

Flaming Dolphins

With backs flaming, two Dolphins take off from a diving platform 40 feet above the Field House swimming pool during the 41st annual presentation of the Dolphin show titled "Nero's Nightmare." The show

features swimming and gymnastic performances by both SUI and professional performers. Two shows are scheduled for tonight.

Homecoming!!!

Up in Smoke . . .

The 41-foot Homecoming monument, "Top of the Crop," built by engineering students, will go up in smoke after the Iowa-Indiana game this afternoon.

The monument, located just west of Old Capitol, was designed by Darrell Roegner, 1634 E. Court St., and was constructed during the last two weeks.

Introducing . . . Miss SUI

Joeth Mannebach, 20-year-old junior from Glenview, Ill., was crowned 1963 Miss SUI after the Homecoming parade Friday night. Miss Mannebach will be presented, with her court, at the Indiana-Iowa football game this afternoon and will be guest of honor at the annual Homecoming dance in the Memorial Union this evening.

Flying Fullback

Rugged action, featuring Fullback Bobby Grier and other Iowa and Indiana players, can be seen this afternoon on the Iowa Stadium gridiron. The Hawkeyes will be looking for their second consecutive victory. A special halftime show will be presented by the SUI and Indiana marching bands.

Dancing Drummer

Highlighting the SUI Scottish Highlander's Homecoming half-time show is the drum dance, being performed by Lynne Hohenshell, A4, Boone. Holding the drum are, left, Elaine Higgins, A3, Lake View; Jana Peterson, A3, Sioux City; Sue Warren, A3, Humboldt; Kathleen Matt, A3, Coralville; Carmen Andrew, A2, Iowa City; Sue Schafer, A3, Iowa City and (hidden) Donna Rogers, A2, Elgin, Ill.

The Daily Iowan OBSERVATIONS AND COMMENT

Page 2 SATURDAY, OCT. 12, 1963 Iowa City, Iowa

Holiday article gives fair picture of SUI

CALVIN KENTFIELD very nearly accomplishes a tour de force in his article on the University in the current issue of *Holiday*. His kaleidoscopic view of the campus and the people who inhabit it is something more than loose fragments of colored glass.

The stock shock vignettes are present, but there isn't a trace of the gall that some other departed writers have emitted. The general tone is one of gaiety — Homecoming a year ago, its sights and sounds. Through the diverting screen of such flimflam, however, we are permitted to see some of the important things about the University.

The Writers' Workshop, Paul Engle and Baldwin Maxwell come in for their deserved praise, but they are joined by James Van Allen, Alexandre Aspel, William Bean, Gustav Bergmann, Mauricio Lasansky, Humbert Albrizio, Ignacio Vives Ponseti and Hunter Rouse.

It seems certain Kentfield would not limit his praise to his list of distinguished University figures, and it should be readily apparent to the national reader that the University is something more than an agglutinate mass of students-faculty-townpeople in a hot-cold Midwest community.

Welcome, alums—to the SUI revolution

WELCOME, ALUM, to a campus revolution.

Don't listen for the thunder of cannon or screams of rioting students. Don't look for blood in the streets or bodies hanging from gallows.

Look instead for the scaffolding that will be new classrooms, for the gaping holes in the earth that will be the foundations of new University buildings and additions, and for the new structures which have arisen since last year. Look for the Clinton Street temporaries — those ugly "temporary" structures of World War II vintage which were threatening to become permanent — and discover that they aren't there; a new business administration building will soon arise in their place.

Look for the students walking over the same Pentacrest you walked over and see that there are nearly 13,000 of them now. They're the reason for the revolution. By 1970 there will be 19,000 of them. More construction — and therefore more funds — will be needed to house and educate those fomenters of revolution.

We're proud of our revolution. It's providing the scientists, the professional men and women, and the creative genius that's needed to cope with and continue another revolution: the American Revolution of Knowledge.

And that's the kind of revolution we can't afford not to support.

