United Snates Senator
and former University of Iowa basketball player

Dr. Bunch is impressive. There is no question about it. He is the perfect epitome of the academic and athletic type—a man who is equally at home on the basketball court and in the classroom. His dedication to both pursuits is truly remarkable.

He is a true role model for young people everywhere, and his influence will continue to be felt for many years to come. We are fortunate to have such a brilliant leader in our midst, and I believe he will go down in history as one of the greatest to have ever graced the halls of the University of Iowa.

**Michigan Scout Warns About Iowa Defense**

The Michigan scout said today that Iowa's defense is much better than their record would indicate. He warned that Michigan must maintain and even increase the tempo of their previous two weeks play against Northwestern and the Illini if they hope to be successful this weekend.

Eml Coach Nelson, who scouted the Hawkeyes against Minnesota, reported that the offense will bring in a strong and mobile line to start.

"They're the kind of team that they get you on the run, and once you start running, you're in danger," the coach said.

"They have a lot of fast players, but they're not a big team. They're more of a speed team than a big team. They have some good linemen, but they're not overpowering." Nelson added.

The Hawkeyes' defense, on the other hand, was described as a "strong and fast" unit. Nelson praised the likes of Bill Smiley and Jim Hargrove, who scored two touchdowns against the Minnesota offense.

The game is scheduled for Saturday at 2:30 PM, at the University of Iowa Memorial Stadium in Iowa City.
Iowa City-Coralville Merger of Schools Debated by Panel

The intensive, heated debate that has accompanied the Iowa City-Coralville school merger plan reached a climax last night as 200 people turned out at a panel discussion sponsored by the Iowa City Community Panorama. The meeting, which was expected to last several hours, was scheduled to be broadcast on local television.

School superintendents of Coralville-West and West High School in Coralville said the plan would improve educational opportunities for children in both districts.

The Iowa City-Coralville School Board, meeting Tuesday night, was expected to take a vote on the merger plan. The Iowa City school board has already voted to merge the two districts.

The Coralville-West and West High School districts have a combined student population of about 8,000, while the Iowa City school district has about 6,000 students.

The merger is expected to save money and improve educational opportunities for students in both districts.

At the meeting, there was a lot of discussion about how the merger would affect the quality of education in the two districts.

Almost everyone at the meeting agreed that the merger would be beneficial for both districts.

The Iowa City-Coralville School Board is expected to vote on the merger plan on Tuesday night.

Defeat of Shaff Plan Won’t Bring Delay

Defeat of the Shaff Plan will not necessarily delay effective operation of the plan for several months, University President Donald H. Shaff has said.

"The defeat of the plan will not cause any delay in the effective operation of the plan," Shaff said. "The University has already taken steps to ensure that the plan will be effective as soon as possible."
