**Discoverer In Orbit; Plan Capsule Snatch**

WASHINGTON, D.C. — The Air Force said it was going to recover the capsule of the first man in space "as soon as practical" early Thursday.

The Air Force satellite, which took off from Cape Canaveral, Florida, at 9:17 a.m. EST Wednesday, is the first to be landed on the earth's surface after it had been in orbit for several days. The capsule, carrying a dog, was launched from the Cape Canaveral spaceport in Florida.

The capsule is equipped with electric equipment and is expected to be recovered within a few hours. The Air Force has not released any details about the capsule's mission or its payload.

The two leaders will be discussing the current political situation and the prospects for peace in the Middle East.

**Figures Show Rising Prices, Wages, Profits**

**New York** — Figures released Wednesday show that prices and wages are rising, while profits are falling.

The figures indicate that the cost of living is rising faster than wages, which is resulting in a decrease in the standard of living for many Americans.

**Great Effort Toward Strike Settlement**

The Air Force said it was going to make a great effort toward settling the strike at the Discoverer satellite company in the near future.

The Air Force has been in negotiations with the company for several weeks, and has made several offers to settle the strike.

**Cool, Real Cool**

**RICHMOND, Va.** — The Air Force said it was going to conduct a survey of the satellite's orbit to determine its effect on the atmosphere.

The Air Force has been monitoring the satellite's orbit since its launch, and has been concerned about its potential impact on the atmosphere.
2 Die When 'Copter Burns On Carrier

WASHINGTON (AP) — A U.S. Navy helicopter crashed on the flight deck of the USS Iwo Jima Wednesday, killing two men. The cause of the crash was under investigation.

The helicopter went down near the rear of the ship in the Pacific Ocean, about 100 miles west of Bermuda, according to the Navy.

The helicopter was an AH-1W SuperCobra, a twin-engine helicopter used for close air support.

The identities of the two men who died were not immediately released.

The Iwo Jima is currently conducting operations in the western Pacific as part of the Navy's ongoing deployment.

Momo, Killed By Airplane Crash In Spain

BARCELONA (AP) — An airplane carrying five people crashed into the side of a mountain Wednesday, killing all five on board, officials said.

The plane, a small twin-engine turboprop aircraft, was en route to the island of Majorca from Barcelona when it went down.

The crash site is located on a steep, rocky hillside near the town of Sant Llorenç de Cardassar.

The identities of the passengers were not immediately released.

Moratorium Urged To Be Vigilant As Schools Open

DES MOINES — State education officials warned students Thursday to be cautious as they return to school.

"We're asking everyone to take extra precautions, especially in crowded areas," said Dr. John Lesh, Iowa Department of Education. "We're seeing a spike in COVID-19 cases, so it's important to stay vigilant.

The state has seen a recent increase in positive cases, largely among young adults.

"This is a critical time for us as we reopen our schools," Lesh said. "We need everyone to do their part to help keep our communities safe.

The state is urging all students and staff to wear masks, practice social distancing, and wash their hands frequently.

Daily Iowan To Grow With...

University Expansion Saturday

Saturday's edition of The Daily Iowan will be a little larger than usual — 1,000 pages larger to be exact. That's the day the Iowan turns 125.

After 125 years of publication, the paper will be a special edition to celebrate the university's past, present, and future.

The issue will feature a number of historical highlights, including coverage from past Iowan issues, and will also include a special section focusing on the university's current and future plans.

Cracks In Heather Dam

The dam is a crucial element of the irrigation system, providing water to the fields. However, a recent inspection has revealed that the dam is experiencing cracks, which are a potential risk for the safety of the reservoir.

Rock Slide Blocks Canyon

An asphalt road in the canyon is currently closed due to a rock slide that occurred on Tuesday.

Officials estimate that the cleanup process will take several days, as the slide has caused significant damage to the road infrastructure.

The area is popular among hikers and nature enthusiasts, but the road is currently closed to all vehicle traffic.

For more information, please contact the local authorities.

Guard To Be Erected By SUI's Burford

A security fence will be erected around the Burford residence hall, located on the SUI campus.

The fence is part of a comprehensive security plan to prevent unauthorized access to the hall.

The university has been receiving an increasing number of complaints about break-ins and thefts, particularly at night.

The fence will include a fence gate that will be locked at all times.

The university hopes that the fence will help deter potential intruders and ensure the safety of the students.

University Bulletin Board

The university will be hosting a series of workshops and seminars this month, all focused on student success and well-being.

The dates, times, and locations of the events will be announced shortly.

For more information, please visit the university's website or contact the Office of Student Affairs.

Hold Youths At Larceny Charges

Two Iowa City youths are being charged with larceny, after allegedly stealing a car from a local dealership.

The youths, both 16 years old, were arrested on Wednesday after a car was stolen from the dealership parking lot.

The car was recovered a short time later, and the suspects were apprehended.

They have been charged with first-degree theft and are currently in custody.

For more information, please contact the local police department.