Fate of Dragon Lady

Representative Wayne Hays of Ohio told Congress earlier this week that Madame Nhu insults U.S. servicemen by calling them "spectators" of the battle in Vietnam. He suggests if this is true we should get them into a less dangerous spectator spot.

He further suggests that this "comic strip Dragon Lady" should not have been allowed to even enter this country to insult us so. Now that she is here it looks as though there is only one thing left to do. Treat her as we did Khrushchev and make Disneyland off-limits.

What worse fate for a "comic strip character"?

Northwestern pep club provides no cheers

By JON VAN
Editorial Page Editor

Ah, pep lovers, we have an item for you from the Northwestern Daily: "No cheering crowds of

jubilant students turned out at Dyche Stadium Saturday to meet the Wildcats on their return from Northwestern-Indiana game.

"Only about 30 people and the marching band gathered to welcome the team home

"But then the Pep Commission says it had not planned a reception for the Wildcat gridders, win or lose."

It's really hard to imagine such an ineffectual pep group, isn't it?

At the University of Kansas the students completely packed the Ballroom at the Union. Did they go to hear a big name band? No, just a debate on modern morals and the Christian ethic.

SUI should take the clue. If Maynard Ferguson doesn't draw a big crowd this year at Homecoming, next year let's get an authority on modern morals to give a speech. Christine Keeler maybe?

At the University of Wisconsin they are organizing a "Collegians for Goldwater" group. Its purpose is to "draft Goldwater" — rather an odd idea. Doubt that they'll be successful since Barry has already fulfilled his military obligation. He was an Air Force officer; he's too old to be drafted anyway.

The University of California, in

Berkeley, reports "a new batch of highly valuable man-made atoms have been separated in the University's Lawrence Radiation Laboratory."

It is odd they would publicize such separation, next thing you know someone will be picketing them for discrimination or something.

Meanwhile when the new University of California, at Santa Cruz, opens its doors in two years, they have big plans. Chancellor Dean E. McHenry says he plans to eliminate some of the conditions found on many other campuses. The study load will be too great to permit students to hold outside jobs. Students may have cars, but there will be no lots provided for parking them. Finally no married student housing will be provided for undergraduates.

McHenry hopes this program will discourage undergraduates who have plans of marriage. It sounds as though the test-ban treaty inspired this one — he wants a moratorium on the population explosion.

The Daily Cardinal carries a story about an article written by David Boroff, New York University English professor, regarding the role of the Student Union in the University.

He praises the University of Wisconsin for the fine intellectual atmosphere of its Union. "It is very important," he writes, "not to let the Union be captured by anti-intellectual elements." This is true. The Teamsters did and were kicked completely out of the AFL-CIO for it.

Young Republicans at the University of Texas have passed a resolution challenging the

On Other Campuses

Young Democrats there to make public the number of paid up members they have.

Don't know what significance this has for Texans, but if the YRs here did such a thing it could be embarrassing. It seems half the paid up Democrats are trying to impeach the other half.

If a student misses the Founder's Day Convocation at Bradley University, his grade point is lowered by .1 — sounds like an idea the Pep Club might try for its rallies.

"Iowa State placed first among 29 land grant colleges at the National Intercollegiate Daily Cattle Judging Contest in Waterloo Monday," writes the Iowa State Daily.

Congratulations! It is no wonder their nickname up there is "Moo U."

Also from the Daily comes this remorseful piece: "The student who 'borrowed' the Memorial Union's Iowa flag is encouraged to return it as soon as possible. Don Stevens, director of the Memorial Union, has announced that no questions will be asked if the flag is returned."

Of course if the flag isn't returned there'll be plenty of questions asked — only thing is there won't be anyone to answer them.

A Center for Research in Water Resources was recently established by the University of Texas. The director of the new center

told The Daily Texan "The future development and growth of Texas in part is related to the amount of water, the quality of water, and the development of water supplies."

Shucks, pard'ner — I always thought it was oil they studied down there.

Editors Richard Rubacher and Ernest Barry of the Campus Voice have vowed their controversial magazine shall continue to be sold at San Jose St. College in California.

