Post Game Party
The Post Game Party in the State League of the State Memorial Field will not include a competition rally for the ISU football team, according to University Student Body President James R. Udall. "The cost was excessive," Mr. Udall said. "We would like to have a celebration for the students but we just don't have the funds to do it now."
Thanksgiving Day game between Notre Dame and Michigan State will be carried on NBC National TV Football. Just like the two half hour games, the Notre Dame-Michigan State game will be telecast starting 12:30 p.m. EST.

Two years ago when we played Oregon State, they couldn't sell all their tickets and they had 'em on the roofer, too,' said Brechler. And Brechler said that the Blue Devils couldn't sell more than 10,000 of their 40,000-seat stadium.

During 11 of the last 12 years, more than 100,000 have attended the Big Ten game. The one exception was 1961 when the conference sold 99,389 tickets to the Michigan State game in East Lansing. Nevertheless, Brechler said his school planned to make $200,000 from its game.

It is not the first time the conference has asked the public to pay Special Exhibition fees. The Big Ten has asked for them in each of the last four years to help finance the conference.

Michigan, Ohio State and Nebraska are the only Big Ten schools that have never asked to pay exhibition fees. Illinois, Northwestern, Minnesota and Purdue will probably ask for them, Brechler said.

Mrs. Smith Explains Ticket Situation for Rose Bowl

Iowa athletic director Paul Brechler, who attended several games covering the Rose Bowl, was asked to explain the situation.

The Iowa athletic director said he was not entirely happy with the Rose Bowl.

U.S. Nearing Success On Atomic Plane

The Department of Defense recently announced that it is making progress toward achieving a breakthrough in atomic plane technology. This comes after years of research and development in the field of nuclear propulsion.

The development of nuclear-powered aircraft promises to revolutionize air travel, offering increased speed and range. However, there are still several challenges that need to be addressed, including safety concerns and the technical feasibility of such technology.

One of the major breakthroughs in recent years has been the development of high-efficiency reactors that can provide the necessary power for long-duration flight. The design of these reactors is still in the early stages, but there is optimism that they will become a reality in the near future.

Overall, the progress being made in this field is a testament to the ingenuity and determination of the scientists and engineers working towards this goal. The potential benefits of nuclear-powered aircraft are significant, and it is to be hoped that this technology will be available in the near future.
Virginia Flag Replaces U.S. Colors Over Capitol

RICHMOND, Va. (AP) — Gov. Lindsay Almond said Thursday that Virginia will replace the United States flag that had been flown from the base of the Virginia flagpole atop the state capitol building here with the Virginia state flag.

Citing legal requirements, Almond said he had engineers studying the Virginia flag before they decided to replace it with the American flag. He said the U.S. flag had been taken down and replaced several times in recent years when the Virginia flag didn't hold up to weather conditions, and he thought it would be prudent to consider replacing the Virginia flag with the American flag.

The new flag will be flown on top of the Virginia flagpole, and the Virginia flag will continue to fly to the right of the American flag. The Virginia flag will also fly on the Virginia flagpole, and the American flag will fly on the American flagpole. The Virginia flag will be flown on the Virginia flagpole, and the American flag will fly on the American flagpole.

2 Film-Lectures Slated For Sunday By Mountaineers

Two film-lectures, "Hell's Canyon Country," and "Mountaineer" by Almond, are scheduled for Sunday in Mountaineer Auditorium under the sponsorship of the Student Mountaineers.

The films will be narrated by Almond, who will also act as the master of ceremonies. The films will be shown at 2:10 p.m. and 7:40 p.m.

The public is invited to attend the film-lectures. Tickets will be sold at the door for $1.50.
