikes.

Military analysts say these preparations could be in response to the U.S. build-up of capabilities, which has included the deployment of guided-missile submarines and Cruise missiles.

The U.S. military has been increasing its presence in the European theater, including deploying more than 40,000 troops to bases in Italy and Germany.

The situation has prompted concerns in the NATO alliance about the balance of power.

Soviet leaders have previously warned that they would use nuclear weapons if they perceived the U.S. as threatening their security.

Pledges Halt Even Though Soviets balk

Hawkeye students wanted for Selective Service

By ANDREW BYSTEDT

Students mat toward the SUI campus one November night in 1959, and lighted a bonfire on the Old Capitol east lawn. Iowa City Republicans hurried to the campus and danced with students around the burning Democrats in Iowa City angrily went to bed.

"The next morning people stood at Iowa City streets and doors talking about the Republican victory in the 10th election," Republicans told staying Democrats. Republicans laughed about the bonfire celebration, and shouted that SUI deserved a gift. An influential Iowa City Republican motioned for silence. People laughed.

Most SUI Students Were Republicans

"I'll find a gift for SUI," the influential Republican said.

A few weeks later the man told other Republicans he had bought a gift for SUI. Most SUI students were Republicans in 1959.

Many voted, which helped Republicans win office.

Republicans won.

"You've granted," and SUI he received no gift.

Then, in 1952, city workers began to build a plaque sidewalk and the SUI campus. Plush sidewalk was expensive. Yes, and Iowa City Democrats were enraged.

"That sidewalk is a Republican gift to SUI!" Democrats demanded furnished city officials said it wasn't a gift.

"We just placed to build sidewalks as streets that run past the campus," Republican city officials said. The sidewalk finished a few weeks before the election of 1952.

Electors one November day, Iowa City people voted and walked election results.

Another Round, Another Celebration

The next round for students was toward the SUI campus, and burned a bonfire on the Old Capitol lawn. Iowa City Democrats hurried to the campus, stopped to grin at the new plaque sidewalk, and then tossed with students around the bonfire.

"We voted," shouted Democrats, who had won several local offices. Many SUI students had voted Democratic. Republicans Iowa City angrily went to bed.

San Francisco Quake

SAN FRANCISCO - Twenty-four hours after the 6.9 earthquake shocked the region, the city of San Francisco has been hit again by a 7.1 tremor.

The earthquake hit at 4:20 a.m. on Thursday, causing widespread panic and damage.

The city has been on high alert after the previous earthquake, which killed at least 85 people and injured thousands.

San Jose, Santa Clara, and San Mateo counties were also hit by the quake.

#### Smith Figures Forecasts

**Only On Math, Statistics**

Smith has made his forecasts for the upcoming season. He believes that Michigan will have a strong year due to its strong defense. Michigan is favored to win the Big Ten conference and make it to the national championship game. The Hawkeyes are expected to struggle against the Wolverines, with Michigan winning by a score of 28-6.

Johnson Returns Radical Charge

By THE ASSOCIATED PRESS

Mason, Ohio — Johnson has said he will not oppose the appointment of Republican Senator Robert Taft to the Senate by the State Senate. Johnson had previously indicated that he would oppose the appointment, stating that he believed it would be a mistake for the Senate to confirm Taft's nomination. Johnson's comments come amidst a growing debate over the appointment, with some Senate Democrats opposing it and others supporting it.

Army Rests Case In Grease Trap Episodes

By J. JACKSON, Jr. — The Army has rested its case in the so-called "grease trap" episode, which has been ongoing for several years. The episode involves allegations of sexual misconduct by several Army officers, which has led to a number of investigations and disciplinary actions. The Army has been under pressure to address the issue, and the episode has become a significant political issue in recent years.

Socialist Party In Italy Splits

ROME — The Italian Socialist Party has announced that it will hold a general assembly to discuss a potential split in the party. The announcement comes after a series of internal tensions and disputes within the party, with some members calling for a more radical approach and others advocating for a more centrist course. The party's leadership has been under pressure to address the issues, and the general assembly is expected to be a key moment in determining the party's direction.

It's A Still

Under Naval Shipyard Workbench

By JOE BARRY — A Navy serviceman and his wife have been working on a project under the shipyard. They are building a small boat and have been working on it for several months. The couple has been using old parts and salvage items to build the boat, and they are planning to launch it into the water soon.

Basket panel producers will reach the moon and establish colonies there during the coming generation. They'll get there only after quitting smoking.

Democracy is running against the recession. Republicans are just getting started.

The new activities and student organization Headquarters Committee will begin their survey report on athletics on Monday.

Questionnaires will be mailed to all sports units on campus and will be returned to Beman, Room 54, Quadrangle, by Nov. 22.

The questionnaire asks these students to write in their activities, community participation, and their suggestions to improve student participation and team spirit.

From patrons, El. Cedar Rapids, is a note directing the organization any student wanting to help may call El. Cedar Rapids, Room 54, Quadrangle.

Miss Freund and Benzon will like a note reading as follows:

"We plan to talk in students between 11 to 11:30 this week. It would be a great opportunity for anyone interested in the activities and student participation to come and support us for this meeting."

The committee's purpose is to improve more activities for students at Homecoming and to improve the student participation and community spirit.

STORM BOOTS

The Iowa City Boy Scout Troop 805, in cooperation with the American Legion, is beginning a survey to determine the amount of leg and foot protection required among the students.

In the survey, students are asked to indicate whether they feel they need leg protection and if so, the type of protection desired. The survey is being conducted to determine the amount of leg protection required among the students.

Senior Sign-Up Deadline Today For Yearbook

Sign-ups are being held today in the dormitories in order to determine the amount of participation desired among the students.

The survey is being conducted to determine the amount of participation desired among the students.

Student Designs Rockets To Determine Radiation

By DON HAWTHORN
Staff Writer

A 25-year-old Civilian and engineering student at Iowa State University has designed a rocket which he has figured, constructed, and tested on the campus in order to start a similar rocket club here. The rocket, named the PII!le! D~L, is 6 feet in length and 2 feet in diameter. It is a 0.612 caliber safe rocket and contains enough explosive to destroy a building.

On its first flight this past week, the rocket, after 3 minutes of flight, was sighted in the town of Fort Collins, on Utah.

In addition to the rocket club, there are an estimated 100 students working on rockets on the campus this year. The rocket club is the only rocket club in the state, and the only one in the state to have a rocket club.
Student Wants To Return To Yugoslavia As Diplomat

By ANN HARRINGTON
Staff Writer

The second world may be no
paradise, according to Zdenko
Slanic, a self-styled diplomat of
comparatively young years. His
world, it should be noted, is the
former Yugoslavia itself. Slanic
is planning a return to his
native land after a tour of the
United States.

"I was born in Yugoslavia, but
I have not been there for the
last 15 years," Slanic said.
"I have
been to the United States and
France for my education, but
now I want to go back and see
what my people have been up
to."

It is a commonplace of
diplomacy that the best
diplomat is a native of the
area he is representing. Slanic
seems to fit that description.

12 Miners Tell Story Of 6-Day Entombment

Fort Dodge - Two Poulsbo miners and a
member of the International Union of
Mine, Mill and Smelter Workers were set free
yesterday after being entombed for six days
with 104 others.

According to the Laurentian newspaper,
the miners were rescued by divers who
found their way in through a tunnel formed by
earth in the mine.

The miners said they were挖掘
through the earth to escape from
the mine when they were entombed.