They were forced to quit selling the magazine there recently because they had no vendor's license. The magazine has recently

been criticized for its use of obscene language. The two have threatened to stage a "sit in" in the office of the president of the university if they are not allowed to peddle the magazines.

To this unlucky pair is dedicated the following limerick: "Obscenity" may seem a joy But its use is not that of a toy In print it's no good Unless well understood That your title must read the "Playboy"

A tear gas bomb was set off by an unknown vandal last Saturday at a campus-wide function held at Iowa State. It was ISU's Campus Chest Blast — even though it was a "blast" the police didn't feel a bomb was necessary.

Down in Austin, Texas, the Junior Chamber of Commerce is trying to raise over \$9,000 to buy

the remaining tickets to the Texas-Oklahoma football game so the game will be a sell-out. This will allow the televised showing of the game in Austin.

The members of the Austin Citizens Band Radio Club are even going out to homes of people who call in to make contributions. Everyone is excited.

Isn't it wonderful to sit back in the comfort of your own living room and watch the home team play on television? — no bother, no worries, just flip the dial. Much simpler than all the trouble involved in buying a ticket and going to the game in person.

Students are organizing a "Mock Republican Convention" at the University of Louisville. It sounds like a good idea, but what will the Republicans think of all these students having a convention just to mock them? It seems almost unkind.

Strawn's charges called 'weak'

To the Editor:

From the daily accounts of this newspaper, I feel Mr. Strawn has yet to substantiate his charges against Mr. Niemeyer. The "accuser" seems to be speaking in glittering generalities and not specific facts. With such weak and general evidence I cannot be persuaded to Mr. Strawn's cause, and I challenge him to present more facts publicly from YD records — especially Mr. Niemeyer's uncooperativeness with the state organization.

Not only has Mr. Strawn embarrassed himself by presenting his case with insufficient evidence, but he has harmed the name and reputation of the SUI Young Democrats. I feel in the eyes of a number of students, some of whom might be prospective members, our group is visualized as one fighting among themselves. Certainly the overall student attitude is

not as favorable as it could be. He has created a negative attitude toward Mr. Niemeyer. This attitude tends to stereotype the YD's as a group that is concerned with issues within the organization itself and not other political issues. Furthermore, this incident will be long-lived in the minds of students.

Certainly Mr. Strawn could have used a better method in presenting his charges if they are factual. Impeachment is always the most extreme method of making charges.

Since Mr. Strawn did not exercise good judgment in using this method and in creating an undue amount of unrest, it seems obvious to me he is incompetent to remain in office and he either should resign or the membership at large should remove him.

Ditch Cave-In Here Fatal To Leo Lewis

A ditch cave-in killed a 51-year-old Iowa City man shortly before noon Friday.

Leo J. Lewis, 1821 I St., was digging a ditch to connect the sewer line to the house at a construction site in the 1100 block of Spruce St. when the ditch caved in, packing him in hard clay.

Hearing a moan from the area, Gary Crowley, 23, 1129 E. College St., another worker at the site, ran to the ditch, saw what had happened and called the Iowa City fire department.

Crowley and a neighbor, W. C. Jarwick, 1119 Pine St., began digging in an effort to rescue Lewis. They were assisted by firemen.

Lewis was pronounced dead at the site by Johnson County Medical Examiner George D. Callahan at 11:50 a. m.

Lewis, machine operator for J. C. Sterba Company, is survived by the widow, five children, two grandchildren, one brother and two sisters.

Services will be Monday at 2 p. m. at Donohue Mortuary. Rev. Roy Wingate, pastor of First English Lutheran Church, will officiate. Burial will be in Memory Gardens.

Leaves Granted For 3 SUI Profs

Leaves of absence for three SUI faculty members were approved by the State Board of Regents during their meeting in Iowa City Friday.

Leaves were approved for Professor Don Lewis of the Department of Psychology, Professor Emeritus W. Leigh Sowers of the Department of English, and Associate Professor Charles E. Cooper of the College of Education.

Professor Lewis will leave in February for Australia where he has been granted a Fulbright Senior Lectureship in experimental psychology at the University of Sydney. He will be accompanied by his wife. They will remain in Australia until the beginning of the second semester at SUI in February, 1965.

While in Australia, Professor Lewis will renew acquaintance with Richard A. Champion, former SUI graduate student in psychology, who is now an associate professor at the University of Sydney.

The leave for Professor Sowers is an extension for another academic year of a current leave.

Professor Cooper has been granted a leave of absence to conduct research in the field of educational practices in public and private schools and related areas.

FAIR

Fair through tonight. High today in low 80s northwest to upper 70s southeast. Further outlook — Sunday fair with little change in temperature.

Agree to Refinance Dorms—

Regents Award Contracts

The State Board of Regents Friday decided to sell \$16.5 million in revenue bonds to refinance the dormitory debt at SUI, awarded contracts for the construction of a Physics Research Building, and approved proposals for another building expected to provide additional classroom space for 1,650 students.

The proposed dormitory expansion created by increased enrollments bond issue would be used to refinance the existing debt of more than \$11 million and provide funds for projects already approved.

Paul D. Speer, Chicago financial consultant, was engaged to study the matter and offer recommendations. His recommendations were the ones adopted Friday.

Speer told the regents that to attempt to place bonds totaling \$38 million for SUI, Iowa State University, and the State College of Iowa on the market at one time would call for a penalty interest rate.

The SUI revenue bonds will be sold in Des Moines Dec. 12. Speer estimated that the interest rate would be no higher than 3.75 to 4 per cent. They will 40-year bonds.

In addition to the SUI total, Iowa State has about \$16 million and the State College about \$6 million in existing debts and planned building. Speer recommended that the SUI bonds be issued first because it is the best known of the three institutions, its planning for new buildings is farther along, and its existing debt and revenues are higher.

Contracts for the Physics Research Building totaled \$1,431,440. The new facility is the last project to go under contract among eight major SUI Buildings for which funds were granted by the Iowa legislature in 1961.

To be located along Jefferson Street west of East Hall, the building will have a basement floor and six floors above ground, and will be connected to the Accelerator Building, which will house a 5.5 million volt nuclear research device.

Included in those floors will be office space for 35 senior staff members, and 70 graduate students, plus a library and five rooms for conferences and seminars. Fixed equipment totaling \$150,000 will be installed.

The building will also include 35 laboratories for research projects in space science, high energy physics, solid state-low energy physics, and other research projects.

Because bids for the construction phase of the building were lower than expected, the University is seeking authorization from the Regents to negotiate with low bidders for one or two additional floors.

Another building proposal which received approval will provide classroom space for 1,650 students, a new home for the Department of English, and perhaps for another academic area such as history.

Along with the English Department, the Writers Workshop and Comparative Literature program will also have teaching and administrative space in the proposed building.

Made possible by funds appro-

riated by the 1963 legislature, the new structure will be built near the north end of the parking area west of the library.

The proposed structure consists of a five-story, air-conditioned building in the shape of a "T."

Film Festival Begins Sunday

Sunday evening marks the beginning of a Film Festival, featuring "Under the Black Mask," a documentary on contemporary African art, at 7:30 in Shambaugh Auditorium of the University Library.

The series is sponsored by the United Campus Christian Fellowship as a benefit to help send students to the National Student Christian Federation Quadrennial in Athens, Ohio, during Christmas vacation.

Other films in the series include Ingmar Bergman's "Sawdust and Tinsel," Henning-Jensen's "Ditte, Child of Man," Noel-Noel's "Spice of Life," Steinbeck's "Grapes of Wrath" and Bernanos' "Diary of a Country Priest."

Sheriff's Deputies Seize Liquor in Raid

CLINTON — Sheriff's deputies raided Milly's Tavern six miles northwest of Clinton on Highway 36 Friday night.

The officers reported they seized three bottles of liquor in the tavern, operated by Milly Vorbeck.

No arrests were made, but the officers said they would turn the evidence over to Clinton County Attorney Simon Rasche for a determination of charges to be filed. They said the tavern has no Class C liquor license under Iowa's new law legalizing the sale of liquor by the drink.

A warrant for the raid was issued earlier by the Clinton Municipal Court.

Indiana Game Highlights Big SUI Day

Gershwin Music At Half To Honor University Coeds

SUI's Big Day has finally arrived after months of diligent preparation and the combined effort of students and administration. Welcome to SUI's 52 Annual Homecoming.

Today's game with Indiana is expected to be viewed by at least 56,000 fans (if weather predictions are right, the crowd might be bigger). The game's fever will be punctuated by half-time activity honoring the American co-ed, to the tune of George Gershwin's famous themes.

Before and after the game, alumni and other guests will be entertained at coffee and social hours all over campus including the Union and many Greek houses.

During the half, the Hawkeye marching band will be joined by the "Hoosier Hundred," Indiana's band and the Scottish Highlanders.

SUI's Marching Band will play concert arrangements of "American in Paris" and a special "fisherman" formation will be accompanied by "Summertime." The band's show closes with a drill routine of "I Got Rhythm."

The Indiana band will adapt music from "West Side Story" to an American co-ed theme. Accompanying music will include "Maria," "Something's Coming" and "Tonight."

The Highlanders' program will be accented with a sword dance by Margaret Doolittle, A3, Madison, Wis. Drum Major Carolyn Rabe, A4, Manchester, will lead SUI's 75 lassies through a series of "street beat" drills, including the progressive "wave formation" — performed for the first time in the Iowa stadium.

The world this morning

ALGIERS — Rebel Berbers and Algerian army forces clashed in open battle Friday. While the Berbers gave ground, rebel chieftain Hocine Ait Ahmed called for war throughout the new nation against President Ahmed Ben Bella's regime.

The shooting followed to days of oral sniping.

NEW YORK — The United States traded two accused Soviet spies for two Americans imprisoned by the Russians, one of them for the last 23 years.

The Americans were the Rev. Walter Cizek, 59, a Pennsylvania-born Roman Catholic priest, who was arrested in the Soviet Union in 1940 for espionage and who spent years in Siberia, and Marvin W. Makinen, 24, a former Fulbright scholar from Ashburnham, Mass., sentenced to eight years in Kiev for espionage.

The Russians, who were to be flown out of Idlewild Airport late Friday night, were Ivan D. Egorov, 41, Soviet-born personnel officer for the United Nations, and his wife, Aleksandra, 39.

It was the second big Moscow-Washington spy trade in less than three years.

12,923 Makes SUI Record For Tenth Straight Year

President Virgil M. Hancher announced Friday that final enrollment at SUI this fall is 12,923 students, a record for the University.

The figure compares with 12,114 students in residence a year ago, and it marks the 10th straight year in which actual enrollments have exceeded projected enrollments, he told the State Board of Regents. Estimates revised in April, 1962, placed the 1963 enrollment at 12,200.

This fall there are 8,289 men and 4,634 women at SUI; a year ago these figures were 7,801 and 4,313, respectively. The number of veterans in the student body continues to fall, and now stands at 140 compared with 203 in 1962.

SUI's 1963 enrollment by college is (1962 totals follow in parentheses):

Business administration, 465 (401); Dentistry, 261 (261); Engineering, 494 (515); Graduate, 2,780 (2,721); Law, 413 (350); Liberal Arts, 7,280 (6,853); Nursing, 429 (414); Pharmacy, 170 (158); Medicine, 631 (441).

This year for the first time the 197 interns and residents in the University Hospitals are included in the College of Medicine enrollment in recognition of the teaching load they represent to the college. All University Hospitals are teaching hospitals, and their clinical departments are headed by professors in the College of Medicine.

The largest of the SUI colleges, Liberal Arts, has 3,925 men and 3,335 women students this fall. The class sizes are 1,178 seniors; 1,777 juniors, 1,746 sophomore, 2,471 freshmen, and 108 unclassified.

Alpha Xi's, Pi K A's Win Float Award

Peanuts Theme Takes Sweepstakes Award in Parade

Joeth Mannebach, A3, Glenview, Ill., was crowned Miss SUI at the Pep Rally following the Homecoming parade Friday night and "Happiness is Homecoming" won the sweepstakes award for Alpha Xi Delta sorority and Pi Kappa Alpha fraternity.

With glistening eyes to match her crown, Miss Mannebach said, "Thank-you all and especially thank-you Chi O's." She is a member of Chi Omega sorority.

Members of Miss SUI's court are Maryann Rudd, A3, Rock Island, Ill., Gamma Phi Beta; Linda Rae Nyquist, A3, Rockford, Ill., Kappa Alpha Theta; Elsie Andrews, N4, Marion, Westlawn; and Nancy Brown, A2, Chicago, Ill., Pi Beta Phi.

Miss SUI and her court will be presented during half-time during the Homecoming football game today.

In addition to winning the sweepstakes award, Alpha Xi Delta and Pi Kappa Alpha also won the Kiwanis award for the best float entered by a fraternity.

The sweepstakes float depicted the comic characters, Linus with his blanket, Peanuts and Snoopy the dog, among others.

The first place award in the humor category went to Sigma Delta Tau sorority and Phi Epsilon Pi fraternity. Their theme was, "We've Got 'De-Feet Locked Up."

Second place in humor went to Phi Gamma Delta fraternity and Alpha Phi sorority with the theme, "Iowa Won't Clown Around."

Kappa Kappa Gamma sorority and Delta Upsilon fraternity took first place in the Originality category with the theme, "Stomp Out the Hoosiers." Second place went to Pi Beta Phi sorority and Sigma Alpha Epsilon fraternity. Their theme was, "Like Beat Indiana."

The first place Beauty award was won by Alpha Delta Pi sorority and Sigma Pi fraternity. Their theme, "Another Taylor-Made Victory," depicted a Roman theme with Anthony and Cleopatra wrapped in each other's arms. The float was pulled by 12 Roman "slaves."

Second place in Beauty was awarded to Chi Omega sorority and Sigma Chi fraternity with the theme, "Who's Afraid of the Hoosiers."

The Elks award for the best dormitory float was won by South Quadrangle who built their float with Wellman House of Burge Hall. Their theme was "Take 'Em for a Ride."

The parade was followed by a pep rally where the speakers were President Virgil Hancher; Athletic Director Forest Evashevski; Jonathan Fletcher of Des Moines, president of the Board of Control of Athletics; Coach Jerry Burns; and team co-captains, Wally Hilgenburg, A4, Wilton Junction, and Paul Krause, A4, Flint, Mich.

Free Meters Available To Public at 12 Today

Iowa City Police Chief Emmett Evans announced Friday that parking meter regulations will not be enforced after noon today to eliminate some of the football parking problem.

He said that the ruling will be in effect for every day of a home football game this season. The new rule is designed to encourage fans to park on the east side of the river and walk to the game.

Evans repeated the warning given two weeks ago — that Iowa Citizens should not attempt to drive to the game.

"To eliminate a terrible bottleneck situation on Dodge and Burlington streets, fans entering Iowa City from the east should use Highway 6 instead of Interstate 80," Evans warned. He said that the traffic at this point was so heavy after the Iowa-Washington game that the streets were not clear until two and a half hours afterwards.

"We are expecting a real big crowd for the event today but I hope that everything comes off smoothly," Evans remarked.

The largest public parking lot is the one operated by the I-Club located north and west of the football practice field. Drivers are asked to use the Newton Road and Highway 6 to enter the lot.

There will be a \$1 charge for parking in the lots around the stadium and the I-Club lot.

A total of 48 city and campus police will be on duty to direct traffic through downtown areas and around the stadium. In addition, 20 Pershing Riflemen and 16 parking lot men will assist at lots around the stadium. Those intersections between Cedar Rapids and Iowa City will be patrolled by about 75 highway patrolmen.

Wolf Ave. will not be open to the general public. However, press and official cars and residents of Stadium Park will be admitted on the Newton Road entrance.

Finkbine Residents Need Proof

Residents of Finkbine Park and their guests are the only persons permitted to park in the Finkbine lot on the afternoons of football games according to an announcement by the Office of Married Student Housing.

A patrolman stationed at the gate of the Park has been instructed to let in only persons having some sort of identification which proves they are residents of Finkbine Park.

Finkbine residents must register their guests in the Married Student Housing Office. A list of the guests, the name of their hosts, and the make and model of their car is given to the patrolman on duty. Only those on the list will be permitted to park in the lot.

Soviets Block Army Entrance into Berlin

Berlin — A dozen armored personnel carriers and 100 Soviet soldiers in combat gear Friday blocked entry into Berlin of a U.S. Army supply convoy despite strong American protests. It was later released.

The inbound convoy had been harassed first when it entered the west terminal of the autobahn at Marienborn at 9 a.m. Thursday. The flareup was the most serious in U.S.-Soviet confrontation since Oct. 26, 1961.

Faculty and Staff Income Tax Deferment Plan Is Approved

An optional plan to defer income taxes on employee contributions to the funded retirement program of Regents Friday.

The board acted on President Virgil M. Hancher's recommendation that such a "tax deferred" provision be made available to SUI employees beginning next year. The provision was authorized by a 1961 amendment to the Internal Revenue Code within which annuity contributions by a tax-exempt organization are not taxable as current income to the employee owning the annuity.

SUI employees in the funded retirement program may elect to participate in the new plan, which has the effect of postponing the payment of income tax on the employee's contribution to his retirement annuity until the time of his actual retirement.

In order to utilize the new provision, the employee may voluntarily reduce his salary (for payroll purposes only) in return for an additional and equal contribution by the University for purchase of the annuity contract.

Explanatory materials about the new plan will be sent to faculty and staff in the funded retirement program, and Personnel Service is making plans to provide counseling in order to help employees decide whether or not to participate in the new feature to be offered.

Hultman Warns Of Iowa Home Law

DES MOINES (AP) Atty. Gen. Evan Hultman warned a group of Iowa county supervisors Friday that they must obey state law and obtain licenses for their county homes.

After a barrage of complaints from the supervisors, however, Hultman wound up apologizing for the law.

The attorney general, explaining that his duties require him to convey an "unpleasant message," ended his warning by telling the supervisors:

"The duty is on the county — and that means you — to get the county homes licensed."

Names for Fellowships Are Now Being Taken

Nominations of candidates for the 1964-65 Woodrow Wilson National Fellowships are being accepted through Oct. 31, according to J. Richard Wilmet, campus representative for the Woodrow Wilson National Fellowship Foundation.

One thousand fellowships will be awarded this year to United States or Canadian university students of intellectual promise. Students must be University seniors or recent graduates not yet registered in a graduate school.

Each Fellow will receive \$1,800 and tuition for one academic year, plus allowances for dependents.

Although nominations must be made by the faculty, interested students may discuss the program with faculty members. Nominations are based on the quality of the student's preparation for graduate study, competence in foreign languages and other required subjects such as mathematics, writing ability and experience in research and independent study.

The Foundation primarily supports students in the humanities and social sciences, but science and mathematics majors may be nominated.

Jean Cocteau Dies Friday at 74

PARIS (AP) — Jean Cocteau, many-talented giant of the arts, died Friday at the age of 74.

Cocteau first came to fame as a poet. In his later years, he devoted most of his time to painting. In between he wrote fiction and plays, wrote and directed movies and plays, designed theatrical sets, and created ballets. He also dabbled in journalism and criticism.

He suffered a heart attack in 1954, and another last summer. Friday morning he learned of the death of songstress Edith Piaf for whom he had written a play first performed in 1940.

Zoology Professor Named Director Of Okoboji Lab

Richard Bovbjerg, professor of zoology at SUI, has been named director of the Iowa Lakeside Laboratory on West Okoboji Lake near Milford.

The appointment, which is effective Nov. 1, was approved by the State Board of Regents meeting here Friday for the regular October meeting. The Lakeside Laboratory, a biological field station, is governed by the Regents, who vest the administrative duties in SUI's Division of Extension and University Service.

The laboratory was founded in

1909 under the leadership of SUI Professor Thomas Macbride, and for many years it was supported by University alumni and friends. In 1936 the land and buildings were deeded to the state of Iowa.

Dr. Bovbjerg succeeds Professor Robert L. King, faculty member at SUI for 33 years, after having served as associate director since last January. Dr. King, also of the Department of Zoology, became acting director in 1954 and was named director in 1956. He reaches mandatory University retirement age next July.

WORST FOREIGN POLICY—

SAN ANTONIO, Tex., (AP) — Sen. Barry Goldwater Friday night labeled President Kennedy's foreign policy the worst in United States history and said it invites ultimate disaster for the free world.

KAYWOODIE PIPES

Kaywoodie Super Grain
pipe illustrated \$7.95—
others from \$5.95 to \$25.00.

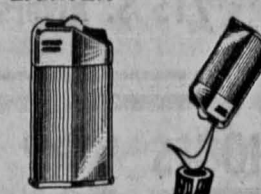

Pipes are today's symbol of the dominant masculine male. They provide all the pleasure of smoking; without inhaling. Kaywoodie is the world's best known pipe. Each bowl is painstakingly carved from rare grained, imported briar. That's why Kaywoodie always smokes cool and sweet. Inside the pipe is Kaywoodie's unique aluminum invention, a permanent filter that screens tars and irritants; condenses moisture; assures a mild, dry, smoke. (Now let's see how much imagination you have)

Ideas on NEW
KAYWOODIE TOBACCO

Imported from Switzerland, it's an exclusive formula of rich, rare Cavendish tobacco blended to perfection for flavor and mildness (underline mildness). Important: It's all tobacco, no "fillers" are used. That's why it burns slowly, evenly, and is easier to keep lit. In special "pocket-pak" only 50¢. (Try your creativity on this one and see what you come up with)

Facts about NEW
**KAYWOODIE BUTANE
LIGHTER**

Specially designed—it's the world's finest butane pipe lighter. Upright for cigars and cigarettes. Tilt for large soft flame for pipes. Easiest way yet to keep your pipe lit. Only \$3.95 with free miniature Butane Injector—Refuel Cartridge. Guaranteed for life. (You take it from here)

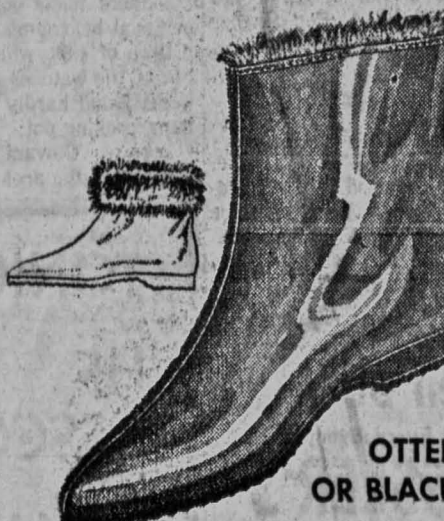

HERE'S ALL YOU DO —Write any size ad, large or small. You don't have to draw, just describe whatever you want illustrated. The contest ends December 31, 1963. Decision of the judges is final. A two-pipe set will be awarded to the best ad on your campus. 4 runners-up will receive a Kaywoodie pipe or lighter. These ads will then compete against the winners from other colleges for a grand prize of a \$100 matched grain, five-pipe set. Everyone who enters receives a package of Kaywoodie Tobacco. This contest is subject to all federal, state and local laws and regulations. All entries become the property of Kaywoodie Pipes, Inc. Send entries to Kaywoodie, New York 22, Dept. CU.
